Vizzard,1970 **Controlling Hollywood** Matthew Bernstein,2000-01-01 Explaining the major forces at play behind the making of Hollywood films this text assesses how changing values have influenced censorship in Hollywood The text also analyses the major cultural social legal and religious changes and their effect on Hollywood Movie Censorship and American Culture Francis G. Couvares,2006 From the earliest days of public outrage over indecent nickelodeon shows Americans have worried about the power of the movies The eleven essays in this book examine nearly a century of struggle over cinematic representations of sex crime violence religion race and ethnicity revealing that the effort to regulate the screen has reflected deep social and cultural schisms In addition to the editor contributors include Daniel Czitrom Marybeth Hamilton Garth Jowett Charles Lyons Richard Maltby Charles Musser Alison M Parker Charlene Register Ruth Vasey and Stephen Vaughn Together they make it clear that censoring the movies is more than just a reflex against indecency however defined Whether censorship protects the vulnerable or suppresses the creative it is part of a broader culture war that breaks out recurrently as Americans try to come to terms with the market the state and the plural society in which they live

Projections of War Thomas Patrick Doherty,1999 Topics include the influence of Leni Riefenstahl negro soldiers depicting Vietnam in films Films examined include Sergeant York Air force Saving Private Ryan The thin red line **Propaganda, Politics and Film, 1918-45** D W Springd,1982-07-08 **The Warner Brothers** Chris Yogerst,2023-09-05 One of the oldest and most recognizable studios in Hollywood Warner Bros is considered a juggernaut of the entertainment industry Since its formation in the early twentieth century the studio has been a constant presence in cinema history responsible for the creation of acclaimed films blockbuster brands and iconic superstars These days the studio is best known as a media conglomerate with a broad range of intellectual property spanning movies TV shows and streaming content Despite popular interest in the origins of this empire the core of the Warner Bros saga cannot be found in its commercial successes It is the story of four brothers Harry Albert Sam and Jack whose vision for Hollywood helped shape the world of entertainment as we know it In *The Warner Brothers* Chris Yogerst follows the siblings from their family s humble origins in Poland through their young adulthood in the American Midwest to the height of fame and fortune in Hollywood With unwavering resolve the brothers soldiered on against the backdrop of an America reeling from the aftereffects of domestic and global conflict The Great Depression would not sink the brothers who churned out competitive films that engaged audiences and kept their operations afloat and even expanding During World War II they used their platform to push beyond the limits of the Production Code and create important films about real world issues openly criticizing radicalism and the evils of the Nazi regime At every major cultural turning point in their lifetime the Warners held a front row seat Paying close attention to the brothers identities as cultural and economic outsiders Yogerst chronicles how the Warners built a global filmmaking

Lee,2021-02-12 After World War II studies examining youth culture on the silver screen start with James Dean But the angst that Dean symbolized anxieties over parents the Establishment and the expectations of future citizen soldiers long predated Rebels without a Cause Historians have largely overlooked how the Great Depression and World War II impacted and shaped the Cold War and youth contributed to the national ideologies of family and freedom From Dead Ends to Cold Warriors explores this gap by connecting facets of boyhood as represented in American film from the 1930s to the postwar years From the Andy Hardy series to pictures such as The Search Intruder in the Dust and The Gunfighter boy characters addressed larger concerns over the dysfunctional family unit militarism the race question and the international scene as the Korean War began Navigating the political social and economic milieus inside and outside of Hollywood Peter W Y Lee demonstrates that continuities from the 1930s influenced the unique postwar moment coalescing into anticommunism and the Cold War The Merchant Prince of Poverty Row Bernard F. Dick,2021-10-19 Ben Hecht called him White Fang and director Charles Vidor took him to court for verbal abuse The image of Harry Cohn as vulgarian is such a part of Hollywood lore that it is hard to believe there were other Harry Cohns the only studio president who was also head of production the ex song plugger who scrutinized scripts and grilled writers at story conferences a man who could see actresses as either broads or goddesses Drawing on personal interviews as well as previously unstudied source material conference notes memos and especially the teletypes between Harry and his brother Jack Bernard Dick offers a radically different portrait of the man who ran Columbia Pictures and who had to be boss from 1932 to 1958 The Dame in the Kimono Leonard J. concern to provoke and photograph authentic behaviour He reveals a pattern through the films of personally resonant themes relating for example to ethnicity and the American immigrant myth He reviews Kazan's style from the colour and wide screen of *East of Eden* to the creative use of location in his American South films including *Baby Doll* He debates the reception of Kazan's work and the controversy which dogged his career of his 1952 Congressional testimony These elements and more make this a very readable and memorable fresh portrayal of the film career of this ever fascinating director Working with an impressively wide variety of archival material including Kazan's personal papers and notebooks Brian Neve here offers a solidly researched insightful and historically grounded portrait of Elia Kazan his working methods his 19 feature films from *A Tree Grows in Brooklyn* 1945 to *The Last Tycoon* 1976 and his place in the cinematic and social world of his age

Chris Fujiwara, 2025-06-25 Otto Preminger was one of Hollywood's first truly independent producer-directors. He sought to address the major social, political, and historical questions of his time in films designed to appeal to a wide public. Blazing a trail in the examination of controversial issues such as drug addiction (*The Man with the Golden Arm*) and homosexuality (*Advise and Consent*) and in the frank, sophisticated treatment of adult material (*Anatomy of a Murder*), Preminger in the process broke the censorship of the Hollywood Production Code and the blacklist. He also made some of Hollywood's most enduring film noir classics including *Laura* and *Fallen Angel*. An Austrian immigrant, Preminger began his Hollywood career in 1936 as a contract director. When the conditions emerged that led to the fall of the studio system, he had the insight to perceive them clearly and the boldness to take advantage of them, turning himself into one of America's most powerful filmmakers. More than anyone else, Preminger represented the transition from the Hollywood of the studios to the decentralized wheeling and dealing New Hollywood of today. Chris Fujiwara's critical biography, the first in more than thirty years, follows Preminger throughout his varied career, penetrating his carefully constructed public persona and revealing the many layers of his work.

Medicine's Moving Pictures Leslie J. Reagan, Nancy Tomes, Paula A. Treichler, 2007 Original essays by leading media scholars and historians of medicine that explore the rich history of health-related films. This groundbreaking book argues that health and medical media, with their unique goals and production values, constitute a rich cultural and historical archive and deserve greater scholarly attention. Original essays by leading media scholars and historians of medicine demonstrate that Americans throughout the twentieth century have learned about health, disease, medicine, and the human body from movies. Heroic doctors and patients fighting dread diseases have thrilled and moved audiences everywhere amid changing media formats; medicine's moving pictures continue to educate, entertain, and help us understand the body's journey through life. Perennially popular health and medical media are also complex texts reflecting many interests and constituencies, including notably the U.S. medical profession, which has often sought if not always successfully to influence content, circulation, and meaning. *Medicine's Moving Pictures* makes clear that health and medical media representations are more than illustrations; they show their power to shape health perceptions, practices, and policies and identifies their social, cultural, and historical contexts. Contributors: Lisa Cartwright, Vanessa Northington, Gamble Rachel Gans, Boris Skin, Valerie Hartouni, Susan E. Lederer, John Parascandola, Martin S. Pernick, Leslie J. Reagan, Naomi Rogers, Nancy Tomes, Paula A. Treichler, Joseph Turow, Leslie J. Reagan is an Associate Professor at the University of Illinois Urbana-Champaign. Nancy Tomes is a Professor at Stony Brook University. Paula A. Treichler is a Professor at the University of Illinois Urbana-Champaign. **Laughing Screaming** William Paul, 1994 An engrossing examination of a popular box office genre, the gross-out movie. *Laughing Screaming* is the first study to take this lowbrow product seriously.
