## **Secretary Of Defense:**

The Duties and Responsibilities of the Secretary of Defense David C. Ruffin, 2004-12-15 Students will learn about the history of this important position as well as learning what the main duties of the secretary of defense are Readers will learn that the secretary of defense oversees the army navy air force and marines and they will read about what each of these military branches does to keep Americans safe Holding the Line Guy M. Snodgrass, 2019 The author offers an insider s sometimes shocking account of how Defense Secretary James Mattis led the U S military through global challenges while serving as a crucial check on the Trump Administration **Soldier Secretary** Christopher C. Miller, 2023-02-07 President Trump s last secretary of defense shares harrowing stories of missions in Iraq and Afghanistan gives an insider look at the tumultuous final days of the Trump administration and issues a stark warning about the readiness of the military under President Biden If you know one thing about Chris Miller it s that he was President Donald Trump s final Secretary of Defense elevated to that position in the days after the 2020 election If you know a second thing about Chris Miller it s that he oversaw the U S Armed Forces during one of the most controversial and tumultuous periods the military has experienced in decades culminating in the shocking events at the U S Capitol on January 6 2021 Yet Chris Miller is no political partisan On the contrary Miller has spent his adult life in the crosshairs of America s most dangerous enemies from Middle Eastern deserts to the bowels of U S intelligence agencies and emerged as one of the leading national security minds of his generation Needless to say Chris Miller has stories to tell In **Soldier Secretary** he reveals for the first time everything he saw in a book that is candid thought provoking and like that of no Secretary of Defense before him This book is not just the inside story of what happened during the Trump administration it s the inside story of what happened to America its military and its institutions during the two decades after September 11 2001 Part badass part iconoclast Miller is an irreverent heterodox and always fascinating thinker whose personal journey through war and the White House has led him to some shocking conclusions about the state of American power in 2021 With a perspective that will surprise and interest both Republicans and Democrats Miller argues for a radical rethinking of U S national security strategy unlike anything since the creation of the joint armed forces in the 1980s He offers a roadmap for how the United States can win in the era of unrestricted warfare by shedding the bloated defense bureaucracy bringing American forces home from endless conflicts renewing our national unity and beating China at its own game Miller is a true American warrior whose incredible journey from Iowa to Afghanistan to Iraq to the White House endeared him to the troops prepared him for the unprecedented crisis of January 6 and left him deeply concerned about the future of our military and the future of our nation **SECDEF** Charles A. Stevenson, 2006 SECDEF offers an expert s insights into one of the most difficult jobs in Washington Of the twenty one men who have held the post of secretary of defense since it was created in 1947 only half served more than eighteen months The first James Forrestal committed suicide soon after leaving the Pentagon Seven of his successors were fired or allowed to resign

gracefully after losing the confidence of the president Many left frustrated and disappointed while few retained the celebrity and esteem they held while in office One observer has called the job the graveyard of political ambitions Charles A Stevenson who as a national security adviser to four U S senators has seen several defense secretaries in action examines the unique challenges of this office to learn why the failure rate has been so high SECDEF focuses on how the secretary performs in the broader world of national security policymaking how he handles civil military relations in planning strategy and wars how he functions on the National Security Council and deals with the president and secretary of state and how well he performs as a politician especially in dealing with Congress In office Charles Stevenson finds these men have tended to fall into one of the three general roles for executing such responsibilities revolutionaries firefighters or the most common role team players Stevenson analyzes each type for its defining characteristics and evaluates individual secretaries This book will appeal to defense professionals and students alike and to readers interested in American defense and foreign policy who want to learn more about the important role often played by the person informally labeled the SECDEF

**History of the Office of the Secretary of Defense**, 1984 **History of the Office of the Secretary of Defense: The McNamara ascendancy, 1961-1965**, A narrative history and assessment of the early years of Robert McNamara s tenure as Secretary of Defense including McNamara s relationship with Presidents Kennedy and Johnson the transformation of the Department of Defense as a part of Kennedy s New Frontier and the Pentagon s handling of the Cuban Missile Crisis Bay of Pigs episode and onset of the Vietnam War along with other major national security events and developments during a turbulent and momentous period of the Cold War Fuller description is on the dust jacket flaps **Semiannual Report of the Secretary of Defense and the Semiannual Reports of the Secretary of the Army, Secretary of the Navy, Secretary of the Air Force** United States.
