Hitlers livl ge Theo Morells dagb ger beskriver Hitlers fysiske og psykiske tilstand gennem 2 verdenskrig til hans sidste dage i Berlin **The Lost Life of Eva Braun** Angela Lambert, 2014-09-02 Eva Braun is one of history's most famous nonentities She has been dismissed as a racist feathered headed shop girl yet sixty two years after her death her name is still instantly recognizable She left her convent school at the age of seventeen and met Hitler a few months later She became his mistress before she was twenty How did unsophisticated little Fraulein Braun twenty three years his junior hold the most powerful man in Europe in an exclusive sexual relationship that lasted from 1932 until their joint suicide Were they really lovers and what were the background influences and psychological tensions of the middle class Catholic girl from Munich who shared his intimate life How can her ordinariness and apparent decency be reconciled with an unshakeable loyalty to the monster she loved She left almost no personal material or documents but her private diary and photograph albums show that her life

with Hitler far from being a luxurious sinecure caused her emotional torture His chauffeur called her the unhappiest woman in Germany The Führer humiliated her in public while the top Nazis wives living in his privileged enclave on a Bavarian mountainside despised her Yet Albert Speer said She has been much maligned She was very shy modest A man's woman gay gentle and kind incredibly undemanding a restful sort of girl And her love for Hitler as she proved in the end was beyond question Eva loved the Führer not for his power nor because thanks to him she lived in luxury His material gifts were nothing compared with the one thing she really wanted his child She remained invisible and unknown a nonperson They were never seen in public together and she never saw him alone except in the bedroom yet their long relationship was a sort of marriage Angela Lambert reveals a woman the world never knew until the last twenty four hours of her life In the small hours of April 29 1945 as Allied troops raced to capture Berlin and the bunker below the Reichskanzlei where the defeated Nazi leaders were hiding Eva Braun finally achieved her life's ambition by becoming Hitler's wife Next day they both swallowed cyanide and died instantly She was young healthy and thirty three years old Based on detailed new research this is an authoritative biography only the second life of Eva written in English

Stephen Tyas, Peter Witte, 2014-03-24 Himmler's Diary 1945 A Calendar of Events Leading to Suicide is an exceptional work with unpublished diary entries made by Himmler that shows in detail how The Third Reich fell to ruin in its final bloody year Reichsführer SS Heinrich Himmler was instigator of the largest programme of racial mass murder in history 1 January 1945 saw Heinrich Himmler at his peak in Nazi Germany controlling the entire German police force including the Gestapo all SS organisations and Nazi Minister of the Interior His powers extended into the German Army and included Commander of the Replacement Army and two Army Groups Two field commands revealed his limitations and failure as army commander Between January and May 1945 Heinrich Himmler vacillated showing a lack of vision action and decision At least he was able to gain control of V 2 rocket production and their launch against Britain He ordered all concentration camp inmates be shot before rescinding the order When his SS generals asked for instructions Himmler ordered them to show backbone as their commands had few bounds The Swedes and Swiss negotiated with Himmler who allowed over 10 000 concentration camp prisoners taken to safety before Hitler intervened Himmler conducted peace feelers via the Swedes before the German surrender in May 1945 while trying to make contact with British Field Marshal Montgomery These contacts went unanswered Himmler was captured by the British and then committed suicide on 23 May 1945

Peiper's Last Gamble
Danny S Parker, 2025-02-28 By the autumn of 1944 Hitler's plans for the conquest of Europe were in disarray The Führer's much vaunted Third Reich facing an Allied onslaught from the east and west was slowly collapsing Desperate to seize the initiative on the Western Front Hitler seeing himself as a beleaguered modern day Frederick the Great looked for some bold counterattack that could change his fortunes Hitler's wish had at least one clear result for as even as early as 19 August 1944 he had instructed Alfred Jodl to consider a bold counter stroke in the west in November Hitler's generals therefore set about

drawing up plans for an offensive in the area of the Ardennes Forest It was to be an attack that would enable German forces to cross the Meuse and decisively breaking through the Allied front line advance on Antwerp Given the limitations he and his forces faced Hitler knew he would need panzer leaders capable of a delivering a Blitzkrieg advance perhaps one that took advantage of night time hours One of the German officers who was tasked with delivering this audacious victory was the battle hardened veteran SS Obersturmbannführer Jochen Peiper A Waffen SS officer and one of the most celebrated heroes of Hitler's armies Peiper and the SS Panzer Division Leibstandarte as a whole were already on his mind A long time adjutant of Heinrich Himmler and completely dedicated to the Nazi cause Peiper had fought in every major campaign of the Second World War However having been wounded in Normandy following the D Day landings Peiper also ailing from a combination of battle fatigue and hepatitis had been evacuated to a field hospital and then back Germany in August 1944 It was while he was recuperating at the SS Reserve Hospital 501 overlooking Lake Tegernsee in Bavaria that Peiper learnt of his part in the forthcoming offensive Though his skin had a sickly ochre cast from jaundice and three years of front line combat too many days of coffee and cigarettes followed by nights of fighting and frustration and the fact that his nerves were shot he had been selected as one of the men who would lead the Führer's final great gamble Comprising some 4 800 men and 600 vehicles including a number of the powerful Tiger II heavy tanks Kampfgruppe Peiper played a central part in the Ardennes Offensive or the Battle of the Bulge as it is commonly known which was unleashed on 16 December 1944 It is a role that is explored here by Danny S Parker who reveals the successes defeats and war crimes that Kampfgruppe Peiper was involved in before the Ardennes Offensive ended in failure in January 1945

Alarm Roberto Mulyaert, 2022-11-30 At the beginning of his first trip into combat Werner suddenly realized what a difficult spot he had gotten himself into There he was a crew member of a vessel whose mission was to wander the depths of the sea in a precarious existence for fifty four men all of whom were Germans except for him under the possibility of attacking or being attacked at any moment After three months of glorious missions all ended in triumph the Brazilian sailor Werner Hoodhart proposes to his comrades to stop their U 199 at Praia Grande to enjoy a caipirinha *Alarm* offers in vivid and powerful details a deep insight into the submarine battles during World War II and a realistic representation not only of the life of soldiers on a sub but of Brazil from 1942 Roberto Mulyaert was born in Santos Brazil in 1935 he is an expert in WWII especially on the submarine war He graduated from Mackenzie University in São Paulo as a civil engineer in 1959 Publisher Editor and Writer started his journalistic career in 1964 at Editora Abril Founder of RMC Editora he also published magazines and books He was also the President of the São Paulo Biennale in 1984 85 and was elected President of ANER the Association of Brazilian Magazines for four years Among his nine books published there's another one related to the war besides *Alarm* called 1943 it deals with the visit of President Franklin Delano Roosevelt to the NorthEast of Brazil during the war to meet Getulio Vargas Brazil's President

Ratline Peter Levenda, 2012-04-17 *Ratline* is the documented history about the mechanisms by which thousands of other Nazi war

criminals fled to the remotest parts of the globe including quite possibly Adolf Hitler It is a story involving Soviet spies Nazi priests and a network of Catholic monasteries and safe houses known as the ratline The name of one priest in particular Monsignor Draganovic was discovered by the author in a diary found in Indonesia Why would this name turn up in a document written in a spidery German hand in a remote island in Indonesia As famed author Peter Levenda began his research more information came to light In December of 2009 it was revealed that the skull the Russians claimed was Hitler's salvaged from the bunker in 1945 was not that of Hitler In 2010 files from the Office of Special Investigations of the Justice Department were declassified revealing a history of American intelligence providing cover for Nazi war criminals The mystery deepened and the author returned to his own roots hunting Nazis in North America South America and Europe He revisited old contacts made some new ones and gradually the explosive story was revealed there is no forensic evidence to prove that Adolf Hitler died in the bunker in April 1945

Industry and Ideology Peter Hayes, 2000-11-13 The power of big business in the economy of the Third Reich remains one of the most important issues of that era Drawing upon research much of it in German corporate and government archives Peter Hayes argues that IG Farben Chemicals the largest corporation in Nazi Germany proved consistently unable to influence national policy outside the narrow sphere of the firm's expertise Indeed as Hayes shows the most infamous aspects of Nazi policy the Third Reich's armaments and autarky drives during the 1930s Germany's advance toward war the pillaging of Europe the exploitation of slave and conscript labor and the persecution of the Jews occurred despite IG Farben's advocacy of alternative courses of action Nonetheless Farben grew rich under the Nazi regime and was directly involved in some of its greatest crimes
