Secret Cult Of The Order The:

The Secret Cult of the Order Antony C. Sutton, 1978-01-01 **The Old and New World Order** Jagdish Krishanlal Arora, 2023-05-28 Today there is a lot of talk of a new world order and I thought it as a right time to tell about it and how it will impact our lives **The Quests For New World Order** Dipo Toby Alakija , 2001 While some historical accounts are distorted so many parts were written long before they eventually become history This is because a clique sees the need to destroy the old order and pave the way for the New World Order The quest to dominate the world and fuse all nations together as one entity is an age long battle which becomes more profound and pronounced in the modern days with the use of chemical biological psychological spiritual and other weapons With presentations of documentary circumstantial and other evidences most of which are made available by ancient and modern researchers and writers this book attempts to shed light on what actually characterized global events like the French revolution world wars civil wars virus pandemic and other catastrophes that plague humanity These research works address the question that was raised in the book titled Pawn In The Game by William Guy Carr who asked why the Human Race can't live in peace and enjoy the bounties and blessing God provides for our use and benefit in such abundance This book also serves as a warning that when the New World Order emerges humans will become semi robots that are shackled into Computer Network through the use of Artificial Intelligence IA as opposed to Natural Intelligence *Guinea Pigs of the New World Order* Joachim Onyeakor, 2012 The author believes that those labelled as blacks in the world are the greatest victims of racial discrimination and will be highly victimised as the New World Government takes full force According to the author racism is not a problem as humans seem to have evolved with some seemingly physical differences resulting in different races but the main problem is racial discrimination which has resulted in series of racially driven ugliness that people of colour most especially blacks face in the world in these present times including the treatment they shall receive from the New World Government The African continent harbours this breed of humans called blacks and many studies have been undertaken to prove whether African natives are inferior in intelligence therefore incapable of higher thoughts and higher arts The author begs to disagree hence race has nothing to do with human intelligence and the reasons why there is insignificant human development in Africa according to the author are human slavery which happened in the past which was a plot to use African natives as human machines forced dominance which resulted in land seizures in some part of Africa and colonial invasion which was a plot to acquire land and natural resources and not to help Africa as the imperialists conspiracy propagandists want all to believe Colonialism came with religious tools enforced with guns and brute force and without the invasion of the colonialists Africans would have developed considering the pyramids of Egypt the axioms of Ethiopia the medical institutes in Timbuktu in the ancient times and more According to the author the reason why the African continent is paralysed in terms of economic development is mental slavery leading to economic slavery Mental slavery is caused by racial discrimination mind diversion using information and religious tools

pseudoscience or superstitions faulty education colonialism and colonial destruction of African cultural evolution The author believes that since Chinese and Indians could develop and attain economic freedom so also canAfrica develop but Africans must first deal with mental slavery Mental slavery leads to economic slavery Today Africans cannot produce what they consume nor consume what they produce all because of mental slavery An endangered species is a population of organisms which is facing a high risk of becoming extinct because it is either few in numbers or threatened by changing environmental or predation parameters Technically speaking African natives are facing predation parameters and it seems that the New World Order since its creation and inception designated the African natives that they call blacks as guinea pigs that will be used in its operations and to advance its cause The black man has faced cruel slavery colonialism forced dominance and subjugation neo colonialism and he is now also facing mental slavery a far more dangerous situation It is a situation not recognisable with the naked eye yet exists and poses more danger than all of the former creating a cloud of mental slaves who are moving in the wrong direction applying the wrong life operational parameters Development is extremely slow in the African continent and the advanced nations have ceased that opportunity to transform the continent into a huge market for their finished goods in the process also fuelling mind slavery to impair development They hypocritically condemn the African continent as incapable of self sustenance but it has never occurred to anyone that ifAfrica stands up today those advance nations will lose their market In exchange directly or indirectly for the rich natural resources of the African continent the advanced nations have fuelled wars and mental slavery in the continent while still condemning the continent Unfortunately the same mercenaries of the New World Government who enslaved the African people in

THE REAL QUESTS FOR NEW WORLD ORDER Dipu Toby Alakija, While some historical accounts are distorted so many parts were written long before they eventually become history This is because a clique sees the need to destroy the old order and pave the way for the New World Order The quest to dominate the world and fuse all nations together as one entity is an age long battle which becomes more profound and pronounced in the modern days with the use of chemical biological psychological spiritual and other weapons With presentations of documentary circumstantial and pictorial evidences most of which are made available by ancient and modern researchers and writers this book shed light on what actually characterized global events like the French revolution world wars civil wars virus pandemic like COVID 19 and other catastrophes that plague humanity These research works address the question that was raised in the book titled Pawn In The Game by William Guy Carr who asked why the Human Race can't live in peace and enjoy the bounties and blessing God provides for our use and benefit in such abundance This book also serves as a warning that when the New World Order emerges human beings will be shackled with Computer Network and turned into semi robots that are controlled by a Clique of Globalists

The New Underworld Order: Triumph of Criminalism the Global Hegemony of Masonic Intelligence Christopher Story, 2006 *Inside Secret Societies* Michael Benson, 2005 *Secret Societies* lifts the lid on some of the most notorious and clandestine

organisations in the world From frat boy handshakes to the 47th level of Freemasonry this entertaining and hugely informative guide tells all Even the most sceptical of readers will agree that secret societies are more important than just passwords secret handshakes and silly ceremonies Often they control business and politics The book includes 150 200 entries each detailing a secret society There is also an extensive bibliography and glossary included **Secret Societies** Michael Howard,2007-12-05 An overview of how esoteric brotherhoods have shaped history Examines the secret chronology and clandestine causes of seminal world events Shows how secret societies feed into one another and how they have worked together For thousands of years secret societies guardians of ancient esoteric wisdom have exercised a strong and often crucial influence on the destiny of nations Though largely ignored by orthodox historians the Freemasons Knights Templar and Rosicrucians affected the course of the French and American Revolutions as well as the overthrow of the medieval feudal order Inevitably the true ideals and esoteric practices of these societies have at times been perverted by self serving individuals The Nazis and the Bolsheviks British security forces the founding fathers of America and the Vatican have all justified their actions for good or for ill by claiming the mystic ideals of secret societies Michael Howard explores these connections tracing their effects in politics and statecraft from the time of ancient Egypt up to the present He sheds light on the influence of secret societies on governments and in the lives of many well known figures including Frederick the Great John Dee Francis Bacon Benjamin Franklin Comte de Cagliostro Helena Blavatsky Rasputin and Woodrow Wilson He contends that the recent formation of the European Union was directed by an umbrella group of secret societies and reveals that though secret societies have been persecuted throughout history they have survived and continue to operate powerfully in world affairs today **The Complete Idiot's Guide to the New World Order** Alan Axelrod, Ph.D.,2010-09-07 The good the bad and the ugly behind the NWO The New World Order NWO is a conspiracy theory describing the evolution or existence of one world government administered by the powerful elite Now Alan Axelrod offers an understandable look at what the NWO really means to people and lets the reader decide which theories are correct or whether perhaps it s a little bit of every proposed theory He discusses The Knights of Templar the Illuminati the Masons ancient and modern day religionists and how they paved the way for a possible Fourth Reich The link between the lost island of Atlantis Hitler and the first President Bush with the concept of a future one world government The United Nations Yale University s Skull and Bones society the Rockefellers Morgans Rothschilds and Kennedys **Ragnork's 7: The Search Begins** T.D Sheikh,2012-10-31 Every generation destiny is thrust upon a very special unsuspecting child who will bear the responsibility of being the saviour for the lands of Ette However there are times when destiny is wrong and that child becomes a force of evil This is exactly what happened to Eirhual when he became a young man not wanting his reign of his lineage to ever end he cast a very powerful spell which would bewitch every first born in his family to take up the mantle when the predecessor perished Although as time went on Lord Akakois the descendant of Eirhual had his power locked away Unable to use this power

Monks of a secret order known as the Order of Orin plotted to steal the source of his power in case he somehow managed to unlock its secret one day For the price of freedom the Order sent a willing Monk into the future to seek of the next true saviour who would be able to be the hero they all have been seeking and stop Akakois s reign of tyranny **Secret Societies: Gardiner's Forbidden Knowledge (Volume 2 Of 2) (Easyread Super Large 24Pt Edition)** Philip Gardiner,2009 **Dominic Ignatius Ekandem 1917-1995** Michael I. Edem CM,2018-09-30 A phenomenon seldom recognized in the media of Western Europe and North America is the extraordinary growth of the Catholic Church of South America and sub Saharan Africa during the last five decades and nowhere more than in Nigeria A key figure in that country and in that growth up to his death in 1995 was Cardinal Ekandem the first Anglophone West African bishop the first of many and an outstanding churchman of the 20th Century Fr Michael Edem s scholarly biography of the Cardinal is a fascinating account of a journey from life in a traditional African village to the consistory of cardinals of the Catholic Church in Rome It will be of enormous interest to a wider public for the author s personal knowledge of the cardinal and of the Efik Ibibio culture in which they both grew up **Prophecy A-Z: The Complete Eschatological Dictionary** Bernie L. Africa's most populous nation Nigeria. The nine treatises in this book unequivocally identify the primary motivations and major players in the imbroglio that is responsible for the quagmire which the international oil market is faced with today. The bold academic discourses to a large extent blame British imperialism, global capitalism and Nigeria's political elites for the situation in the Niger Delta, which has a far-reaching global effect. Each of the essays nonetheless paints a picture of hope for the distraught communities in the Niger Delta in spite of the dark themes that are the preoccupations of the scholars. That is if the Nigerian government would approach the Niger Delta crisis with the absolute sincerity that it deserves.

Divine Secrets and Human Imaginations Angelika Berlejung, 2021-04-13. The articles in this volume of collected essays written over the last two decades and all revised, updated and supplemented with unpublished material are grouped around two themes: Divine Secrets and Human Imaginations. The first essays deal with the production, initiation, use and function, the abduction, repatriation and the replacement of divine images, their outer appearance and the many facets of the divine presence, theology in Ancient Mesopotamia. The essays on the second topic deal with human imaginations, human constructs and constructed memories which assign meaning to the past or to things or experiences that are beyond human control. Thematically, several aspects of the human condition are examined, such as the ideas associated in the Old Testament and the Ancient Near East with death, corporeality, enemies, disasters, utopias and passionate love.
