Second Tale Of A Tub:

Pulcinella's Brood Karen T. Raizen, 2024-10-01 Pulcinella a Neapolitan clown born of the commedia dell arte tradition went viral in Europe in the seventeenth and eighteenth centuries He was an unlikely hero grotesque in his mannerisms with a bulging belly occasional hunchback and an insatiable desire for macaroni Still this bulbous misfit took his place next to kings caliphs and intellectual heavyweights Pulcinella's Brood traces the transnational arc of the Enlightenment era Pulcinella from his native Naples to Paris from Rome to London The book explores how Pulcinella was inserted into discourses about social order aesthetics and politics how he became a revolutionary a critic of the Catholic Church and a champion of education It examines how Pulcinella along with his transnational brood was a constant pervasive presence during the Enlightenment and a squeaky voiced participant in the ideological and theoretical debates that defined the era Exploring the diffusion of Italian popular comedy throughout Europe Pulcinella's Brood proposes that Pulcinella a grotesque food obsessed clown can be wielded as a historical disruptor and a rich and dynamic source for casting both the Enlightenment and our contemporary world in a different light *Notes and Queries*, 1927 *A Bibliography of the Writings in Prose and Verse of Jonathan Swift, D.D.* Dr. H. Cynic Satire Eric McLuhan, 2015-09-18 A Menippean Cynic satire is a device for producing a specific kind of effect on the reader Menippean satire is an active form not a passive one any work that produces the effect of a Menippean satire is a Menippean satire It is the embodiment of a Cynic of a Diogenes or a Menippus or a Lucian or a Rabelais For centuries it has frustrated the best efforts of critics to define it Descriptive criteria such as a mixture of verse and prose invariably fail because the form is determinedly fluid and polymorphous and playful it shifts its mode of attack with every change in culture or perception Menippists plagiarize with abandon from anyone and any period and culture McLuhan has found a new and potent method of coming to grips with the satires by examining their interaction with the audience the satire does what a Cynic would were he or she physically present This approach accounts for every shift in technique from the most ancient Homer composed one the Margites to tomorrow afternoon and also opens the discussion of Menippism in any and all media other than literature TV digital film radio et al The book ends with a litmus test for detecting Menippean satires It is also lavishly illustrated with title pages of some of the most notorious examples in the tradition and is ideal as a textbook for undergraduates
