Alchemy Marie-Luise von Franz, 1980 It was the genius of C G Jung to discover in the holy technique of alchemy a parallel to the psychological individuation process This book by Jung's long time friend and co worker completely demystifies the subject Designed as an introduction to Jung's more detailed studies and profusely illustrated here is a lucid and practical account of what the alchemists were really looking for emotional balance and wholeness back cover

Blood and Homeland Marius Turda, Paul J. Weindling, 2006-01-11 The history of eugenics and racial nationalism in Central and Southeast Europe is a neglected topic of analysis in contemporary scholarship The 20 essays in this volume written by distinguished scholars of eugenics and fascism alongside a new generation of scholars excavate the hitherto unknown eugenics movements in Central and Southeast Europe including Austria and Germany Eugenics and racial nationalism are topics that have constantly been marginalized and rated as incompatible with local national traditions in Central and Southeast Europe These topics receive a new treatment here On the one hand the historiographic perspective connects developments in the history of anthropology and eugenics with political ideologies such as racial nationalism and anti-Semitism on the other hand it contests the Sonderweg approach adopted by scholars dealing with these issues
