**The Secret Influence of the Moon** Louis Proud, 2013-12-01 The Moon is not a cold dead rock but a rich

fascinating world just as alive as Earth Investigates the Moon as the home of an alien intelligence who controls humanity Examines several of NASA's Apollo missions and the findings they concealed Reveals the many holes in the Giant Impact theory about the Moon's origins and the evidence for a hollow artificial Moon Explores the deep influence of the Moon on the collective mind of humanity and occult teachings about the Moon from the Qabalah tarot and other sources Despite being the most prominent celestial body after the Sun the Moon has many qualities that science has yet to explain Lunar rock samples reveal the Moon once had a magnetic field like the Earth and seismic experiments by NASA suggest the Moon is at least partially hollow For centuries people have observed lights moving clouds and shadows and even the disappearance of entire craters via telescope Apollo astronauts repeatedly felt the presence of a non human intelligence during their Moon visits and many indigenous traditions speak of malevolent visitors from the Moon A growing body of astrophysical and geological evidence shows the Moon is not an entirely natural world that someone or something altered it long ago Louis Proud explores the phases and movements of the Moon along with its ancient and mysterious features its craters maria rilles tunnels and domes He examines several of NASA's Apollo missions showing not that NASA faked the Moon expeditions but that they concealed what the astronauts found there He explains the many holes in the commonly accepted Giant Impact theory of the Moon's origins and reveals the evidence for a hollow artificial Moon placed in orbit eons ago to observe Earth Examining the deep influence of the Moon on the collective mind of humanity Proud looks at what the Qabalah the tarot and other occult traditions say about the Moon and interprets G I Gurdjieff's teachings that we are food for the Moon He investigates the Moon as a gateway to another realm as the Purgatory of Christianity and as the home of an alien intelligence who controls and exploits humanity Examining the Moon from both scientific and esoteric perspectives Proud shows the Moon is not a cold dead rock but a rich fascinating world just as alive as Earth

**Suppressed Inventions and Other Discoveries** Jonathan Eisen, 2001-01-01 A scientist with a revolutionary cure for AIDS is incarcerated without explanation Valuable artifacts are mysteriously misplaced by a prominent archaeological institution Three celebrated astronauts perish in a suspicious fire after voicing their criticism of the US space program Yet our world's most powerful agencies hastily dispel these alarming reports as conspiracy theories and bury them in padlocked archives The fact is that a suppression syndrome exists in our society Suppressed Inventions and Other Discoveries exposes the startling degree of truth behind the rumors Jonathan Eisen has collected over forty intriguing stories of scientific cover ups and programs of misinformation concocted to conceal some of the most phenomenal innovations in mankind's history These no holds barred accounts force us to confront the naiveté and danger of trusting our academic and political leaders to act always for the common good Suppressed Inventions and Other Discoveries presents documented evidence that corporate self interest scientific arrogance and political savvy have contrived to keep us in the dark about technological breakthroughs or interplanetary contact that may shift the current balance of power Prepare yourself for a revealing look at the research and development to which we've been denied

access Suppressed Inventions and Other Discoveries begins by examining the ties that bind the medical establishment to powerful pharmaceutical corporations Then it details the struggle of the independent research against Orthodox Science and its code of conduct the Scientific Method Next the book investigates the cover up of information concerning UFOs and extraterrestrial life that s certain to make you reconsider what you thought was science fiction The final section discusses just a few of the numerous alternate energy resources and fuel savers that if put on the market today would soon run the fossil fuel monopolies out of business

**The Encyclopedia of Moon Mysteries** Constance Victoria Briggs,2019-03-19 Our moon is an enigma The ancients viewed it as a light to guide them in the darkness and a god to be worshipped In modern times it has been taught that the Moon is simply a dead rock that is caught in Earth s gravity with no activity As a researcher of metaphysical paranormal and cosmic subjects I have come across stories and information about the Moon that tell us that indeed there is activity there and there has been for generations Just who or what is causing the commotion is a mystery There are stories that suggest that the Moon is home to extraterrestrials theories that it is not a natural satellite tales of anomalous lights and tales that NASA astronauts saw extraterrestrial ships and ruins of an ancient civilization there There is a rumor that Apollo13 was saved by extraterrestrials Another story states that there are extraterrestrial bases on the Moon There is even a tale that states that a part of the kingdom of Atlantis was once located there Some even believe that there are cities beneath the surface of the Moon There is an interesting account of a government employee using remote viewing as a means of seeing what is on the Moon His experience is eye opening This is just a sample of the information that will be in The Encyclopedia of Moon Mysteries Secrets Conspiracy Theories Anomalies Extraterrestrials and More For example did you know that Aristotle and Plato wrote about a time when there was no Moon They even gave a name of an ancient tribe of people that lived during that moonless period several of the NASA astronauts reported seeing UFOs while traveling to the Moon the Moon might be

*The Telescopic Tourist's Guide to the Moon* Andrew May,2017-06-29 Whether you re interested in visiting Apollo landing sites or the locations of classic sci fi movies this is the tourist guide for you This tourist guide has a twist it is a guide to a whole different world which you can visit from the comfort of your backyard with the aid of nothing more sophisticated than an inexpensive telescope It tells you the best times to view the Moon the most exciting sights to look out for and the best equipment to use allowing you to snap stunning photographs as well as view the sights with your own eyes Have you ever been inspired by stunning images from the Hubble telescope or the magic of sci fi special effects only to look through a small backyard telescope at the disappointing white dot of a planet or faint blur of a galaxy Yet the Moon is different Seen through even a relatively cheap scope it springs into life like a real place with mountains and valleys and rugged craters With a bit of imagination you can even picture yourself as a sightseeing visitor there which in a sense you are *Reign of the Anunnaki* Jan Erik Sigdell,2018-09-11 Reveals the ongoing alien manipulation of humanity and how we can break free Explores how the Anunnaki have maintained invisible surveillance over us and how they control our development through religion secret societies and catastrophes Reveals how they feed off our energies and how this ability has allowed them to remain here on Earth as multidimensional entities enforcing their control invisibly Explains how they established religion to control us and how Gnostic Christianity which came from Christ and not the Anunnaki offers a way out of their matrix of control Cuneiform texts found on clay plates in Mesopotamia tell us about an extraterrestrial race called the Anunnaki who came from space to

exploit our planet Through genetic manipulation they created modern humans from existing earthly life forms to serve them as slaves They physically left our planet millennia ago but as Jan Erik Sigdell reveals their influence and control over humanity is still pervasive and significant Sigdell explains how the Anunnaki have maintained invisible surveillance over us as well as control over how humanity develops setting limits on our evolution and holding back our development by means of manipulation and catastrophes including the deluge immortalized in the Bible and many other ancient myths He shows how they still manipulate our politics and affairs via secret societies such as the Illuminati and the political elite such as the Bilderberg Group Examining ancient descriptions of the Anunnaki as entities that resemble winged reptiles or amphibians the author also explores their diet and how they feed off blood and the energies given off by lower life forms such as humans when they are expressing extreme negative emotions having sex or dying This energy feeding ability has allowed them to remain here on Earth as multidimensional entities enforcing their control invisibly He explains how the Anunnaki established religions as tools for control setting up the major religions with themselves as gods and playing them against each other to keep humanity's attention away from ongoing Anunnaki manipulation They have also hidden from us the existence of the true highest creator who created the cosmos as well as the Anunnaki themselves The author reveals how the highest creator sent a messenger called Jesus to expose the Anunnaki and show us a way out of their matrix of control through a spirituality based on love empathy and sacred sexuality But the god of the Anunnaki defeated this messenger and replaced him with a false Christ This led to the development of Paulinian Christianity under Anunnaki influence as well as other parallel religions such as Islam and the suppression and elimination of the original Christianity Gnostic Christianity With the discovery of hidden Gnostic texts and teachings at Nag Hammadi in 1945 the way is now paved for our release from the reign of the Anunnaki
