*Encyclopedia of the African Diaspora* Carole Boyce Davies, 2008-07-29 The authoritative source for information on the people places and events of the African Diaspora spanning five continents and five centuries The field of African Diaspora studies is rapidly growing Until now there was no single authoritative source for information on this broad complex discipline Drawing on the work of over 300 scholars this encyclopedia fills that void Now the researcher from high school level up can go to a single reference for information on the historical political economic and cultural relations between people of African descent and the rest of the world community Five hundred years of relocation and dislocation of assimilation and separation have produced a rich tapestry of history and culture into which are woven people places and events This authoritative accessible work picks out the strands of the tapestry telling the story of diverse peoples separated by time and distance but retaining a commonality of origin and experience Organized in A Z sections covering global topics country of origin and destination country the work is designed for easy use by all      *The Circassians in the Imperial Discourse of Pushkin, Lermontov and Tolstoy* Aida O. accompanied by listings of contents in the order given in tables of contents or alphabetically Entries for collections provide a base for subsequent listings of individual major works for addition of subsequent editions reprints and re publications  
 Translations of plays are categorized by their most commonly known English titles and cited within categories by the English title given for a particular translation English titles of stories have not been rationalized in this way because the large number of Chekhov s stories would require division of the section on individual stories into virtually hundreds of sub sections  
 Instead stories are listed in alphabetical order by the various English titles given for a particular translation     **Pushkin**  
 Joseph Thomas Shaw,1995     **Critical Survey of Literary Theory: Authors, A-Sw** Frank Northen Magill,1987     Two Hundred Years of Pushkin, Volume II ,2021-11-01 Pushkin s status as the founding father of Russian literature owes much to his stylistic and linguistic innovations across a wide range of literary genres But equally important is the influence he exerted on his successors via his exploitation of myth in its widest sense His poetry prose and drama frequently draw upon myths of classical antiquity myths of modern European culture grand narratives such as the Don Juan legend and Dante s Inferno as well as uniquely Russian myths particularly those associated with St Petersburg and its founder Peter the Great It was through the elaboration of such myths that Russia attained to a sense of both its cultural uniqueness and its inscription in the broader context of European culture The contributors to Alexander Pushkin Myth and Monument explore these myths from a variety of critical viewpoints and highlight the specific ways in which Pushkin uses myth among these his recurrent emphasis on the symbolism of monuments and statuary famously referred to by Roman Jakobson as Pushkin s sculptural myth
