The Second-Person Standpoint Stephen Darwall, 2009-09-30 Why should we avoid doing moral wrong The inability of philosophy to answer this question in a compelling manner along with the moral skepticism and ethical confusion that ensue result Stephen Darwall argues from our failure to appreciate the essentially interpersonal character of moral obligation After showing how attempts to vindicate morality have tended to change the subject falling back on nonmoral values or practical first person considerations Darwall elaborates the interpersonal nature of moral obligations their inherent link to our responsibilities to one another as members of the moral community As Darwall defines it the concept of moral obligation has an irreducibly second person aspect it presupposes our authority to make claims and demands on one another And so too do many other central notions including those of rights the dignity of and respect for persons and the very concept of person itself The result is nothing less than a fundamental reorientation of moral theory that enables it at last to account for morality's supreme authority an account that Darwall carries from the realm of theory to the practical world of second person attitudes emotions and actions

The Second Person Naomi Eilan, 2017-09-13 The past few years have witnessed an exponentially growing body of work conducted under the second person heading This idea has been explored in various areas of philosophy philosophy of mind philosophy of language ethics epistemology in developmental psychology in psychiatry and even in neuroscience We may call this interest in the second person the You Turn To put it at its most general and ambitious the idea driving much of the work is this proper attention to the ways in which we relate to one another when we stand in second person relation to each other can deliver something like a paradigm shift in the way in which we address questions about a range of fundamental issues in these fields There is however very little agreement about what second person relations are and a huge variation in why people think they are important The contributions to this book focus on developing key second person claims in the philosophy of mind ethics and epistemology with the aim of beginning to provide a framework for assessing and relating the multitude of fascinating new questions that come up under the second person heading This book was originally published as a special issue of *Philosophical Explorations*

The Second-Person Perspective in Aquinas's Ethics Andrew Pinsent, 2013-10-18 Thomas Aquinas devoted a substantial proportion of his greatest works to the virtues Yet despite the availability of these texts and centuries of commentary Aquinas's virtue ethics remains mysterious leaving readers with many unanswered questions In this book Pinsent argues that the key to understanding Aquinas's approach is to be found in an association between a attributes he appends to the virtues and b interpersonal capacities investigated by the science of social cognition especially in the context of autistic spectrum disorder The book uses this research to argue that Aquinas's approach to the virtues is radically non Aristotelian and founded on the concept of second person relatedness To demonstrate the explanatory power of this principle Pinsent shows how the second person perspective gives interpretation to Aquinas's descriptions of the virtues and offers a key to long standing problems such as the reconciliation of magnanimity and humility The principle of second person relatedness also interprets acts that Aquinas describes as the fruition of the virtues Pinsent concludes by considering how this approach may shape future developments in virtue ethics

Debating Rationality Jennifer J. Halpern, Robert N. Stern, 1997 Debating Rationality is a terrific collection of essays written by an obviously first rate set of scholars Several recent books have attempted to make similar points but this volume pushes the ideas in new directions rather than simply restating what are now established themes Roderick M Kramer co author of Trust in Organizations Decision makers strive to be rational Traditionally rational decisions maximize an appropriate return The contributors to this book challenge the common assumption that good decisions must be rational in this economic sense They emphasize that the decision making process is influenced by social organizational and psychological considerations as well as by economic concerns Relationships time pressure external demands for specific

types of performance contractual expectations human biases and reactions to unfair treatment alter the decision making context and the resulting decision outcomes **American Quarterly Church Review, and Ecclesiastical Register** ,1849

Cross-Linguistic Studies of Imposters and Pronominal Agreement Chris Collins,2014-03-04 Imposters are third person DPs that are used to refer to the speaker writer or addressee such as i Your humble servant finds the time before our next encounter very long ii This reporter thinks that the current developments are extraordinary iii Daddy will be back before too long iv The present author finds the logic of the reply faulty This volume explores verbal and pronominal agreement with imposters from a cross linguistic perspective The central questions for any given language are a How do singular and plural imposters agree with the verb b When a pronoun has an imposter antecedent what are the phi features of the pronoun The volume reveals a remarkable degree of variation in the answers to these questions but also reveals some underlying generalizations The contributions describe imposters in Bangla Spanish Albanian Indonesian Italian French Romanian Mandarin and Icelandic **Linguistics of the Himalayas and Beyond** Roland Bielmeier,Felix Haller,2011-05-12 The approximately 250 languages of the Tibeto Burman family are spoken by 65 million speakers in ten different countries including Pakistan India Nepal Bhutan Burma and China Tibet They are characterized by a fascinating linguistic historical and cultural diversity The languages spoken in the Himalayas on their southern slopes and on the high Tibetan plateau in the north constitute the core of this diversity Thus the 21 papers mainly deal with these languages and some go even beyond to the area of the Blue Lake in northern Amdo and to southern Kham within linguistic Tibet The ten papers dedicated to Tibetan linguistic studies offer approaches to the phonological analysis of Balti to labial place assimilation perfective stem renovation and stem alternation connected with verbal valence in Amdo Tibetan to directional markers in Tokpe Gola in northeastern Nepal to secondary verb constructions in Kham Tibetan to narrative texts in Dzongkha to case marking patterns in various Tibetan dialects and to language history of Tibetan in general Other papers deal with deictic patterns and narratives in western Himalayan Kinnauri and with the classification of neighbouring Bunan With the Tamangic languages of northern Nepal the relationship between vowels and consonants and the development of demonstratives and plural markers are addressed A further paper investigates the genetic relationship between Dzala and Dakpa two East Bodish languages and another one case marking in Rabha and Manipuri in northeastern India With the Kiranti languages Sampang Limbu Chaurasia and Sunwar in eastern Nepal questions of accent pronominally marked determiners subclassification and language shift are discussed The impressive selection of languages and linguistic topics dealt with in this book underlines the diversity of the Tibeto Burman languages in Central and South Asia and highlights their place within present day linguistic research The results achieved by leading experts are remarkable in general and the book is of interest to linguists anthropologists and geographers **English Grammar ...** California. some of today's most celebrated Christian thinkers in the fields of ethics apologetics and philosophical theology This volume collects under one cover each of the Stob Lectures delivered from 1986 to 1998 Comprised of thirteen learned relevant and well crafted addresses Seeking Understanding presents a diverse range of significant topics illumined in engaging ways by the scholars who know them best Lewis B Smedes's inaugural lecture examines the subject of commitment James M Gustafson follows with a look at moral discourse while Peter Kreeft speaks on immortality Alvin Plantinga explores the nature of Christian scholarship and Marty E Marty surveys the denominational landscape Allen D Verhey probes key issues in medical ethics while Nicholas P Wolterstorff compares neo Calvinism and Yale theology Other lectures feature Dewey J Hoitenga Jr on happiness John Feikens on conflict George I Mavrodes on philosophy Arthur F Holmes on Christian education and J Harold Ellens on dysfunction Eleanore Stump rounds out the volume with an insightful discussion of the problem of evil Illustrative of the same depth of thinking scholarly passion and clarity of expression that characterized the work of the man whom these lectures honor Henry J Stob Seeking Understanding is both a valuable omnibus and a superb introduction to a rich and influential tradition of Christian scholarship

New Horizons in Chinese Linguistics C-T James Huang, Audrey Li Yen Hui, 2012-12-06 The past decade and a half has witnessed a great deal of renewed interest in the study of Chinese linguistics not only in the traditional areas of philological studies and in theoretically oriented areas of synchronic grammar and language change but also in the cultivation of new frontiers in related areas of the cognitive sciences There is a significant increase in the number of students studying one area or another of the linguistic structure of Chinese in various linguistic programs in the United States Europe Australia and in China Hong Kong Singapore Taiwan and other parts of Asia Several new academic departments devoted to the study of linguistics have been established in Taiwan and Hong Kong in the past few years The increasing research and study activities have also resulted in a number of national and international conferences including the North American Conference on Chinese Linguistics NACCL which has been held annually in the United States the International Symposium on Chinese Languages and Linguistics IsCLL which has had its fourth meeting since it was launched by Academia Sinica in Taiwan in 1990 the International Association of Chinese Linguistics IACL created in Singapore in 1992 and now incorporated in Irvine California which has held its annual meetings at major institutions in Asia Europe and the US

na , Understanding and Measuring Morphological Complexity Matthew Baerman, Dunstan Brown, Greville G. Corbett, 2015-03-26 This book aims to assess the nature of morphological complexity and the properties that distinguish it from the complexity manifested in other components of language Of the many ways languages have of being complex perhaps none is as daunting as what can be achieved by inflectional morphology this volume examines languages such as Archi which has a 1 000 000 form verb paradigm and Chinantec which has over 100 inflection classes Alongside this complexity inflection is notable for its variety across languages one can take two unrelated languages and discover that they share similar syntax or phonology but one would be hard pressed to find two unrelated

languages with the same inflectional systems In this volume senior scholars and junior researchers highlight novel perspectives on conceptualizing morphological complexity and offer concrete means for measuring quantifying and analysing it Examples are drawn from a wide range of languages including those of North America New Guinea Australia and Asia alongside a number of European languages The book will be a valuable resource for all those studying complexity phenomena in morphology and for theoretical linguists more generally from graduate level upwards *Japanese Philosophy* James W. Heisig, Thomas P. Kasulis, John C. Maraldo, 2011-07-31 With *Japanese Philosophy A Sourcebook* readers of English can now access in a single volume the richness and diversity of Japanese philosophy as it has developed throughout history Leading scholars in the field have translated selections from the writings of more than a hundred philosophical thinkers from all eras and schools of thought many of them available in English for the first time The Sourcebook editors have set out to represent the entire Japanese philosophical tradition not only the broad spectrum of academic philosophy dating from the introduction of Western philosophy in the latter part of the nineteenth century but also the philosophical ideas of major Japanese traditions of Buddhism Confucianism and Shinto The philosophical significance of each tradition is laid out in an extensive overview and each selection is accompanied by a brief biographical sketch of its author and helpful information on placing the work in its proper context The bulk of the supporting material which comprises nearly a quarter of the volume is given to original interpretive essays on topics not explicitly covered in other chapters cultural identity samurai thought women philosophers aesthetics bioethics An introductory chapter provides a historical overview of Japanese philosophy and a discussion of the Japanese debate over defining the idea of philosophy both of which help explain the rationale behind the design of the Sourcebook An exhaustive glossary of technical terminology a chronology of authors and a thematic index are appended Specialists will find information related to original sources and sinographs for Japanese names and terms in a comprehensive bibliography and general index Handsomely presented and clearly organized for ease of use *Japanese Philosophy A Sourcebook* will be a cornerstone in Japanese studies for decades to come It will be an essential reference for anyone interested in traditional or contemporary Japanese culture and the way it has shaped and been shaped by its great thinkers over the centuries *Himalayan Languages* Anju Saxena, 2011-05-12 With its many and diverse languages including some with very long documented histories its cultural diversity and its widespread multilingualism both the stable and transient kind the Himalayan region is a treasure trove of empirical data for linguistic research on language typology and universals historical linguistics language contact and areal linguistics *Himalayan Languages* contains contributions on Himalayan linguistics written by some of the leading experts in the field The volume is divided into three parts First a general overview is given of the linguistic study of Himalayan languages and language communities The second part offers synchronic studies of individual languages of the region Indo Aryan languages Shina and Kalasha and Tibeto Burman languages Belhare Magar Kinnauri Classical Tibetan and Thangmi The papers in the third part of the volume address topics

in historical and areal linguistics with an emphasis on the Tibeto Burman languages of the region discussing grammaticalization processes in Sunwar Newar Seke Tshangla and Bantawa and the subgrouping of Tibeto Burman

Bootleggers & Baptists Adam Smith, Bruce Yandle, 2014-09-07 In *Bootleggers Baptists* How Economic Forces and Moral Persuasion Interact to Shape Regulatory Politics economists Bruce Yandle and Adam Smith explain how money and morality are often combined in politics to produce arbitrary regulations benefiting cronies while constraining productive economic activities by the general public Yandle's theory asserts that regulatory bootleggers are parties taking political action in pursuit of economic gain Regulatory Baptists are parties participating in group action driven by an avowed higher moral purpose or desire to serve the public interest By examining major regulatory activities including Obamacare the recent financial crisis bailouts climate change legislation and rules governing sinful substances *Bootleggers Baptists* reveals that lasting regulations require moral and financial advocacy to survive the American political process With countless regulatory initiatives on the horizon this book is a must read for all who are concerned about over regulation and government intrusion in our daily lives
