Humanism and the Death of God Ronald E. Osborn,2017 Humanism and the Death of God is a critical exploration of secular humanism and its discontents Through close readings of three exemplary nineteenth century philosophical naturalists or materialists who perhaps more than anyone set the stage for our contemporary quandaries when it comes to questions of human nature and moral obligation Ronald E Osborn argues that the death of God ultimately tends toward the death of liberal understandings of the human as well Any fully persuasive defense of humanistic values including the core humanistic concepts of inviolable dignity rights and equality attaching to each individual requires an essentially religious vision of personhood Osborn shows such a vision is found in an especially dramatic and historically consequential way in the scandalous particularity of the Christian narrative of God becoming a human He does not attempt to provide logical proofs for the central claims of Christian humanism along the lines some philosophers might demand Instead this study demonstrates how philosophical naturalism or materialism and secular humanisms and anti humanisms might be persuasively read from the perspective of a classically orthodox Christian faith      *The Trials for Treason at Indianapolis* Benn Pitman,1865      **The Role of the Indian Diaspora in the Indian National Freedom Movement** Neerja A Gupta,2025-04-29 Several leaders of the Indian freedom struggle began their resistance in foreign lands Similarly several foreign states have contributed to the struggle for Indian freedom They established many organizations which became

**Introduction to The White Lotus** Gilad James, PhD, **The Chosen Peoples' Challenge: Biblical Love Boundaries** Mohamed Moussa Ghounem, 2025-06-20 The Chosen Peoples Challenge Biblical Love Boundaries What does it truly mean to be chosen Is it a title of privilege or a call to service For millennia Jews Christians and Muslims have each claimed a divine covenant But today with rising violence political manipulation and religious confusion are we honoring the sacred trust of chosenness or distorting it The Chosen Peoples Challenge Biblical Love Boundaries boldly redefines the conversation Written in accessible yet scholarly prose this groundbreaking work invites Jews Christians and Muslims to confront the theological truths behind their shared heritage With historical precision and compassionate interfaith dialogue

the author unpacks over 40 evictions from the Bible where God's favor was lost not due to race or religion but disobedience Drawing on deep scriptural insight including Torah Gospel Qur'an and the Talmud this book shows how divine selection is not about birthright but about behavior At its core is a new theological framework Triune Covenant Theology a fresh interfaith alternative to the widely known Dual Covenant Theology Where Dual Covenant Theology suggests Jews and Christians can each be saved without fully believing in the other's revelation thus promoting parallel paths of disbelief Triune Covenant Theology asserts the opposite that God's enduring covenant is built on three pillars of unity Moses's law Jesus's mercy and Muhammad's monotheism Rather than negating each other these three messengers confirm one another calling humanity back to God's oneness lawfulness and love This book fearlessly challenges myths that have clouded the path to peace like the ideas of a land without a people or unconditional chosenness It addresses the misuse of sacred texts to justify apartheid settler violence and religious supremacy offering instead a vision rooted in justice humility and universal accountability Across twelve dynamic chapters and three rich appendices including a simulated AI debate between a Rabbi a Catholic priest and an Imam you'll encounter A powerful comparison of Biblical vs Qur'anic visions of statehood sovereignty and moral law A theological and historical case for why Muslims now bear the mantle of Greater Israel not politically but spiritually A glossary of critical interfaith terms from Mishpat to Supersessionism to empower deeper understanding A Top 20 list of Zionist myths gently debunked with sacred texts and historical facts Far from a work of religious superiority this book is a spiritual blueprint for accountability coexistence and the revival of divine ethics It invites readers of all faiths or none to see that being chosen is not about domination but about devotion Not about privilege but purpose With a tone that is simultaneously scholarly and compassionate bold yet bridge building this book is already being hailed as a landmark work in comparative theology Whether you're a student of scripture a faith leader a peace advocate or simply someone searching for spiritual clarity in a fractured world The Chosen Peoples Challenge offers the depth honesty and inspiration needed to help re-light the world's spiritual lamp beginning at Jerusalem and shining outward Join the challenge Reclaim the covenant Share the light
