is about justice and social affairs While that discussion is couched within the context of a particular tradition each religious tradition must have the discussion But it must be more than an intrareligious dialogue it must become an interreligious dialogue

Ethics at the Center Elliot N. Dorff, 2024-03 Ethics at the Center culls the best of Rabbi Elliot N Dorff's pioneering thinking in Jewish ethics over nearly five decades Dorff shows that our response to moral issues depends ultimately on our conceptions of the nature of human beings and God how Jewish law theology prayer history and community should also define and motivate Jewish responses to moral issues and how the honorable and divergent stances of Western philosophy and other religions about moral living shed light on Judaism's distinctive standpoints From there Dorff applies Judaism's ethics to real life abortion post Roe v Wade sexual orientation and human dignity avoiding harm in communication playing violent or defamatory video games modern war ethics handling donations of ill gotten gain after the fact In conclusion he explores how Jewish family and community holidays and rituals theology study and law have moral import as well Dorff's personal introduction to each chapter reflects on why and when he wrote its contents its continuing relevance and if and if so how he would now change what he wrote earlier Readers will experience not only his evolving ethical thought but many facets of the person and the Jew that Dorff is today

Conservative Judaism Neil Gillman, 1993. With the State of Israel and Orthodox and Reform Jewry.

The Principles of Judaism Samuel Lebens, 2020-06-29. Samuel Lebens takes the three principles of Jewish faith as proposed by Rabbi Joseph Albo 1380-1444 in order to scrutinize and refine them with the toolkit of contemporary analytic philosophy. What could it mean for a perfect being to create a world from nothing? Could our world be anything more than a figment of God's imagination? What is the Torah? What does Judaism expect from a Messiah and what would it mean for a world to be redeemed? These questions are explored in conversation with a wide array of Jewish sources and with an eye towards diverse fields of contemporary research such as cosmology, philosophical logic, the ontology of literature and the metaphysics of time. The Principles of Judaism articulates the most fundamental axioms of Orthodox Judaism in the vernacular of contemporary philosophy.

Blacks in the Jewish Mind Seth Forman, 1998-07-01. Since the 1960s the relationship between Blacks and Jews has been a contentious one. While others have attempted to explain or repair the break up of the Jewish alliance on civil rights, Seth Forman here sets out to determine what Jewish thinking on the subject of Black Americans reveals about Jewish identity in the U.S. Why did American Jews get involved in Black causes in the first place? What did they have to gain from it? And what does that tell us about American Jews? In an extremely provocative analysis, Forman argues that the commitment of American Jews to liberalism and their historic definition of themselves as victims has caused them to behave in ways that were defined as good for Blacks but which in essence were contrary to Jewish interests. They have not been able to dissociate their needs, religious, spiritual, communal, political from those of African Americans and have therefore acted in ways which have threatened their own cultural vitality. Avoiding the focus on Black victimization and white racism that often infuses work

on Blacks and Jews Forman emphasizes the complexities inherent in one distinct white ethnic group's involvement in America's racial dilemma
