Feminist Issues in Literary Scholarship Shari Benstock, 1987 an important and valuable collection the essays are at the cutting edge of post modernism Maggie Humm Women s Studies International Forum This well written carefully edited anthology provides an excellent overview of the thicket of contemporary feminist literary theory No library should be without it Kathryn Allen Rabuzzi Syracuse University Religious Studies Review In all this is a rich and varied collection Journal of Modern Literature Explores the aesthetic and political issues inherent in feminist critical theory and practice Contributors include Shari Benstock Elaine Showalter Nina Baym Paula A Treichler Jane Marcus Josephine Donovan Judith Kegan Gardiner Judith Newton Lillian S Robinson Nina Auerbach Elizabeth Fox Genovese Hortense J Spillers and Susan Stanford Friedman **The Sacred and the Feminine** Kathryn Allen Rabuzzi, 1982 Tillie Olsen and a Feminist Spiritual Vision

Elaine Neil Orr, 1987 Tillie Olsen s work resonates with the promises and difficulties of mothering and with the immense holiness revealed in every child Regarding her vision of women s lives and dreams Olsen s working class background political activism and mothering have lent her a different perspective from most American writers even other women writers and feminist critics **The Feminine Principle in the Sikh Vision of the Transcendent** Nikky-Guninder Kaur

Singh, 1993-09-24 This work is a critical analysis of Sikh literature from a feminist perspective It begins with Guru Nanak s vision of Transcendent Reality and concludes with the mystical journey of Rani Raj Kaur the heroine of a modern Punjabi epic The eight chapters of the book approach the Sikh vision of the Transcendent from historical scriptural symbolic mythological romantic existential ethical and mystical perspectives Each of these discloses the centrality of the woman and show convincingly that Sikh Gurus and poets did not want the feminine principle to serve merely as a figure of speech or literary device it was intended rather to pervade the whole life of the Sikhs The present work bolsters the claim that literary symbols should be translated into social and political realities and in so doing puts a valuable feminist interpretation on a religious tradition which has remained relatively unexplored in scholarly literature Feminist Theory, Fourth Edition Josephine Donovan, 2012-03-08 This first major study of feminist theory revised and updated here in its fourth edition now takes the reader into the twenty first century It addresses the basic question What is feminism by outlining the various strands of feminist theory liberal cultural Marxist socialist Freudian and radical This fourth edition brings the discussion up to date integrating the developments in feminist theory that have emerged in the last two decades such as ecofeminism multiculturalism postmodernism and global feminism including new material since the publication of the third edition 2000

Thealogy and Embodiment Melissa Raphael, 1996-03-01 Thealogy and Embodiment both analyses and contributes to spiritual feminism s postmodern construction of the female body as a metaphor and medium of divine generativity Addressing religious studies and women s studies students and all those interested in contemporary spirituality Raphael counters reformist feminism s recurrent criticism of goddess feminism as naively essentialist and sub political She presents

spiritual feminism as a set of religio political manoeuvres that powerfully resist such patriarchal degradations of female natural generativity as environmental destruction weight reducing diets and menstrual taboos **Fantasies of the Feminine** Patricia Nisbet Klingenberg,1999 In order to address these questions and to better understand Ocampo's work the analysis sustains an extended dialogue between her short fiction and current Euro American feminist theory While the analysis is intended primarily for scholars interested in Latin American authors every effort has been made to facilitate a reading by the non specialist BOOK JACKET Sex, Race, and God Susan Thistlethwaite,2009-04-01 Sex Race and God is the impassioned manifesto of a white feminist's reckoning with the meaning of race including her own whiteness in doing theology We should be discussing and acting on many of Thistlethwaite's insights for quite some time She has made a vital contribution to the feminist theological enterprise and to the critical relationship between black and white women in it Carter Heyward Sex Race and God is a sincere attempt to listen to and learn from African American women a serious and largely successful effort to create a method that addresses differences rather than proposing wishful commonalities Many women of color will find it promising a basis for dialogue The Women's Review of Books This pivotal book illuminates a significant ongoing debate at the intersection of two fields contemporary theology and feminist studies Choice Thistlethwaite does what so few white feminists have done genuinely interact with and learn from the strong differences in experience and perspective between African American women and European American women The Other Side **Imitating Abraham** ,2025-03-27 Imitating Abraham provides exciting glimpses into the reception history of the character Abraham in Judaism Christianity and Islam illuminating the manifold ways in which interpreters draw upon his legacy to authorize practices like sacrifice circumcision hospitality feasting prayer and personal and corporate piety Abraham holds surprises his name is used in magical amulets some published here for the first time to ward off demons protect cattle from illness and even to round up runaway slaves Researchers students and all interested in Biblical Jewish Christian and Islamic Studies as well as ritual and exemplarity will want to read this book *The Aesthetics of Care* Josephine Donovan,2016-06-02 In this important new book from a distinguished scholar Josephine Donovan develops a new aesthetics of care which she establishes as the basis for a critical approach to the representation of animals in literature The Aesthetics of Care begins with a guide to the relationship between ethics and aesthetics leading to a reconceptualization of key literary critical terms such as mimesis and catharsis before moving on to an applied section with interpretations of the specific treatment of animals handled by a wide range of authors including Willa Cather Leo Tolstoy George Sand and J M Coetzee The book closes with three concluding theoretical chapters Clear original and provocative The Aesthetics of Care introduces and makes new contributions to a number of burgeoning areas of study and debate aesthetics and ethics critical theory animal ethics and ecofeminist criticism Dreamwork Steven Connor,2023-06-24 Upending our perception of employment a surprising investigation into the mystical nature of our daily toil Dreamwork is a book about the ideas dreams dreads and ideals we have about work Its

central argument is this Although we depend on the idea of work for our identity as humans we feel we must disguise from ourselves the fact that we do not know what work is There is no example of work that nobody might under some circumstances do for fun All work is imaginary which is not to say that it is simply illusory but rather that to count as work it must be imagined to be work In other words a large part of what we mean by working is this work of imagining Work is therefore essentially mystical just the opposite of what it is taken to be by all of us spending our days at desks behind cash registers and in factories Delving into this complex mythos Dreamwork looks in turn at worries about whether or not work is hard the importance of places of work the meanings of hobbies holidays and sabbaths and the history of dreams of redeeming work

Made from Scratch Jean Zimmerman,2012-11-13 A stunning celebration and reappraisal of the importance of women s work Made from Scratch addresses the tug that many Americans feel between our professional and private lives In this stunning celebration and reappraisal of the importance of women s work acclaimed journalist Jean Zimmerman poignantly addresses the tug that many Americans of the twenty first century feel between our professional and private lives With sharp wit and intelligence she offers evidence that in the current domestic vacuum we still long for a richer home life a paradox visible in the Martha Stewart phenomenon in the continuing popularity of women s service magazines such as Better Homes and Gardens Family Circle and Ladies Home Journal whose combined circulation of over 17 million is nearly twice the combined circulation of Time Newsweek and U S News World Report and the booming business of restorations where onlookers get a hands on view of domestic life as it flourished in past centuries This book is about the ways home traditions passed from one generation to the next baking a birthday cake from scratch cherishing family heirlooms or discovering the satisfaction of piecing a quilt sustain our souls especially in our ever more processed synthetic world where we buy homemade goods and fail to see the irony in that Made from Scratch tells the story of the unsung heroines of the hearth investigating the history of female domesticity and charting its cultural changes over centuries Zimmerman traces the lives of her own family s homemakers from her tiny but indomitable grandmother who managed a farm strangled chickens with her bare hands and sewed all the family clothing to her mother who rejected her country upbringing yet kept a fastidious suburban home where the gender divide stayed firmly in place to her own experiences as a wife and mother weaned on the Women s Movement of the 1970s with its emphatic view that housework was a dirty word and that the domestic sphere was to be fled rather than cherished In this book Zimmerman questions the unexamined trade off we have made in a shockingly brief time span as we ve progressed from home raised chickens to frozen TV dinners to McNuggets from the food court at the mall What is lost when we no longer engage as individuals and as a community in the ancient rituals of food craft and shelter
