Why Purchase Golf's Top Secret Golf's Top Secret has isolated the common denominator for a good golf swing It has been determined by a leading college mathematics professor that a ball struck under the Golf's Top Secret program has a three times greater chance of going toward your intended target There is no other program that corrects your driver putting irons and chipping all in one program Golf's Top Secret does it all The driving range is not the answer Golf's Top Secret developer and program is If you work the program for just six months and go back to your pro he or she will be shocked at what you can do All they will have left to do is help with your posture and set up When you employ Golf's Top Secret program and developer you too can play great golf [The Secret to a Great Golf Swing](#) Mike Cortson, 2006 [Finally, the Golf Swing's Simple Secret](#) J. F. Tamayo, 2010-05 Every weekend golfer should read this great book CAMILO VILLEGAS Multiple time PGA Tour winner Have you ever wondered why the average handicap on the USGA has barely improved in the last 20 years The answer is very simple a The Golf Swing is very difficult to understand and to perform b The average weekend golfer would love to improve but doesn't have the time or the interest to spend long hours practicing After studying the golf swing for over 25 years JF Tamayo has developed a revolutionary method proved for the weekend golfer of any level to significantly improve distance and accuracy from day one based on three main principles 1 FOCUS ON CHANGES THAT MOST POSITIVELY AFFECT RESULTS Opposite to the traditional methods this book will only ask you to make changes in the most relevant parts of the swing needed to hit solid and consistent shots the backswing and the transition between the backswing and the downswing 2 LEARN HOW TO DEVELOP AN EASY REPEATABLE AND SOLID BACKSWING One of the biggest breakthroughs of the method was the development of a unique and much easier way to consistently make a solidly sound backswing that will look similar to the new Tiger Woods one plane backswing but much simpler to learn to do and to repeat 3 LEARN HOW TO CREATE LAG Being able to increase lag during the downswing is one of the major differences between the amateur's golf swing versus a professional's and probably one of the most misunderstood concepts of golf In this book you will easily learn how to lag the club like the pros dramatically improving your clubhead speed ball striking ability and distance This incredible and simple method will instantly take your game to a higher level while you will be helping others since 50% of the profits obtained from this project will be donated to charity Authors J F TAMAYO 143 Photographs by J Jaeckel *Attention!! the Secret to You Playing Great Golf* Karl Morris, 2014-03 Discover within these pages the tools and

with more accuracy and lower scores which included shooting his age 79 several times within weeks of embracing the secret Complete with 100 photos illustrations and a foreword by movie star Sean Connery Ben Hogan s Magical Device gives an easy to follow explanation of Hogan s secret where it comes from and the foundations which support its successful execution Interspersed throughout the text are stories from professional acquaintances who spoke with Hunt about their times with Mr Hogan

**The Poetics of Golf** Andy Brumer,2007-01-01 Many golfers would agree with Andy Brumer that there is poetry in the game of golf And Brumer is not the first to insist that there is more to the game than the superstars swing gurus and high tech equipment that dominate talk of the game today In this series of essays Brumer one of the most insightful writers on golf considers the game from unexpected and often surprising angles At once contemplative and compelling The Poetics of Golf explores the links between golf and life by way of art and literature philosophy and psychology In portraits of various players including Tiger Woods Jack Nicklaus Annika Sorenstam and Arnold Palmer among others Brumer teases out the truths that their games can tell us not just about golf but about character and courage And he also offers an unconventional yet enlightening look at the intricacies of the golf swing course architecture and golfing equipment Finally his book reveals to us in its content and also in its wide ranging often lyrical style that golf is by no means only a game
