Abstracts IPSA PAIS International CSA Worldwide Political Science Abstracts CSA Sociological Abstracts CSA Social Services Abstracts and ULAKB M Neoliberalism and Conflict In Asia After 9/11 Garry Rodan, Kevin Hewison, 2013-09-13 Key events in Asia's recent history have included the end of the Cold War the Asian Economic Crisis and the war on terror This is a critical assessment of these events and of the interplay of security and economics in shaping political regimes and modifying market systems Based on the notion that market systems are inherently political and conflict ridden this collection clarifies and explains the conflicts shaping the path of neoliberal globalization Collectively it represents a disciplined and systematic address of four overarching questions What are the significant conflicts emanating from neoliberal globalization and what are their implications What are the implications of new security concerns for these conflicts and what are their impacts How are conflicts associated with globalization and security affecting social and economic policy directions Can these directions be reconciled with the reproduction of existing political regimes or do they threaten their basis In addressing these questions the essays depict neoliberal globalization in the new security context as being able to accommodate a range of political regimes This fascinating collection is a must read for those with a professional interest in the region post 9 11 This book was previously published as a special issue of the Journal Critical Asian Studies **Strategy and Security in the Asia-Pacific** Robert Ayson, Desmond Ball, 2020-07-25 From the war on terror to the rise of China this book unlocks the major strategic themes and security challenges of the early twenty first century Strategy and Security in the Asia Pacific provides the analytical frameworks needed to make sense of this complex but exciting strategic universe Offering a unique mix of global strategic thinking and Asia Pacific security analysis this book is for readers from Sydney to Seoul who want to put their own local security challenges in a wider regional and global context It is also for North American and European readers requiring an understanding of the dynamic security developments in the Asia Pacific region around which so much of global strategy is increasingly based The really vital questions facing the international community are dealt with here Why do governments and groups still use armed force Has warfare really changed in the information age Why should we be concerned about non traditional security challenges such as water shortages and the spread of infectious disease Is a great clash imminent between the United States and China What are the prospects for peace on the Korean peninsula and between India and Pakistan Can Southeast Asia survive the challenges of transnational terrorism What does security mean for the Pacific island countries and for Australia and New Zealand With contributions from leading commentators and analysts Strategy and Security in the Asia Pacific offers a comprehensive and authoritative introduction to the field **East Asian Security in the Post-Cold War Era** Sheldon W. Simon, 2016-06-16 This edition adds chapters on Burma and Vietnam and updated material throughout reflects the current economic crisis in the region **The Oxford Handbook of the International Law of Global Security** Robin Geiß, Nils Melzer, 2021-02-16 Understanding the global security environment and delivering the necessary governance responses is a central challenge of the 21st century On a

global scale the central regulatory tool for such responses is public international law But what is the state role and relevance of public international law in today's complex and highly dynamic global security environment Which concepts of security are anchored in international law How is the global security environment shaping international law and how is international law in turn influencing other normative frameworks The Oxford Handbook of the International Law of Global Security provides a ground breaking overview of the relationship between international law and global security It constitutes a comprehensive and systematic mapping of the various sub fields of international law dealing with global security challenges and offers authoritative guidance on key trends and debates around the relationship between public international law and global security governance This Handbook highlights the central role of public international law in an effective global security architecture and in doing so addresses some of the most pressing legal and policy challenges of our time The Handbook features original contributions by leading scholars and practitioners from a wide range of professional and disciplinary backgrounds reflecting the fluidity of the concept of global security and the diversity of scholarship in this area Berita,1994

Network Power Peter J. Katzenstein,Takashi Shiraishi,2018-09-05 This book examines regional dynamics in contemporary east and southeast Asia scrutinizing the effects of Japanese dominance on the politics economics and cultures of the area The contributors ask whether Japan has now attained through sheer economic power and its political and cultural consequences the predominance it once sought by overtly military means The discussion is framed by the profound changes of the past decade Since the end of the Cold War and the breakup of the Soviet Union regional dynamics increasingly shape international and national developments This volume places Japan's role in Asian regionalism in a broader comparative perspective with European regionalism and the role Germany plays It assesses the competitive logics of continental and coastal primacy in China In starkest form the question addressed is whether Chinese or Japanese domination of the Asian region is more likely Between a neo mercantilist emphasis on the world's movement toward relatively closed regional blocs and an opposing liberal view that global markets are creating convergent pressures across all national boundaries and regional divides this book takes a middle position Asian regionalism is identified by two intersecting developments Japanese economic penetration of Asian supplier networks through a system of production alliances and the emergence of a pan Pacific trading region that includes both Asia and North America The contributors emphasize factors that are creating an Asia marked by multiple centers of influence including China and the United States Regionalization in East Asia-Pacific?
