espionage technology from the advanced weaponry of the nineteenth century to the evolving threat of computer hacking and surveillance. Arguing that the gadgets in the books and films articulate the leading edge of technological awareness at the time, Millard describes how Bond goes from protecting 1950s England from criminal activity to saving a world threatened by nuclear bombs, poison gas, and attacks from space. As a modern and modernizing hero, Bond has to keep up with the times. His film franchise is committed to equipping both Bond and his adversaries with the latest technological gadgets. Simultaneously, Millard stresses the villains and threats that Bond faces, embodying contemporary fears about the downside of technological change. Taking a wide-ranging look at factual and fictional technology, Millard views the James Bond universe as evidence for popular perceptions of technological development as both inevitably progressive and apocalyptically threatening. **Agents**

French Faisies Bernard O'Connor, 2016-06-14 At least 36 French women were infiltrated into France as secret agents during World War Two. Twelve were arrested and ten executed. Some were landed by gunboat in Normandy or Brittany; some were landed by felucca, a converted fishing boat from Gibraltar, and the rest were either landed by Lysander or parachuted from RAF or USAAF planes from Britain or Algeria. Bernard O'Connor's book provides background information on the French, British, American, Russian, and German intelligence services involved. Using contemporary documents, history books, biographies, autobiographies, and websites, he provides detailed accounts of the women's background, training, and secret missions behind enemy lines. For most of these brave women, their stories are told for the first time, acknowledging the contribution they made to France's liberation. In recognition, they were honored with 49 awards. Book jacket *Churchill's Spaniards* Séan F. Scullion, 2024-12-19 Unveils the untold story of over a thousand Spanish Republicans who joined the British Army to continue their fight against fascism during WWII. Very little, if anything at all, has been told about the service of over one thousand Spanish Republicans who volunteered to join the British Army during the Second World War. Churchill's *Spaniards* remedies this and tells their story: men who were continuing the fight against fascism from 1939 to 1946. Churchill's *Spaniards* is not the story of the Spanish Civil War nor the equally well-known one of the International Brigades. It is the story against the backdrop of Churchill's efforts to keep Spain out of the war, of the recruitment, training, and deployment of often battle-hardened Spanish Republicans into the service of the United Kingdom. These fighting men served widely across British Armed Forces as members of the elite SAS and Commandos, in the ranks of the Infantry and of the Pioneer Corps, and as members of the Special Operations Executive. Further, *Spaniards* fought in almost all of the battles and campaigns in the West from the Fall of France and the evacuation of Dunkirk in 1940 to the campaigns in North Africa and Italy, as well as those in North West Europe. Using a wide range of material from Britain, France, and Spain, as well as previously unpublished eyewitness and official accounts along with groundbreaking new research, Séan Scullion finally tells the story of these previously overlooked men. Operation Suicide Robert Lyman,2013-11-05 During the Second World War it is hard to imagine a situation where the British High Command could think that one of the only ways they could attack Hitler was to send ten canoeists with limpet mines to paddle one hundred miles up the Gironde estuary in the middle of winter in an attempt to sink German blockade ships in Bordeaux harbor Yet this is precisely what happened in 1942 The man who gave the go ahead for the audacious commando raid Lord Louis Mountbatten head of Combined Operations fully anticipated that all ten men would die in the attempt Mountbatten wasn t far wrong two ripped their collapsible canoes as they were manhandling them out of the submarine two drowned when their canoes capsized entering the Gironde estuary and a further six were captured by the Germans and later executed By

complete chance the two canoeists who managed to escape Major Blondie Hasler and Marine Bill Sparks stumbled into the arms of the French resistance Once in their care Hasler and Sparks made their way across France and into Spain crossing the Pyrenees in the company though they did not know it of a Gestapo agent intent on bringing down the resistance network Operation Suicide is the first account of this enthralling raid for over fifty years In utilizing primary source material including detailed German records captured by the British in 1944 which remained censored until 1976 Robert Lyman brings to life one of the most courageous and dramatic events to take place in the darkest days of the Second World War
