The Second Time Around Brenda B. Moody, 2024-12-05 Brenda Moody s inspiration for writing The Second Time Around was her whirlwind courtship and an emotional one year marital experience She described it as being at the hands of a mentally controlling man who was not committed to the relationship or marriage Her then husband through his own admission to her made the decision to no longer honor the marital vows by turning his attention to other women As a result of his confession Brenda found herself in a world of emptiness in a world of loneliness and in a world of being unloved Until one day her father who was grounded in the Lord shared a revelation that God had given him for her Through godly wisdom he knew what his daughter was going through and what she had endured through the one year marriage He revealed to her before God called him home that it was going to be better the second time around One week later the revelation was revealed when God sent her the man her father had envisioned a man who had the same faith and belief in God that she had He helped her by showing her what the tenderness of real love and affection was all about He showed her what honor commitment and devotion looked like in a relationship and in a marriage He showed her a new beginning to her life a beginning of a love that has expanded over forty one years of marriage and is still going strong Brenda thanks God every night for giving them to each other She thanks the Lord for a new beginning She thanks the Lord for the second time around

predominantly Islamic Middle East Of these minorities Christians are by far the largest comprising over 10% of the population in Syria and as much as 40% in Lebanon The largest single group of Christians are the Arabic speaking Orthodox This work fills a major lacuna in the scholarship of wider Christian history and more specifically that of lived religion within the Ottoman empire Beginning with a survey of the Christian community during the first nine hundred years of Muslim rule the author traces the evolution of Arab Orthodox Christian society from its roots in the Hellenistic culture of the Byzantine Empire to a distinctly Syro Palestinian identity There follows a detailed examination of this multi faceted community from the Ottoman conquest of Syria Palestine and Egypt in 1516 to the Egyptian invasion of Syria in 1831 The author draws on archaeological evidence and previously unpublished primary sources uncovered in Russian archives and Middle Eastern monastic libraries to present a vivid and compelling account of this vital but little known spiritual and political culture situating it within a complex network of relations reaching throughout the Mediterranean the Caucasus and Eastern Europe The work is made more accessible to a non specialist reader by the addition of a glossary whilst the scholar will benefit from a detailed bibliography of both primary and secondary sources A foreword has been contributed to this first English language edition by the Patriarch of Antioch John X It contextualizes the history found in this work within the ongoing struggle to preserve the ancient Christian cultures of the Arabic speaking peoples from extinction within their ancestral homeland
