Sacred Narratives:

Sacred Narrative Alan Dundes, 1984-11-15 Alan Dundes defines myth as a sacred narrative that explains how the world and humanity came to be in their present form This new volume brings together classic statements on the theory of myth by the authors The twenty two essays by leading experts on myth represent comparative functionalist myth ritual Jungian Freudian and structuralist approaches to studying the genre *Nietzschean Narratives* Gary Shapiro, 1989-06-22 Shapiro's book is bursting with thoughts and if one is willing to mine them one is sure to find items of interest or provocation The Journal of Aesthetics and Art Criticism Taking issue with a widely held view that Nietzsche's writings are essentially fragmentary or aphoristic Gary Shapiro focuses on the narrative mode that Nietzsche adopted in many of his works Such themes as eternal recurrence the question of origins and the problematics of self knowledge are reinterpreted in the context of the narratives in which Nietzsche develops or employs them *The Promise Keepers* Dane S. Claussen, 2000 Now nearly 15 years old during which time it exploded in size then declined and has now plateaued the Promise Keepers and its policies have invited reactions ranging from celebration to suspicion Many see the Christian men's organization as a powerful tool to encourage and equip Christian men to face a morally complex future Others view the group as sexist or even heretical This book was the first and in most ways still the only objective analysis of the Promise Keepers and the many reactions to it Contributors to this collection of critical essays hail from the fields of political science history sociology religion and theology journalism and mass communication speech English women's studies American studies and sports science The responses range from supportive to skeptical and cover topics that go beyond the Promise Keepers to issues of evangelical Christianity gender roles men's organizations mass media and social movements **Narrative Power and Liberal Truth** Eldon J. Eisenach, 2002 Liberal political thought from its origins in the seventeenth century through today's rights discourse is grounded in the ideal of the autonomous individual As the theory holds these individuals are born in freedom from religious political social or economic obligations and then construct these systems through individual and collective choices Over the past thirty years however this understanding of freedom has been challenged from a variety of perspectives Eldon J Eisenach has been at the forefront of that challenge stressing the centrality of religious elements and assumptions in liberal writings that many scholars suppressed or ignored In Narrative Power and Liberal Truth Eisenach brings together eleven of his previously published essays to demonstrate that many postmodernist ideas of persons and freedom are already present within the tradition of liberal political philosophy and that liberalism itself is more capacious of human experience and meanings than modern critiques allow **Mighty Stories, Dangerous Rituals** Herbert Anderson, Edward Foley, 2019-02-01 Shaping our journey into the Divine This moving and enlightening book presents us with a compelling vision of what can happen when we take the opportunity to connect stories and rituals a vision of individuals and communities transformed through a deeper sense of connection to our loved ones our communities and God Herbert Anderson and Edward Foley

reveal how when stories and rituals work together they have the potential to be both mighty and dangerous mighty in their ability to lift us up and help us make these connections beyond ourselves and dangerous in challenging us to learn to live with complexity and contradiction They show how much more meaningful a baptism wedding or funeral can be when liturgy is made to include and recognize the personal stories of those involved Suddenly these familiar life cycle rituals are infused with new life as participants become connected in a narrative web linking past and present human and divine Newly created rituals can also help us connect our stories to the divine story giving meaning to what we experience and bringing us closer to God Ministers worship leaders and pastoral caregivers can use this approach to storytelling and ritual to find ways to bring together worship and pastoral care

Nonviolent Story Robert R. Beck, 2009-03-01 What do the gospels contribute to our understanding of nonviolent versus violent means of conflict resolution Many biblical scholars contend that the gospels have little to say on this subject Others seek answers in ethical principles found in Jesus s teachings which may or may not be interpreted as accepting or rejecting violence In Nonviolent Story Robert Beck proposes a new way of reading the Gospel of Mark one that points to a challenging message of nonviolent resistance as reflected in the story of Jesus s life and ministry According to narrative analysis the message of the Gospel is found in the structure of the story itself Beck contends that the narrative form of Mark s gospel portrays Jesus as a protagonist who does not avoid conflict but enters into it without himself resorting to violence He thus serves as a model of the nonviolent resistance that inspired Gandhi and Martin Luther King Jr By using literary analysis to explore Mark s gospel Beck opens up a counter story that challenges the prevailing American cultural myth of constructive violence Beck uses the Western tales of Louis L Amour as the narrative essence of this pop mythology and the total opposite of the story told by Mark

Why Narrative? Stanley Hauerwas,L. Gregory Jones,1997-10-28 Narrative Theology is still with us to the delight of some and to the chagrin of others Why Narrative is in reprint because it represents what is still a very important question This diverse collection of essays on narrative theology has proven very useful in university and seminary theology classes It is also of great use as a primer for the educated layperson or church study group Jones and Hauerwas have done an excellent job of selecting representative essays that deal with appeals to narrative in areas such as personal identity and human action biblical hermeneutics epistemology and theological and ethical method *Reading Our Lives* William L. Randall,Elizabeth McKim,2008-06-03 Against the background of Socrates insight that the unexamined life is not worth living *Reading Our Lives* The Poetics of Growing Old investigates the often overlooked inside dimensions of aging Despite popular portrayals of mid and later life as entailing inevitable decline this book looks at aging as potentially a process of poesis a creative endeavor of fashioning meaning from the ever accumulating texts memories and reflections that constitute our inner worlds At its center is the conviction that although we are constantly reading our lives to some degree anyway doing so in a mindful matter is critical to our development in the second half of life Drawing on research in numerous disciplines affected by the so called narrative turn including cognitive psychology neuroscience and the psychology of aging authors Randall and McKim articulate a vision of aging that promises to accommodate such time honored concepts as wisdom and spirituality one that understands aging as a matter not merely of getting old but of consciously growing old Hope in Pastoral Care and Counseling Andrew D. Lester,1995-04-01 In this ground breaking book pastoral counselor Andrew Lester demonstrates that pastoral theology as well as social and behavioral sciences has neglected to address effectively the predominant cause of human suffering a lack of hope a sense of futurelessness Lester not only looks at the reasons why addressing the ideas of hope and despair has been overlooked by pastoral theology and other social and behavioral sciences He also offers a starting point for the development of addressing these important dimensions of human life He provides clinical theories and methods for pastoral assessment of and intervention with those who despair He also puts forth strategies for assessing the future

stories of those who despair and offers a corrective to these stories through deconstruction reframing and reconstruction

Human Being Jocelyn Bryan,2016-06-27 Jocelyn Bryan provides a psychological perspective on key aspects of human nature and behaviour drawing on recent research and reflect on the issues this raises for theology and ministry The aim is to introduce theology students those studying practical theology and those engaged in ministerial formation or ministry to the significant current research in psychology which will deepen understanding of some of the core aspects of human nature The interdisciplinary nature of the exercise aims to model the benefits of such an approach for both theology and ministerial practice and as such the book aims to cross traditional boundaries The objective is to introduce the reader to new fields of academic psychology beyond those of counselling and psychoanalysis dated personality psychology and the popular psychology which is often referred to in publications in the area of ministerial practice and enable the reader to engage with recent psychological research and developments
