England's Secret Weapon Amanda Field, 2012-07-19 England's *Secret Weapon* explores the way Hollywood used Sherlock Holmes in a series of fourteen films spanning the years of World War II in Europe from *The Hound of the Baskervilles* in 1939 to *Dressed to Kill* in 1946 Basil Rathbone's portrayal of Holmes has influenced every actor who has since played him on film TV stage and radio yet the film series has until now been neglected in terms of detailed critical analysis The book looks at the films themselves in combination with their historical context and examines how the studio updated Holmes and recruited him to fight the Nazis steering a careful course between modernising the detective and making sure he was still recognisable as the old Holmes in clothes locations and behaviour

The Secret Weapon Against Terrorism Daniel Ogweno,2007-10 In this book Ogweno is not seeking God s best answer for terrorism but God s personal intervention He points out the difference it makes when God Himself shows up in the hearts of both the terrorist and the terrorized God s law for example is perfect His best Psalm 19 7 but some religious people almost executed a woman based on their understanding of this law All this changed when instead of God s best God Himself showed up John 8 3 11 The books that have been written on terrorism are basically descriptive and informative In this book however Ogweno compellingly turns the light on to the prescriptive and transformative Secret Weapon Against Terrorism He maintains Our greatest desire is to bring back civility sanity and security so that we can travel work and gather in social places without fear We don t seek to understand terrorism more than we long to stop it This book therefore doesn t describe the problem it prescribes the solution In the morning hours of January 22nd 1989 Ogweno stumbled on what he had been unknowingly seeking something that would quench the sensual cravings in his life He met Christ and was sensationally saved Since then he has passionately pursued God s pleasure Ogweno believes that God spoke to him saying I am going to give you My best But he answered and said Lord I need more than Your best I need You Personally That was Ogweno s quest The result as he puts it God didn t just give me His best He gave me Himself in the person of Christ Ogweno holds Bachelor of Education Moi University Kenya and M Phil in Mass Communication and Media Studies University of Bergen Norway He is married to Laura Caroline and they are blessed with two boys Victor and Jim Jif and a girl Baraka

German Secret Weapons of the Second World War Ian V. Hogg, 2020-01-24 A comprehensive highly detailed study that displays a stunning wealth of technical knowledge a brisk and understandable narrative HistoryNet The phrase German secret weapons immediately conjures up images of the V 1 and V 2 missiles that bombarded London in 1944 But what of the V 3 and V 4 What of Schmetterling the Rochling shell the Kurt bomb the Hs293 These and many other devices were all part of the German secret armory but are relatively unknown except to a handful of specialists What of the German nuclear bomb And the question of chemical warfare The sheer magnitude of the secret weapon projects of the Third Reich is revealed in this comprehensive study written by one of the world's great experts on weaponry The book explores the various fields in which the Germans concentrated their weapon development and discusses the multiplicity of ideas the difficulties and in several cases how these ideas were subsequently exploited by the victors Although much of the German wartime development was not completed before the war's end it nevertheless provided a

foundation for a great deal of the munitions development that has since taken place Comparisons with Allied projects are also drawn This book explodes some of the myths surrounding Hitler's secret weapons to reveal a truth all the stranger for being fact Includes photographs and line drawings *The Secret Weapon* Michael A. Campbell, 2005-11 **The Secret Weapon of Africa** Yao Foli Modey, 2014-08-13 It was in the middle of the harmattan season and the weather was hot and humid The scorching rays of the sun had sucked the moisture out of every plant in the land and had turned the green leaves into dark yellow in color Many of the leaves had fallen to the ground and had begun to decompose into dark loamy soil rich fertile land innocent and untouched And that was the way it was in ancient times That was the way it was until the Oburoni slave traders arrived on the continent and changed everything imposing their greed and guns on the inhabitants The dry humid air left many people panting for breath and sweating profusely The women complained bitterly the children suppressed their discomfort but the men simply ignored the weather because they had bigger problems on their minds They'd been thinking about the death and the devastation that the Oburoni intruders these uninvited aliens had unleashed on the land *Secret Weapons of Jujutsu* Don Cunningham, 2015-12-08 *Secret Weapons of Jujutsu* is the first jujutsu book in English that deals with the full array of small hand weapons used by the Japanese samurai and constabulary This martial arts manual includes a history of the weapons and discussions of hibiki concealed weapons improvised weapons and traditional battlefield weapons such as kansasai a long pointed metal hairpin worn by men and women kokai and kudzuka small utility knives shoku fire ax shakuhachi a bamboo flute a particular favorite of monks yawara short wooden rod manriki gusari weighted chain suntetsu short iron bar lessan iron war fan *Secret Weapons of Jujutsu* discusses the weapons and demonstrates their use in a series of clear easy to follow photographs Also included are historical photographs as well as reproductions of paintings and line drawings of these weapons and their bearers **Hitler's Suppressed and Still-Secret Weapons, Science and Technology** Henry Stevens, 2007-08 What spooked the Allies in the closing months of the war Why they were in such a panic to win quickly Because they knew the Nazis were developing supermetals electric guns lasers and ray weapons Here are official previously suppressed reports of cold bombs the red mercury bomb oxygen bombs fuel air bombs atomic bombs and rumors of the mysterious molecular bomb The SS black alchemists delivered large mystery rockets with technology far beyond the V 2 They also invented the computer magnetic tape and computer programs refined crude oil using sound waves or produced gasoline for 11 cents per gallon as well as the synthetic penicillin substitute 3065 Includes German experiments in time sustained fusion reactions zero point energy and travel in deep space *The Secret Weapon* Bradley Wright, 2020-04-26 The CIA keeps a lot of secrets None more deadly than him After a covert mission became personal the only way elite counterterrorism operative Alexander King could keep his loved ones safe and the eyes of Washington's enemies blind to his existence was to disappear A year after his family buried a body they thought was his King saves a young woman from a car bomb in London and that's when his work in the shadows becomes complicated Because she's not who he

thinks she is and the web that King is pulled into is tangled with enemies that reach the highest levels of the United States government But this web being spun by a sadistic terrorist isn't your average one time explosive attack Saaqid Hammoud is aiming higher He isn't trying to cripple the greatest military in the world he's looking to control it And owning the presidential candidate with a clear path to the White House gets him all the way to the top When politics fail and the might of the world's most powerful nation hangs in the balance it's secret weapons like Alexander King who scour the alleys and back avenues that often make the difference Unfortunately King isn't the only secret in this high stakes game of war But for the sake of the free world he sure as hell better be the best If you couldn't put down Vince Flynn's Mitch Rapp Lee Child's Jack Reacher Tom Clancy's Jack Ryan Brad Thor's Scot Harvath or David Baldacci's Will Robie fans of Bradley Wright believe you won't be able to put down the addictive Alexander King _____

SPECIAL REPORT 2011: Hitler's Secret UFO Weapons Jack Follett, 2010 UFO sightings during and after World War II can be traced back to the German weapons makers and their amazing use of electro gravity to power their own manmade ships Many of the ships appear to bear the sign of the Nazi cross on their outer skin which is shown in several of the more dramatic photos in the same way that an airplane would bear insignia on its wings and fuselage This is further borne out by actual newsclippings from The New York Times in which U S soldiers in Europe reported seeing colored spheres flying both singly and in clusters during the war The idea that the Germans were using a secret base in Antarctica to house and maintain their so called UFOs is examined and Admiral Byrd's famous exploratory trip to the frozen south is explained as a military attack on the Nazi stronghold disguised as a scientific mission Apparently the U S forces were no match for the Nazi airships which shot down several planes and forced Byrd's troops to retreat
