The Second Oldest Profession Ben Lewis Reitman,1941 The Second Oldest Profession. A Study of the Prostitute's "business Manager," Etc. (English Edition, Enlarged and Brought Up to Date.). Ben Lewis REITMAN,1936 *From the Fourth Estate to the Second Oldest Profession* Natalia Roudakova,2007 **Selling Sex in the City: A Global History of Prostitution, 1600s-2000s**,2017-08-28 Selling Sex in the City offers a worldwide analysis of prostitution since 1600 It analyses more than 20 cities with an important sex industry and compares policies and social trends coercion and agency but also prostitutes working and living conditions Departing from Deviance Henry L. Minton,2002 The struggle to remove the stigma of sickness surrounding same sex love has a long history In 1973 the American Psychiatric Association removed homosexuality from its diagnostic classification of mental illness but the groundwork for this pivotal decision was laid decades earlier In this new study Henry L Minton looks back at the struggle of the American gay and lesbian activists who chose scientific research as a path for advancing homosexual rights He traces the history of gay and lesbian emancipatory research from its early beginnings in the late nineteenth century to its role in challenging the illness model in the 1970s By examining archival sources and unpublished manuscripts Minton reveals the substantial accomplishments made by key researchers and relates their life stories He also considers the contributions of mainstream sexologists such as Alfred C Kinsey and Evelyn Hooker who supported the cause of homosexual rights through the advancement of scientific knowledge By uncovering this hidden chapter in the story of gay liberation *Departing from Deviance* makes an important contribution to both the history of science and the history of sexuality **Urban Reform and Sexual Vice in Progressive-Era Philadelphia** James H. Adams,2015-07-01 This book examines the intersection and interplay between Progressive Era rhetoric regarding commercialized vice and the realities of prostitution in early twentieth century Philadelphia Arguing that any study of commercial sexual vice in a historical context is difficult given the paucity of evidence this work instead focuses on reformers construction of a cultural view of prostitution which Adams argues was based more upon their perceptions of the trade than on reality itself Looking at the urban core of the city Progressive reformers saw vice immorality and decay but as they frequently had little face to face interaction with prostitutes plying their trade they were forced to construct culturally fueled archetypes to explain what they believed they saw Ultimately reformers in Philadelphia were battling against a rhetorical creation of their own design and any study of anti vice reform in the early twentieth century tells us more about the relationship between activists and the government than it does about vice itself Index-catalogue of the Library of the Surgeon-General's Office, United States Army National Library of Medicine (U.S.),1961 **Index-catalogue of the Library of the Surgeon General's Office, United States Army (Army Medical Library)** National Library of Medicine (U.S.),1959 **Index-catalogue of the Library of the Surgeon General's Office, National Library of Medicine** National Library of Medicine (U.S.),1961 Collection of incunabula and early medical prints in the library of the Surgeon

general s office U S Army Ser 3 v 10 p 1415 1436 **Death By Black Hole** Neil deGrasse Tyson,2007-01-16 A collection of essays on the cosmos written by an American Museum of Natural History astrophysicist includes Holy Wars Ends of the World and Hollywood Nights **Index-catalogue of the Library of the Surgeon General's Office, National Library of Medicine: Subjects N-Z** National Library of Medicine (U.S.),1961 **Intimate States** Margot Canaday,Nancy F. Cott,Robert O. Self,2021-09-06 Fourteen essays examine the unexpected relationships between government power and intimate life in the last 150 years of United States history The last few decades have seen a surge of historical scholarship that analyzes state power and expands our understanding of governmental authority and the ways we experience it At the same time studies of the history of intimate life marriage sexuality child rearing and family also have blossomed Yet these two literatures have not been considered together in a sustained way This book edited and introduced by three preeminent American historians aims to close this gap offering powerful analyses of the relationship between state power and intimate experience in the United States from the Civil War to the present The fourteen essays that make up *Intimate States* argue that intimate governance the binding of private daily experience to the apparatus of the state should be central to our understanding of modern American history Our personal experiences have been controlled and arranged by the state in ways we often don t even see the authors and editors argue correspondingly contemporary government has been profoundly shaped by its approaches and responses to the contours of intimate life and its power has become so deeply embedded into daily social life that it is largely indistinguishable from society itself *Intimate States* makes a persuasive case that the state is always with us even in our most seemingly private moments *Contemporary Intelligence in Africa* Tshepo Gwatiwa,2024-08-08 The edited volume examines contemporary intelligence and tradecraft in Africa The work offers a timely and empirically grounded account of African intelligence It provides a multi contributor narrative that explains contemporary dynamics without discounting historical and external influences as well as explaining systemic dynamics borne by African agency The volume features chapters on different issues and themes in intelligence studies which include but are not limited to intelligence politicization covert operations and subversion during political transitions institutionalizing intelligence in post conflict states intelligence and counterterrorism financial intelligence and complex crimes intelligence professionalization media and intelligence intelligence humanization environmental intelligence and others The volume is geographically representative and features case studies from the five regions of Africa North Africa the Maghreb East Africa or Horn of Central Africa West Africa and Southern Africa Without following a specific theoretical orientation the book also aims to start a conversation around the prospects for a theory for African intelligence with the various chapters paying attention to the political social and economic nuances that have a bearing on contemporary intelligence in Africa This book will be of great interest to students of intelligence studies African politics security studies and IR **A Research Agenda for Intelligence Studies and Government** Robert Dover,Huw Dylan,Michael S. Goodman,2022-11-04 This Research

Agenda explores the academic field of intelligence studies and how it is developing into an increasingly international and diverse area of study *The Encyclopædia of Sexual Behaviour* Albert Ellis, Albert Abarbanel, 2013-10-22 The Encyclopædia of Sexual Behaviour Volume Two is an encyclopedia of sexual behavior and covers topics ranging from the linguistic aspects of sex to sex life in Latin America sex in the literature and sexual love Laws on marriage and family and on sex crimes are also discussed along with sexual perversions and the art of loving Comprised of 52 chapters this volume first deals with Judaism's attitudes and teachings on sex particularly with regard to the sexuality of women nudity and prostitution The reader is then introduced to the connection between language and sex sex life in regions such as Latin American the Orient and the Soviet Union and the portrayal of sex in literature Subsequent chapters explore sexual love as opposed to altruistic love marriage and family living menopause and the menstrual cycle movement and feeling in sex the interrelationship of music and sex and the effects of nutrition and health on sexuality Other chapters focus on phallicism and sexual symbolism planned parenthood around the world the psychology of pornography human reproduction and sex in relation to race and Protestantism This book will be of interest to psychologists and psychiatrists **Handbook of Research on**

Multidisciplinary Perspectives on Managerial and Leadership Psychology Johnson, Rick D., 2021-01-22 The subject of leadership and managerial psychology exists as a sub branch of psychology within the fields of industrial and organizational psychology There still appears to be ongoing debate regarding the core pathology for gaining managerial expertise in professional roles relative to having suitable leadership skills and managerial knowledge beyond the direct daily work involved in organizations Professional organizations inherently include varied levels of sensitive human interactions which further necessitates their management professionals to have leadership styles that are adjustable contingent on a given situation Relative to this edited book managerial psychology is being utilized in a way that may subsequently seek to develop a series of scientific theory principles where the focus is to develop managerial axioms that advance contemporary existing knowledge surrounding professional management logic The Handbook of Research on Multidisciplinary Perspectives on Managerial and Leadership Psychology provides value uncovered by a collaboration of generalists and specialists who bring professional managerial and leadership opinions to light through narratives and research inclusive of fundamental theory principles that can be applied in practice and academia This edited reference is focused on the enhancement of management research through managerial psychology while highlighting topics including business process knowledge management in diverse discipline situations and professions corporate leadership responsibility leadership of self and others and leadership psychology in a variety of different fields of work This book is ideally designed for leadership and management professionals academicians students and researchers in the fields of knowledge management administrative sciences and management leadership development education and organization development sub branches or specialty practices **Textual Studies and the Common Reader** Alexander Pettit, 2000 Textual Studies and the Common Reader collects eleven original essays by

editors of literary texts and theorists concerned about the implications of what such editors do The volume s organizing theme is textual studies the domain of which in one contributor s words is the genesis transmission and editing of texts The contributors seek to extend the discussion about textual studies beyond any narrow professional scope thus none of the essays assumes any training in textual studies Also the focus of the book is on the literary genre most familiar to most readers the novel Authors discussed include Willa Cather Joseph Conrad Theodore Dreiser William Faulkner D H Lawrence William Makepeace Thackeray and Mary Wollstonecraft Shelley Many people read literary works but few do so with a steady sense of their constructedness as texts of the ways in which genesis transmission and editing have shaped them as conveyors of meaning This book shows that the experience of reading is more rewarding for such awareness The Teaching Profession A. Reis Monteiro,2014-11-03 This volume contributes to debates about the teaching profession by reviewing international and national reports on its status as well as on reforms of various education systems It proposes a global approach to the quality of the teaching profession as a decisive ingredient of education quality including a conception of its identity and a vision of its future Moreover it is suggested that professional self regulation may be the best way to achieve higher professional and social status for teachers since it allows educators collectively to assume the culture of the values that comprise the uniqueness and fullness of the teaching profession *Encyclopedia of Cold War Espionage, Spies, and Secret Operations* Richard Trahair,2012-01-10 The only comprehensive and up to date book of its kind with the latest information *Catalog of Copyright Entries.
