Second Mrs Gioconda:

The Second Mrs. Gioconda E.L. Konigsburg, 2011-06-28 Why did Leonardo da Vinci lavish three years on painting the second wife of an unimportant merchant when all the nobles of Europe were begging for a portrait by his hand In E L Konigsburg s intriguing novel the answer lies with the complex relationship between the genius his morally questionable young apprentice and a young duchess whose plain features belie the sensitivity of her soul *The Second Mrs. Gioconda* e. l Konigsburg, 2003 Why did Leonardo da Vinci devote three years to a painting of the second wife of an unimportant merchant when all the nobles of Europe were beggin for a portrait by his hand A slice of Renaissance life delves into the intriguing answer to the puzzle behind the most famous painting of all time the Mona Lisa *The Second Mrs Gioconda* E. L. Konigsburg, 1978 The portrait of the Mona Lisa is probably the most famous painting in the world Why did Leonardo da Vinci choose to paint the second wife of an unimportant Florentine merchant *Second Mrs Giaconda* E. The Season of Second Chances Diane Meier, 2010-03-30 A world of possibilities opens up for Joy Harkness when she sets out on a journey that s going to show her the importance of friendship love and what makes a house a home Coming of age can happen at any age Joy Harkness had built a university career and a safe life in New York protected and insulated from the intrusions and involvements of other people When offered a position at Amherst College she impulsively leaves the city and along with generations of material belongings she packs her equally heavy emotional baggage A tumbledown Victorian house proves an unlikely choice for a woman whose family heirlooms have been boxed away for years Nevertheless this white elephant becomes the home that changes Joy forever As the restoration begins to take shape so does her outlook on life and the choices she makes over paint chips wallpaper samples and floorboards are reflected in her connection to the co workers who become friends and friendships that deepen A brilliant quirky town fixture of a handyman guides the renovation of the house and sparks Joy s interest to encourage his personal and professional growth Amid the half wanted attention of the campus s single middle aged men known as the Coyotes and the legitimate dramas of her close knit community Joy learns that the key to the affection of family and friends is being worthy of it and most important that second chances are waiting to be discovered within us all *Science Fact and Science Fiction* Brian Stableford, 2006-09-06 Science fiction is a literary genre based on scientific speculation Works of science fiction use the ideas and the vocabulary of all sciences to create valid narratives that explore the future effects of science on events and human beings Science Fact and Science Fiction examines in one volume how science has propelled science fiction and to a lesser extent how science fiction has influenced the sciences Although coverage will discuss the science behind the fiction from the Classical Age to the present focus is naturally on the 19th century to the present when the Industrial Revolution and spectacular progress in science and technology triggered an influx of science fiction works speculating on the future As scientific developments alter expectations for the future the literature absorbs uses and adapts such contextual visions The goal of the Encyclopedia is not

to present a catalog of sciences and their application in literary fiction but rather to study the ongoing flow and counterflow of influences including how fictional representations of science affect how we view its practice and disciplines Although the main focus is on literature other forms of science fiction including film and video games are explored and because science is an international matter works from non English speaking countries are discussed as needed [1,000 Books to Read Before You Die](#) James Mustich,2018-10-02 The ultimate literary bucket list THE WASHINGTON POST Celebrate the pleasure of reading and the thrill of discovering new titles in an extraordinary book that s as compulsively readable entertaining surprising and enlightening as the 1 000 plus titles it recommends Covering fiction poetry science and science fiction memoir travel writing biography children s books history and more 1 000 Books to Read Before You Die ranges across cultures and through time to offer an eclectic collection of works that each deserve to come with the recommendation You have to read this But it s not a proscriptive list of the great works rather it s a celebration of the glorious mosaic that is our literary heritage Flip it open to any page and be transfixed by a fresh take on a very favorite book Or come across a title you always meant to read and never got around to Or like browsing in the best kind of bookshop stumble on a completely unknown author and work and feel that tingle of discovery There are classics of course and unexpected treasures too Lists to help pick and choose like Offbeat Escapes or A Long Climb but What a View And its alphabetical arrangement by author assures that surprises await on almost every turn of the page with Cormac McCarthy and The Road next to Robert McCloskey and Make Way for Ducklings Alice Walker next to Izaak Walton There are nuts and bolts too best editions to read other books by the author if you like this you ll like that recommendations and an interesting endnote of adaptations where appropriate Add it all up and in fact there are more than six thousand titles by nearly four thousand authors mentioned a life changing list for a lifetime of reading 948 pages later you still want more THE WASHINGTON POST **The Best in Children's Books** Zena Sutherland,1980-05 Includes indexes **The Mystery Unravels** Mel Odom,2010-05-11 Secrets can kill You were afraid of my father That s why you had him murdered You were of afraid of him and I m going to teach you to be afraid of me Just weeks after his father s horrific death Matt Hunter confronts the murderous Lucius Creighdor and vows revenge But battling this vicious foe is treacherous for Matt and his steadfast league of friends Yet without Paul s financial wizardry Emma s scientific genius Gabriel s cunning street smarts and the historical expertise of Narada Chaudhary Matt knows he will be lost When Creighdor unleashes a mind mutilating creature that can control a person s will Hunter s League must pull together by drawing on their individual strengths all the time wondering if they ve stumbled upon one terrifying secret too many and one blood thirsty monster too much **Jennifer, Hecate, Macbeth, William Mckinley, And Me, Elizabeth** E.L.
