**The Brewer's Tale: A History of the World According to Beer** William Bostwick, 2014-10-13 Winner of 2014 U S Gourmand Drinks Award Taste 5 000 years of brewing history as a time traveling homebrewer rediscovers and re creates the great beers of the past The Brewer s Tale is a beer filled journey into the past the story of brewers gone by and one brave writer s quest to bring them and their ancient forgotten beers back to life one taste at a time This is the story of the world according to beer a toast to flavors born of necessity and place in Belgian monasteries rundown farmhouses and the basement nanobrewery next door So pull up a barstool and raise a glass to 5 000 years of fermented magic Fueled by date and honey gruel sour pediococcus laced lambics and all manner of beers between William

Bostwick's rollicking quest for the drink's origins takes him into the redwood forests of Sonoma County to bullet-riddled South Boston brewpubs and across the Atlantic from Mesopotamian sands to medieval monasteries to British brewing factories. Bostwick compares notes with the Mt. Vernon historian in charge of preserving George Washington's molasses-based home brew and he finds the ancestor of today's macrobrewed lagers in a nineteenth-century spy's hollowed-out walking stick. Wrapped around this modern reportage are deeply informed tales of history's archetypal brewers: Babylonian temple workers, Nordic shamans, patriots, rebels, and monks. The Brewer's Tale unfurls from the ancient goddess Ninkasi, ruler of intoxication, to the cryptic beer hymns of the Rig Veda and down into the clove-scented treasure holds of India-bound sailing ships. With each discovery comes Bostwick's own turn at the brew pot, an exercise that honors the audacity and experimentation of the craft: A sticky English porter, a priceless rare Belgian, and a sacred shamanic wormwood-tinged gruit each offer humble communion with the brewers of yore. From sickly sweet Nordic grogs to industrially fine-tuned fizzy lager, Bostwick's journey into brewing history ultimately arrives at the head of the modern craft beer movement and gazes eagerly if a bit blurry-eyed toward the future of beer.

**Communities in Fiction** J. Hillis Miller, 2014-12-02 *Communities in Fiction* reads six novels or stories, one each by Trollope, Hardy, Conrad, Woolf, Pynchon, and Cervantes, in the light of theories of community worked out contradictorily by Raymond Williams, Martin Heidegger, and Jean-Luc Nancy. The book's topic is the question of how communities or noncommunities are represented in fictional works. Such fictional communities help the reader understand real communities, including those in which the reader lives. As against the presumption that the trajectory in literature from Victorian to modern to postmodern is the story of a gradual loss of belief in the possibility of community, this book demonstrates that communities have always been presented in fiction as precarious and fractured. Moreover, the juxtaposition of Pynchon and Cervantes in the last chapter demonstrates that period characterizations are never to be trusted. All the features, both thematic and formal, that recent critics and theorists such as Fredric Jameson and many others have found to characterize postmodern fiction are already present in Cervantes's wonderful early-seventeenth-century *Exemplary Story*. The *Dogs Colloquy*: All the themes and narrative devices of Western fiction from the beginning of the print era to the present were there at the beginning, in Cervantes. Most of all, however, *Communities in Fiction* looks in detail at its six fictions, striving to see just what they say, what stories they tell, and what narratological and rhetorical devices they use to say what they do say and to tell the stories they do tell. The book attempts to communicate to its readers the joy of reading these works and to argue for the exemplary insight they provide into what Heidegger called *Mitsein*, being together in communities that are always problematic and unstable.
