Secret Rendezvous Ark Sakura:

Secret Rendezvous Kobo Abe, 2002-07-09 From the acclaimed author of *Woman in the Dunes* comes *Secret Rendezvous* the bizarrely erotic and comic adventures of a man searching for his missing wife in a mysteriously vast underground hospital From the moment that an ambulance appears in the middle of the night to take his wife who protests that she is perfectly healthy her bewildered husband realizes that things are not as they should be His covert explorations reveal that the enormous hospital she was taken to is home to a network of constant surveillance outlandish sex experiments and an array of very odd and even violent characters Within a few days though no closer to finding his wife the unnamed narrator finds himself appointed the hospital's chief of security reporting to a man who thinks he's a horse With its nightmarish vision of modern medicine and modern life *Secret Rendezvous* is another masterpiece from Japan's most gifted and original writer of serious fiction

The Ark Sakura Kobo Abe, 2009-02-10 A classic from the renowned Japanese novelist about isolation and the threat of a nuclear holocaust *The Ark Sakura* is as timely today as it was at its original publication In this Kafkaesque allegorical fantasy Mole has converted a huge underground quarry into an ark capable of surviving the coming nuclear holocaust and is now in search of his crew He falls victim however to the wiles of a con man cum insect dealer In the surreal drama that ensues the ark is invaded by a gang of youths and a sinister group of elderly people called the Broom Brigade led by Mole's odious father while Mole becomes trapped in the ark's central piece of equipment a giant toilet powerful enough to flush almost anything including chopped up humans out to sea

Sublime Voices Christopher Bolton, 2020-03-17 Since the 1950s Abe K b 1924 1993 has achieved an international reputation for his surreal or grotesque brand of avant garde literature From his early forays into science fiction to his more mature psychological novels and films and finally the complicated experimental works produced near the end of his career Abe weaves together a range of voices the styles of science and the language of literary forms In Abe's oeuvre this stylistic interplay links questions of language and subjectivity with issues of national identity and technological development in a way that ultimately aspires to become the catalyst for an artistic revolution While recognizing the disruptions such a revolution might entail Abe's texts embrace these disjunctions as a way of realizing radical new possibilities beyond everyday experience and everyday values By arguing that the crisis of identity and postwar anomie in Abe's works is inseparable from the need to marshal these different scientific and literary voices Christopher Bolton explores how this reconciliation of ideas and dialects is for Abe part of the process whereby texts and individuals form themselves a search for identity that must take place at the level of the self and society at large

The Ruined Map Kobo Abe, 2011-12-14 Of all the great Japanese novelists Kobo Abe was indubitably the most versatile With *The Ruined Map* he crafted a mesmerizing literary crime novel that combines the narrative suspense of Chandler with the psychological depth of Dostoevsky Mr Nemuro a respected salesman disappeared over half a year ago but only now does his alluring yet alcoholic wife hire a private eye The nameless detective has but two clues a photo and a matchbook With these

he embarks upon an ever more puzzling pursuit that leads him into the depths of Tokyo's dangerous underworld where he begins to lose the boundaries of his own identity. Surreal, fast-paced and hauntingly dreamlike, Abe's masterly novel delves into the unknowable mysteries of the human mind. Translated from the Japanese by E. Dale Saunders. **The Ark Sakura** Kōbō Abe, 1988. The protagonist of Abe's creation, nicknamed Mole by himself and Pig by others, is a dreamer and something of a mad inventor. He turns an underground quarry into an ark that can survive a nuclear war and starts to recruit passengers to accompany him on a voyage. **The Box Man** Kobo Abe, 2011-12-14. Kobo Abe, the internationally acclaimed author of *Woman in the Dunes*, combines wildly imaginative fantasies and naturalistic prose to create narratives reminiscent of the work of Kafka and Beckett. In this eerie and evocative masterpiece, the nameless protagonist gives up his identity and the trappings of a normal life to live in a large cardboard box he wears over his head. Wandering the streets of Tokyo and scribbling madly on the interior walls of his box, he describes the world outside as he sees or perhaps imagines it: a tenuous reality that seems to include a mysterious rifleman determined to shoot him, a seductive young nurse, and a doctor who wants to become a box man himself. *The Box Man* is a marvel of sheer originality and a bizarrely fascinating fable about the very nature of identity. Translated from the Japanese by E. Dale Saunders. **The Face of Another** Kobo Abe, 2011-12-14. Like an elegantly chilling postscript to *The Metamorphosis*, this classic of postwar Japanese literature describes a bizarre physical transformation that exposes the duplicities of an entire world. The narrator is a scientist hideously deformed in a laboratory accident: a man who has lost his face and with it his connection to other people. Even his wife is now repulsed by him. His only entry back into the world is to create a mask so perfect as to be undetectable. But soon he finds that such a mask is more than a disguise; it is an alternate self, a self that is capable of anything. A remorseless meditation on nature, identity, and the social contract, *The Face of Another* is an intellectual horror story of the highest order. *The Woman in the Dunes* Kobo Abe, 2011-12-14. *The Woman in the Dunes*, by celebrated writer and thinker Kobo Abe, combines the essence of myth, suspense, and the existential novel. After missing the last bus home following a day trip to the seashore, an amateur entomologist is offered lodging for the night at the bottom of a vast sand pit. But when he attempts to leave the next morning, he quickly discovers that the locals have other plans. Held captive with seemingly no chance of escape, he is tasked with shoveling back the ever-advancing sand dunes that threaten to destroy the village. His only companion is an odd young woman. Together, their fates become intertwined as they work side by side at this Sisyphean task. **The New York Public Library Literature Companion** Staff of The New York Public Library, 2001-11-06. Japan Encyclopedia Louis-Frédéric, 2002 Knowing Japan and the Japanese better Louis Fr d ric states in the introduction to this encyclopedia is one of the necessities of modern life The Japanese have a profound knowledge of every aspect and detail of Western societies Unfortunately we in the West cannot say the same about our knowledge of Japan We tend to see Japan through a veil of exoticism as a land of ancient customs and exquisite arts or we view it as a powerful contributor to the global economy the source of cutting edge electronics and innovative
