The Quests For New World Order Dipo Toby Alakija ,2001 While some historical accounts are distorted so many parts were written long before they eventually become history This is because a clique sees the need to destroy the old order and pave the way for the New World Order The quest to dominate the world and fuse all nations together as one entity is an age long battle which becomes more profound and pronounced in the modern days with the use of chemical biological psychological spiritual and other weapons With presentations of documentary circumstantial and other evidences most of which are made available by ancient and modern researchers and writers this book attempts to shed light on what actually characterized global events like the French revolution world wars civil wars virus pandemic and other catastrophes that plague humanity These research works address the question that was raised in the book titled Pawn In The Game by William

Guy Carr who asked why the Human Race can't live in peace and enjoy the bounties and blessing God provides for our use and benefit in such abundance This book also serves as a warning that when the New World Order emerges humans will become semi robots that are shackled into Computer Network through the use of Artificial Intelligence IA as opposed to Natural Intelligence A History of Secret Societies Arkon Daraul,1961 Almost every social system throughout history has produced its secret societies Here is a unique study of such societies from earliest recorded times to the present along with an analysis of their forms rituals and beliefs The author has traveled extensively to gather documentation The Charcoal Burners of Italy the Castrators of Russia the Old Man of the Mountains and the Gnostics are but a few of the many described
