Conspiracies have always been part of American culture but with the rise of social media has come an increase in belief in nontraditional explanations of events This book highlights a subset of conspiratorial beliefs that grew in popularity in the early 21st century These beliefs and the growing cynicism of the media have left conspiracy theorists with deep distrust of those in authority A number of theories that have arisen over the years are explored From QAnon beliefs regarding the United States government to UFO reports and other hidden agendas it is clear that we continue to challenge old ways of thinking **Conspiracy Theories in American History** Peter Knight,2003-12-11
