The Secret Legacy of Jesus Jeffrey J. Bütz, 2009-12-21 Shows how the true teachings of Jesus were passed down through the centuries and shaped the vision of the Founding Fathers Reveals for the first time the hidden link that connects James the Brother of Jesus the Cathars the Knights Templar and Freemasonry Shows how the Founding Fathers used these teachings enshrined in Masonic principles to build a new nation With the success of Paul's desire to impose his vision for the Church the true teachings of Jesus as preserved by his family and

disciples were forced into hiding This clandestine movement was evidenced by such early groups as the Nazarenes Ebionites and Elkesaites but is generally thought to have died out when the Church of Paul branded these groups as heretics However despite the ongoing persecution by the Roman Catholic orthodoxy this underground Jewish strain of Christianity was able to survive and resist incorporation into its more powerful rival

Jeffrey B tz author of *The Brother of Jesus and the Lost Teachings of Christianity* reveals for the first time the hidden theological link that connects James the Brother of Jesus and the Ebionites with the religion of Islam the Cathars the Knights Templar and Freemasonry In *The Secret Legacy of Jesus* B tz demonstrates how this centuries old underground stream of Christ s original teachings remained alive and how it surfaced again in Colonial America where the Founding Fathers used Masonic principles rooted in Jewish Christian teachings to establish what they believed would be a New Jerusalem With the rise of a fundamentalist Christianity this potent spiritual vision was lost but B tz contends it can be recovered and used to bring about the reconciliation of Christians Jews and Muslims throughout the world

The Kabbalistic Mirror of Genesis David Chaim Smith, 2015-09-17 A bold line by line reexamination of the first 3 chapters of Genesis that reveals the essential nature of mind and creativity Deconstructs each line of Genesis chapters 1 3 with esoteric methods derived from the oral teachings of the Kabbalah Reveals the sefirot the Tree of Life as the Divine blueprint of the creative process Explains how Genesis reveals the Divinity of mind and consciousness Hidden within the first three chapters of Genesis rests one of the greatest jewels of Western mystical literature For millennia religious literalism has dominated our understanding of the Bible imprisoning its subtle inner wisdom within the most coarse and superficial aspects of the narrative Generations have been led to believe that Genesis 1 3 is only a primitive proto cosmic history a mythological explanation of the human moral disposition a religious fairy tale But by accepting the text as pure kabbalistic metaphor the mystical content of Genesis springs forth revealing the Divine nature of creativity as well as a new understanding of the human mind Deconstructing each line of Genesis 1 3 with esoteric methods derived from the oral teachings of the Kabbalah David Chaim Smith reveals how the ten sefirot collectively known as the Tree of Life are not simply a linear hierarchy They are a unified interdependent whole with ten interactive functions forming the template through which creative diversity manifests Through acts of creation and creativity the mind expresses its Divine nature Through our Divine creative power we are able to touch upon Ain Sof the infinite the lifeblood of all creative expression Smith s line by line examination of Genesis 1 3 reveals a complete model not only of Divine creativity but also of the predicament of the human mind of the Divine nature of consciousness as well as our inability to recognize the mind s Divinity With this new interpretation which removes the concept of a Creator God we are able to transcend the contrasting notions of being and non being at the heart of conventional habits of perception and awaken a new mystical understanding of Unity and the fathomless depth of Divinity

The Awakening Ground David Chaim Smith, 2016-06-16 Author David Chaim Smith offers a guide to the practice of mystical contemplation from the perspective of a highly unusual form of non dual

Kabbalah unfettered by both religious mythology and psychological reductionism The path articulates the ultimate quest for meaning which seeks to pass through the clutter of the mind s conceptual associations to nakedly and directly recognize the innate essentiality of all things known as the light of En no Sof end or the Infinite Most mainstream conventional schools of Kabbalah hold such a radical aspiration to be inapproachable at best and heretical at worst The work introduces six stages that articulate how the mind breaks through its own restrictive habitual reflexes to awaken to the ground of En Sof which is the mind s essential nature Each stage is illustrated by the author s own original works of art and line diagrams Draws upon obscure sources such as the 13th century Kabbalistic text Fountain of Wisdom various alchemical and gnostic texts and the writings of Isaac the Blind The author reveals how meaning never remains static its nature is to move transmit and display yet its precious potential becomes buried under layers of mental constructs He explains how the mind s habits and reflexes impose structures of containment that try to make sense out of phenomena but these very structures actually obscure their essence completely Smith s experiential path to gnostic awakening reveals how in the wake of the lesser concerns of the conceptual mind primordial purity shines in resonances of vast poetic beauty if a sensibility of wonder awe and delight is cultivated Offering a step by step analysis to the ecstatic aspects of contemplative revelation David Chaim Smith explores how to ride the razor s edge of the paradox to coax the mind from the sleep of habituation towards the culmination of gnosis Although the process is described within the traditional symbol system of kabbalah its import is a truly radical exponent of extreme mysticism
