Save Our History The Missouri A Journey With Stephen Ambrose:

Stephen E. Ambrose Opening of the West E-Book Boxed Set Stephen E. Ambrose, 2013-06-25 This ebook box set includes *Undaunted Courage* and *Nothing Like It in the World* by Stephen E. Ambrose focusing on the ingenuity and the hardships that shaped the American West. *Undaunted Courage* This 1 New York Times bestseller gives a sweeping account of the most momentous expedition in American history. Ambrose follows the Lewis and Clark Expedition from Thomas Jefferson's hope of finding a waterway to the Pacific through the heart-stopping moments of the actual trip to Lewis's lonely demise on the Natchez Trace. Along the way, Ambrose shows us the American West as Lewis saw it: wild, awesome, and pristinely beautiful. *Nothing Like It in the World* A riveting account of an unprecedented feat of engineering, vision, and courage, this is the story of the men who built the transcontinental railroad. The US government pitted two companies, the Union Pacific and the Central Pacific Railroads, against each other in a race for funding, encouraging speed over caution, and their race brilliantly comes to life in Ambrose's telling of the investors who risked their businesses and money, the enlightened politicians who understood its importance, the engineers and surveyors who risked and sometimes lost their lives, and the Irish and Chinese immigrants, the defeated Confederate soldiers, and all the laborers who did the backbreaking and dangerous work on the tracks. **American History**, 2001-06 Desloge Chronicles - A Tale of Two Continents - An Amazing Family's Journey - Volume One Christopher Desloge, 2012-12-30 *Desloge Chronicles A Tale of Two Continents* is a monograph of an amazing family's journey supported by genealogical summaries which provide solid provenance. Situated in France and America, this is an authentic historical narrative built around one family's 600 letters dating from 200 years, providing live-action reality present at France, the French Revolution, and the American Frontier. Based upon one of the largest bodies of vibrant correspondence written from the turn of the 1800s, we are able to peer into the scene of teeming wildlife and Native American Indians in the young America, expanding from this family's French nobility on the young American frontier and then blooming into titanic industrialists and caring naturalists and philanthropists. Within this monograph, historical fact, studied historical research, and expanded narrative craft a compelling legend of the prominent Desloge family. More than simply cold chronology of facts, these are action figures. **Lewis & Clark** Kris Fresonke, Mark David Spence, 2004-02-25 An interdisciplinary collection of essays which explore the legacy of the Lewis and Clark Expedition and offers new perspectives on these American icons. The Engineer, 2006 Presents professional information designed to keep Army engineers informed of current and emerging developments within their areas of expertise for the purpose of enhancing their professional development. Articles cover engineer training, doctrine, operations, strategy, equipment, history, and other areas of interest to the engineering community. **The Video Librarian**, 2000 *Slow Road to Brownsville* David Reynolds, 2020-12-08 An adventurous Englishman explores the forgotten landscape of America's Wild West in this illuminating, elegantly written travelogue. *Financial Times* In his acclaimed memoir *Swan River*, David Reynolds invited readers into the world of his youth.
