Offshoring

John Urry,2014-06-05 The concealment of income wealth and profits in tax havens has brought the topic of offshoring into public debate but as John Urry shows in this important new book offshoring is a much more pervasive feature of contemporary societies These often secretive activities offshore also involve relations of work finance pleasure waste energy and security Powerful and pervasive offshore worlds have been generated posing huge challenges both for governments and for citizens This book documents the various patterns of offshoring of the economy sociability politics and the environment In each case offshoring generates new patterns of power reduces the responsibilities of the powerful offshore class and limits the conditions for democratic governance Offshore out of sight over the horizon are some of the troubling processes and metaphors by which much life has been rendered opaque and dependent upon secrets and lies By analysing these patterns and processes Urry sheds fresh light on the hidden worlds of offshoring and exposes the dark side of globalization The book concludes by considering whether offshoring can be reversed whether it is possible to bring about the systematic reshoring of relations that would be good for democracy and for developing low carbon futures Urry portrays the coming century as being poised between even more extreme offshoring and various endeavours to bring back home that which has currently escaped over the horizon

Disinformation Guides gathers another all star line up of exposés. Juries have ruled in recent trials that Watergate was really about a Democratic Party prostitution ring. Ignored in the U S and distorted elsewhere, the Milosevic tribunal hasn't gone the way authorities were anticipating. We present exclusive first hand reporting from the trial. Most theologians don't believe in the physical Resurrection of Jesus. In 2001 the U S uncovered the biggest spy ring in the country since WWII yet most people never heard about it. The U S is engaging in bioweapons research that violates international treaties and federal law. The New York Times knows about this but refuses to report it. Teddy Roosevelt and Wall Street created Panama for profit. Gandhi wasn't so wonderful after all. These are just some of the revelations in the third of our all star anthologies. Following up on bestsellers *You Are Being Lied To* and *Everything You Know Is Wrong*, editor Russ Kick has again assembled a line up of leading investigative journalists, academics, activists, commentators, and independent researchers covering CIA assassinations, the anthrax attacks, fluoride TWA 800, Abraham Lincoln child protective services, the tobacco industry, forgotten uprisings, the government's missing trillions, even more revelations about 9/11, and much more. Contributors include Gary Webb, Greg Palast, Noreena Hertz, Howard Zinn, Douglas Valentine, Jim Houghan, Kristina Borjesson, Arianna Huffington, and many more well known writers, some of whom you'll be extremely surprised to see in these pages.

The Panama Papers Frederik Obermaier, Bastian Obermayer, 2017-03-30. From the winners of the 2017 Pulitzer Prize for Explanatory Reporting, 11.5 million documents sent through encrypted channels. The secret records of 214,000 offshore companies. The largest data leak in history. In early 2015, an anonymous whistleblower led investigative journalists Bastian Obermayer and Frederik Obermaier into the shadow economy where the super rich hide billions of dollars in complex financial networks. Thus began the ground breaking investigation that saw an international team of 400 journalists work in secret for a year to uncover cases involving heads of state, politicians, businessmen, big banks, the mafia, diamond miners, art dealers, and celebrities. A real life thriller, *The Panama Papers* is the gripping account of how the story of the century was exposed to the world.

The Evil That Men Do Robert Gleason, 2018-05-08. Robert Gleason brings his *A Game* to *The Evil That Men Do*, a terrorism thriller steeped with equal parts terror and wit. Income inequality and the offshore hoarding of illicit black funds have reached such extremes that the earth's democracies are in peril. The oligarchs are taking over. The People worldwide, however, are rising up and they demand that the UN seize and redistribute all that illegal filthy lucre. But it will not be easy. The world's oligarchs will not go gentle. Mikhail Putilov, Russia's strongman, J. T. Tower, the American president, and Wahid al Waheed, the Saudi Ambassador to the US, will do anything to stop and destroy this global expropriation moment, even if it means nuking the UN. Only three people can stop them: the crusading muckraking investigative journalist Jules Meredith, ex CIA agent Elena Moreno, and her boyfriend, the ex Special Forces Operative turned cybersecurity billionaire John C. Jameson. If these three fail, democracies around the world will die, and the Age of the Great Global Oligarchs will begin. If these three friends fail, the nuclear fireballs will blaze, the UN will burn, and a New Dark Ages will ensue. People everywhere must hold their breath, and
