Secrets Of The Worlds Greatest Apologists:

David's Secret Demons Baruch Halpern, 2003-11-12 This is a print on demand book and is therefore non returnable The Bible portrays King David as an exceptional man and a paragon of godly devotion But was he Some scholars deny that he existed at all Did he This challenging book examines the written and archaeological evidence critically in an effort to paint an accurate picture of one of the Bible s central figures Neither defending nor rejecting the traditions about David Baruch Halpern a leading scholar of biblical history and the ancient Near East traces the origins of development of David s persona Because the biblical text clearly responds to concerns that can only be contemporary with David himself we can believe that David was both real and a central actor in the historical drama of ancient Israel Yet at the same time the written record also shows that contemporaries understood David s character to be much more unsavory trhan the tradition has hitherto allowed Halpern digs beneath the layers of tradition to understand David as an individual as a person The man he uncovers turns out to have been complex ambiguous and above all surprising According to Halpern the image of David grew over time He was the founder of the dynasty that perpetuated the texts about him and they progressively exaggerated his accomplishments But in the earliest writings David remains a modest figure as this book shows for the first time To understand David as a human being one must keep in mind that he was primarily a politicians who operated in a rough and tumble environment in which competitors were ready literally to slit throats Halpern s work raises many provocative questions Was David an Israelite or a Philistine Was Solomon really David s son Did David take the throne of Israel by the consent or against the will of the people How many murders did he commit on his way to the crown Indeed was David someone it would have been wise to even invite to dinner The challenging arguments in David s Secret Demons are sure to provoke all kinds of discussion among biblical scholars and general readers alike In addition a big bonus Halpern s accessible at times humorous prose will itself draw readers everywhere into the compelling story of David found between these covers The Secret World Hugh

Newdegate,1872 *Secret Scrolls* Robert M. Price,2010-12-27 *Secret Scrolls* is the very first examination of some forty novels in which someone discovers a new gospel Sometimes it turns out to be a hoax will it be debunked before it can work its mischief If it proves genuine will it be brought to light Or will corrupt church officials manage to prevent it The book evaluates what each author has to say about historical Jesus scholarship or New Testament research in general Sometimes the authors have done their homework other times they haven't bothered and they wind up dishing up crazy rewrites of history and outlandish theories These novels deal with abiding issues of faith even without some new discovery As soon as one engages in biblical apologetics one has stepped onto the marshy ground of probabilistic arguments an entirely different epistemology that automatically replaces simple faith And so one comes to hold one's religious convictions more tentatively having become genuinely vulnerable to new evidence One may not remain a believer for long On the other hand one invites fanaticism if one's faith is dangerously predicated on the assurance that no new discovery will send one back to the drawing board *Secret Scrolls* assesses what each author imagines it would take to derail and debunk Christianity How mighty a blow must be dealt before the religion would fall Dan Brown's notion that a married Jesus would debunk the Nicene Creed is laughable As Wilbert Francis Howard once argued in his brief and fascinating history of New Testament research there is a genuine romance of New Testament scholarship and many of us are delighted to have the adventure continue in the speculative imaginations of capable novelists These books can both entertain and educate and so will *Secret Scrolls*

The Mystery of Life What'S It All About? David E. Peeples,2018-03-15 Have you ever seriously considered the most difficult and puzzling questions presented to our minds during this mortal sojourn through an often difficult and challenging existence Who am I Where did I come from Why am I here Where am I going And perhaps the most important question of all What is my purpose for living In this ultra modern digital world of today many people have become so preoccupied with the daily pursuits of life and the addictive overuse of time consuming technology that many of them rarely pause to seriously consider what life is actually all about In writing *The Mystery of Life*

it has been my hope and my goal to personally challenge each reader to consider many relevant facts and to follow a line of evidence pointing toward a worldview that is often overlooked and too easily marginalized We live in an aggressive technology driven world where the wild pursuit of power prestige possession and pleasure has become the driving influence ruling over many of our lives What does your worldview look like Is there enough evidence to support it beyond reasonable doubt If not then I invite you to consider a vast body of mounting evidence that could lead toward a more accurate discernment of an often confusing existence The view of life that we have each come to know will strongly influence everything we do say and become in this world Based on a remarkable consensus of evidence perhaps we should consider a worldview understanding that will ultimately avail our hearts and minds of the personal fulfillment and satisfaction we have always longed for and often dreamed of We owe it to ourselves to seriously consider where the evidence is leading us Isn't it about time to discover the answers to our most persistent and pressing questions The Mystery of Life is presented as a literary expose addressing the questions of origin meaning morality and destiny *C.S. Lewis: Revelation, Conversion, and Apologetics* P. H. Brazier, 2012-07-18 This is a series of books which have a common theme the understanding of Christ and therefore the revelation of God in the work of C S Lewis These books are a systematic study of Lewis's theology Christology and doctrine of revelation as such they draw on his life and work They are written for academics and students but also crucially for those people ordinary Christians without a theology degree who enjoy and gain sustenance from reading Lewis's work www.cslewisandthechrist.net **Most Secret Source: The Role of Enigma in WWII** Darvin Babiuk, 2020-12-16 How did ULTRA shape the course of the war At times it played a major role in the turning of battle at other times did not at still others was fatally misused and at still others was beneficial but not necessary to bring about victory in any case Unfortunately good intelligence is often badly used by its masters ULTRA was no different Did ULTRA win the war No men and tanks and bombs and airplanes did Did ULTRA shorten the war Given the extent to which it provided foreknowledge once the balance of military forces was relatively close the answer must be yes Did ULTRA prevent an earlier end to the war either by creating such confidence that avoidable mistakes were made in the rush for glory or by preventing acceptance of an outcome short of unconditional surrender or by causing the Allies to discount internal German opposition and a possible suicide attempt on Hitler No for its benefits outweighed its negative Does the glory of the victory become tainted in light of ULTRA Yes for not only does it reveal the extent to which our commanders knew in advance of German battle strengths and location thus giving them a decided advantage it also points out several egregious errors on their part despite possession of ULTRA Can intelligence be counted on to provide us victory in future conflicts No ULTRA use and implementation was clearly deficient for two to three years and came about only with the help of Polish and French contributions which we cannot count on in the future As Welchman points out that may well mean suicide in a world where computers and ICBM's reduce the drag time to seconds from years What role did ULTRA play To quote one of the examiners Ultra was a war winner

even if not the war winner **The Mystery of Christian Marriage through the Ages** Anna M.
