Routledge Handbook on Tourism in the Middle East and North Africa Dallen Timothy, 2018-12-07 The Routledge Handbook on Tourism in the Middle East and North Africa examines the importance of tourism as a historical economic social environmental religious and political force in the Middle East and North Africa MENA It highlights the ecological and resource challenges related to water desert environments climate change and oil It provides an in depth analysis of the geopolitical conditions that have long determined the patterns of tourism demand and supply throughout the region and how these play out in the everyday lives of residents and destinations as they attempt to grow tourism or ignore it entirely While cultural heritage remains the primary tourism asset for the region as a whole many new types of tourisms are emerging especially in the Arabian Gulf region where hyper development is closely associated with the increasingly prominent role of luxury real estate and shopping retail medical tourism cruises and transit tourism The growing phenomenon of an expatriate workforce and how its segregation from the citizenry creates a dual socio economic system in several countries is unmatched by other regions of the world Many indigenous people of MENA keep themselves apart from other dominant groups in the region although these social boundaries are becoming increasingly blurred as tourism being one socio economic force for change has inspired many nomadic peoples to settle into towns and villages and rely more on tourists for their livelihoods All of these issues and more shape the foundations of this book This Handbook is the first of its kind to examine tourism from a broad regional and inclusive perspective surveying a broad range of social cultural heritage ecological and political matters in a single volume With a wide range of contributors many of whom are natives of the Middle East and North Africa this Handbook is a vital resource for students and scholars interested in Tourism Middle East Studies and Geography [Nordic Italies](#) Elettra Carbone, 2016-01-22 Because of its history art and natural and cultural landscapes Italy has been a popular destination for North European travellers since the age of the Grand Tour Yet literary images of Italy are not all linked to the tradition of the journey to this country and cannot be labelled as a manifestation of Northerners yearning for the Southern

sun The corpus of critical literature which deals with Italy in Nordic literatures is very wide but also fragmentary While many scholars have written about this topic and chiefly on the relations between individual Scandinavian literatures or well known authors such as Henrik Ibsen Selma Lagerl f and Hans Christian Andersen and Italy few have emphasised their variety plurality and complexity With its comparative approach this study casts a new light on a selection of nineteenth and twentieth century representations of Italy and presents some of these Nordic Italies Taking into account texts of different genres poetry drama and novel and focusing on theories of representation genre and space this book examines complex and heterogeneous literary representations that cannot be reduced to a single stereotype In these texts Italy emerges both as a set of physical spaces and as a series of metaphorical concepts How are these Italian spaces and identities constructed and what do they stand for What forms does the broad concept of Italianness take in these literary works How are the Italian settings and characters as well as the aspects of Italian politics history society culture and folklore that populate so many literary texts shaped and combined Is there a relationship between specific literary genres and the way in which Italy is represented These are only some of the questions addressed by this study which demonstrates how Nordic representations of Italy express much more than unanimous praise for the sun idyllic landscapes ruins and mandolin players **The Biblical**
