Sacramento Saga Fifty Years Of Achieveme:

Sacramento and the Catholic Church Steven Avella, 2008-08-22 This work examines the interplay between the city of Sacramento and the Catholic Church since the 1850s Avella uses Sacramento as a case study of the role of religious denominations in the development of the American West In Sacramento as in other western urban areas churches brought civility and various cultural amenities and they helped to create an atmosphere of stability so important to creating a viable urban community At the same time churches often had to shape themselves to the secularizing tendencies of western cities while trying to remain faithful to their core values and practices Besides the numerous institutions that the Church sponsored it brought together a wide spectrum of the city's diverse ethnic populations and offered them several routes to assimilation Catholic Sacramentans have always played an active role in government and in the city's economy and Catholic institutions provided a matrix for the creation of new communities as the city spread into neighboring suburbs At the same time the Church was forced to adapt itself to the needs and demands of its various ethnic constituents particularly the flood of Spanish speaking newcomers in the late twentieth century [Sacramento Motorcycling: A Capital City Tradition](#)

Kimberly Reed Edwards, 2021 In 1913 the merger of the Sacramento Motorcycle Club with the Capital City Wheelmen catapulted Sacramento into becoming one of the biggest motorcycle hubs in the state Cycles roared into town from all corners of California to participate in championship races hill climbs endurance runs and field meets Races teemed with motorcycles of every make and model including Indian Thor Yale Excelsior and Jefferson piquing the interest of prominent merchants city leaders and superior court judges Discover the stories of a transcontinental motorcycle relay a perilous ride through a blizzard to deliver film to network TV and the women who formed a trailblazing motorcycle club Author Kimberly Reed Edwards brings to life the exciting early days of the Greatest Sport in the World in California's capital **World War I and the Sacramento Valley** Special the, 2016-02-08 When the First World War thrust the United States into a dire global conflict the Sacramento Valley was quick to mobilize Many of America's first air units for combat were trained at Mather Field while local farms filled some of the largest food supply orders for the Allies Many women eschewed tradition and joined the industrial workforce at Liberty Iron Works Southern Pacific Railroad and more Though many banded together the region's homefront was not without tension Gripped by xenophobia groups like the Liberty League formed local chapters to hunt spies and local police forced displays of patriotism from suspected German sympathizers With exclusive content from the Sacramento Public Library's Special Collections librarians Amanda DeWilde and James Scott reveal the struggles and triumphs of the Sacramento region during the First World War [World War II Sacramento](#) Special Collections of the Sacramento Public Library, 2018-04-16 Spurred into action by the attack on Pearl Harbor Sacramento dragged itself out of the morass of the Great Depression and joined the war effort Local citizens trained for Japanese attacks through Civilian Defense cultivated thousands of acres of victory gardens and harnessed the agricultural riches of the region Tens of

thousands engaged in war work at local bases like the new McClellan Field while Sacramento's diverse servicemen distinguished themselves in combat overseas. They would later return and transform the city into the modern Sacramento of today. Exclusive images and stories from the Special Collections of the Sacramento Public Library bring this story to life. A Sacramento Saga Myrtle Shaw Lord, 1946 Eugenic Nation Alexandra Minna Stern, 2016. With an emphasis on the American West, *Eugenic Nation* explores the long and unsettled history of eugenics in the United States. This expanded second edition includes shocking details that demonstrate that the story is far from over. Alexandra Minna Stern explores the unauthorized sterilization of female inmates in California state prisons and ongoing reparations for North Carolina victims of sterilization as well as the topics of race-based intelligence tests, school segregation, the U.S. Border Patrol, tropical medicine, the environmental movement, and opposition to better breeding. Radically new and relevant, this edition draws from recently uncovered historical records to demonstrate patterns of racial bias in California's sterilization program and to recover personal experiences of reproductive injustice. Stern connects the eugenic past to the genomic present with attention to the ethical and social implications of emerging genetic technologies. Provided by publisher. *La Gente* Lorena V. Márquez, 2020-10-27. *La Gente* traces the rise of the Chicana/o Movement in Sacramento and the role of everyday people in galvanizing a collective to seek lasting and transformative change during the 1960s and 1970s. In their efforts to be self-determined, *la gente* contested multiple forms of oppression at school, at work sites, and in their communities. Though diverse in their cultural and generational backgrounds, *la gente* were constantly negotiating acts of resistance, especially when their lives, the lives of their children, their livelihoods, or their households were at risk. Historian Lorena V. Márquez documents early community interventions to challenge the prevailing notions of desegregation by barrio residents, providing a look at one of the first cases of outright resistance to desegregation efforts by ethnic Mexicans. She also shares the story of workers in the Sacramento area who initiated and won the first legal victory against canneries for discriminating against brown and black workers and women and demonstrates how the community crossed ethnic barriers when it established the first accredited Chicana/o and Native American community college in the nation. Márquez shows that the Chicana/o Movement was not solely limited to a handful of organizations or charismatic leaders. Rather, it encouraged those that were the most marginalized: the working poor, immigrants, and/or the undocumented and the undereducated, to fight for their rights on the premise that they too were contributing and deserving members of society. **History of the Sacramento Valley** Joseph A.
