Death in the Jungle Candace Fleming, 2025-04-29 How did Jim Jones the leader of Peoples Temple convince more than 900 of his followers to commit revolutionary suicide by drinking cyanide laced punch From a master of narrative nonfiction comes a chilling chronicle of one of the most notorious cults in American history Using riveting first person accounts award winning author Candace Fleming reveals the makings of a monster from Jones s humble origins as a child of the Depression to his founding of a group whose idealistic promises of equality and justice attracted thousands of followers to his relocation of Temple headquarters from California to an unsettled territory in Guyana South America which he dubbed Jonestown to his transformation of Peoples Temple into a nefarious experiment in mind control And Fleming heart stoppingly depicts Jones s final act persuading his followers to swallow fatal doses of cyanide to drink the kool aid as it became known as a test of their ultimate devotion Here is a sweeping story that traces step by step the ways in which one man slowly indoctrinated then murdered 900 innocent well meaning people And how a few members Jones own son included stood up to him but not before it was too late

Cult City Daniel J. Flynn, 2018-10-16 In recounting the fascinating intersecting stories of Jim Jones and Harvey Milk Cult City tells the story of a great city gone horribly wrong November 1978 Reverend Jim Jones the darling of the San Francisco political establishment orchestrates the murders and suicides of 918 people at a remote jungle outpost in South America Days later Harvey Milk one of America's first openly gay elected officials and one of Jim Jones's most vocal supporters is assassinated in San Francisco's City Hall This horrifying sequence of events shocked the world Almost immediately the lives and deaths of Jim Jones and Harvey Milk became shrouded in myth Now forty years later this book corrects the record The product of a decade of research including extensive archival work and dozens of exclusive interviews Cult City reveals just how confused our understanding has become In life Jim Jones enjoyed the support of prominent politicians and Hollywood stars even as he preached atheism and communism from the pulpit in death he transformed into a fringe figure a fundamentalist Christian and a fascist In life Harvey Milk faked hate crimes outed friends and falsely claimed that the US Navy dishonorably discharged him over his homosexuality in death he is honored in an Oscar winning movie with a California state holiday and a US Navy ship named after him His assassin a blue collar Democrat who often voted with Milk in support of gay issues is remembered as a right winger and a homophobe But the story extends far beyond Jones and Milk Author Daniel J. Flynn vividly portrays the strange intersection of mainstream politics and murderous extremism in 1970s San Francisco the hangover after the high of the Summer of Love

Life of Earth Stanley A. Rice, Ph.D, 2012-10-31 In this portrait of Planet Earth at just about the mid point of its probable lifespan a biologist discusses the evolution of the network of life and the crucial role played by humans in determining the future of our world Unlike most books on earth history which present the story of life on our planet in terms of one chronological period after another the author discusses Earth's teeming diversity in terms of pivotal evolutionary developments Among these he stresses the importance of symbiosis sex and altruism as key determinants of the Earth's biodiversity Symbiosis when single cells began working together sparked the sudden appearance of complex animals Much later symbiotic relationships led to flowering plants that depended on animals for pollination and seed dispersal With the advent of sexual selection there developed an astonishing world of complex behavior and a dizzying array of life forms In humans sexual selection exerted a great influence on the development of our large brains Altruism when species learned to work together resulted in even greater variety and

complexity In early humans altruism gave rise to ever widening social circles and the spread of culture The author also discusses the role of photosynthesis in establishing and maintaining life on earth the evidence for ancient natural catastrophes which caused widespread extinctions and the importance of religion and the recent use of scientific reasoning in the development and the future of the human species This eloquent panoramic perspective is well designed to foster an appreciation for the scope of life on Earth and to encourage wise stewardship of the natural world on which our survival depends

On Ritual Bruce Lincoln,2025-03-27 Close microhistorical examination of the way rituals are actually performed goes well beyond the standard ideal description of such ceremonies to reveal participants who modify the proceedings in shrewd subtle strategic ways that advance their own interests sometimes going so far as to challenge even subvert the protocols traditions and values favored by presiding officials The wide ranging set of examples includes a Roman funeral a Mesoamerican healing ceremony a Jewish American Thanksgiving dinner and others each of which receives meticulously detailed consideration Each one has its own engaging characters intricate maneuvers analytically revealing developments and moments of high drama

Salvation and Suicide David Chidester,2018-11-01 An ambitious and courageous examination of the Jonestown cult viewed through the lens of theology Journal of the American Academy of Religion Re issued in recognition of the 25th anniversary of the mass suicides at Jonestown this revised edition of David Chidester s groundbreaking book features a new prologue that considers the meaning of the tragedy for a post Waco post 9 11 world For Chidester the murder suicide of some 900 members of the Peoples Temple in Guyana recalls the American religious commitment to redemptive sacrifice which for Jim Jones meant saving his followers from the evils of capitalist society Jonestown is ancient history writes Chidester but it does provide us with an opportunity to reflect upon the strangeness of familiar promises of redemption through sacrifice His original conclusion that the Peoples Temple was a meaningful religious movement seems all the more prescient and astute today when fundamentalism has raised the troubling spectre of violence and suicide all over the world
