**Jewish Concepts of Scripture** Benjamin D Sommer, 2023-11-21 What do Jews think scripture is How do the People of the Book conceive of the Book of Books In what ways is it authoritative Who has the right to interpret it Is it divinely or humanly written And have Jews always thought about the Bible in the same way In seventeen cohesive and rigorously researched essays this volume traces the way some of the most important Jewish thinkers throughout history have addressed these questions from the rabbinic era through the medieval Islamic world to modern Jewish scholarship They address why different Jewish thinkers writers and communities have turned to the Bible and what they expect to get from it Ultimately argues editor Benjamin D Sommer in understanding the ways Jews construct scripture we begin to understand the ways Jews construct themselves The Siddhānta Kaumudī of Bhaṭṭoji Dīkṣita Bhaṭṭoji Dīkṣita, 2003 Commentary on A dhy y Sanskrit grammar by P ini *Bernard Kops* William Baker, Jeanette Roberts Shumaker, 2013-12-18 This is the first book length study of the work of contemporary writer Bernard Kops Born on November 28 1926 to Dutch Jewish immigrants Bernard Kops became famous after the production of his play *The Hamlet of Stepney Green A Sad Comedy with Some Songs* in 1958 This play like much of his work focuses on the conflicts between young and old Identified as an angry young man Kops like his contemporaries John Osborne Shelagh Delaney and Harold Pinter belonged to the so called new wave of British drama that emerged in the mid 1950s Kops went on to create important documentaries about the Blitz and living in London during the early 1940s He has written two autobiographies over ten novels many journalistic pieces and more than forty plays for TV stage and radio A prolific poet Kops has authored a long pamphlet poem and eight poetry collections Now in his mid 80s the prolific and versatile Kops still produces his creativity undimmed by age Inside the Offertory Rebecca Maloy, 2010-03-12 The offertory has played a crucial role in recent vigorous debates about the origins of Gregorian chant Its elaborate solo verses are among the most splendid of chant melodies yet the verses ceased to be performed in the twelfth and thirteenth centuries making them among the least known and studied members of the repertory Rebecca Maloy now offers the first comprehensive investigation of the offertory drawing upon its music texts and liturgical history to shed new light on its origins and chronology Maloy addresses issues that are at the very heart of chant scholarship such as the relationship between the Gregorian and Old Roman melodies the nature of oral transmission the presence of non Roman pieces in the Gregorian repertory and the influence of theoretical thought on the transmission of the melodies Although the Old Roman chant versions were not recorded in writing until the eleventh century it has long been assumed that they closely reflect the eighth century state of the melodies Maloy illustrates however that rather than preserving a pristine earlier version of the melodies the prolonged period of oral transmission from the eighth to the eleventh centuries instead enforced a formulaic trend Demonstrating that certain musical and textual traits of the offertory are distributed in distinct patterns by liturgical season she outlines new chronological layers within the repertory and along the way explores the presence and implications

of foreign imports into the Roman and Gregorian repertoires Carefully weighing questions surrounding the origins of elaborate verse melodies Maloy deftly establishes that these melodies reached their final form at a relatively late date Available for the first time as a complete critical edition ninety four Gregorian and Old Roman offertories are presented on a companion website in transcriptions which readers can view side by side The book also provides music examples and essays that elucidate these transcriptions with significant insights into their similarities and differences Inside the Offertory will be an important and longstanding resource for all students and scholars of early liturgical music as well as performers of early music and medievalists interested in music Jewish Jurisprudence Emanuel B. Quint,Neil S. Hecht,2023-08-11 First published in 1986 Jewish Jurisprudence is the second volume of an important series analysing and setting forth the substantive principles of Jewish jurisprudence It encompasses the applicable sources of Jewish law from the original transmission to Moses on Sinai of the terse written law and its accompanying oral elaboration through its development to the present day Each topic concludes with the authors view of the present status of the law In former years the public teaching and discussion of law occupied a prominent place in Jewish culture Today estrangement from the language of Halacha has made it less accessible to the general public This series is an attempt to open the world of Jewish law to the layperson general scholars and specialists in jurisprudence **Artharva-veda Samhitā** Charles Rockwell Lanman,1905 Flow Mitchell Ohriner,2019 Flow theorizes the rhythm of the rapping voice at the intersection of music speech and poetry Author Mitchell Ohriner addresses pressing questions in theories of musical rhythm and meter through a combination of computational music analysis and humanistic close reading **Bulletin of the Calcutta Mathematical Society** Calcutta Mathematical Society,1925 **J.V.
