

Seeds of Southern Change

The Life of Will Alexander

Wilma Dykeman & James Stokely

A warm and sympathetic account . . . of the odyssey of this remarkable southern liberal. It succeeds in capturing the spirit of the man and illuminates many reform organizations and movements significant in the history of the recent South.

Seeds Of Southern Change The Life Of Wil:

Seeds of Southern Change Wilma Dykeman, James Stokely, 1976 The story is a good one for it exposes in an intimate and personal way the qualities of an important social architect of our time Dewey Grantham American Historical Review **The Farm Security Administration and Rural Rehabilitation in the South** Charles Kenneth Roberts, 2024-01-12 This book fills an important void in the historical literature on New Deal reform and significantly updates Sidney Baldwin's 1968 book on the FSA Through the lens of the programs of the FSA Charles Kenneth Roberts does an excellent job of relating how New Deal programs attempted to rehabilitate poor rural southerners Aaron D Purcell author of Arthur Morgan A Progressive Vision for American Reform As the roaring twenties turned into the depressed thirties southern farmers far removed from the urban prosperity Americans had enjoyed during the 1920s heyday found already difficult farming conditions greatly intensified by the onset of the Great Depression Agricultural incompetence plagued the rural South through the misuse of land depletion of natural resources and a system of single crop farming that failed to adequately provide for growing families on small farms especially in the cotton producing Southeast Poverty and desperation came to define the farming communities of the rural South both in reality and in Americans collective conscious In *The Farm Security Administration and Rural Rehabilitation in the South* Charles Kenneth Roberts traces the administrative and political history of the Farm Security Administration FSA and reconciles the administration's goals with Franklin D Roosevelt's overall vision for the New Deal Roberts takes a grassroots approach to dissecting the FSA's history While other studies have focused on FSA photography or community building or even policy making in terms of top down government directives Roberts focuses on the people and state governments who faced an immediate need to aid southern farmers within their own borders and to boost their states crumbling agricultural economic bases Roberts focuses on rural rehabilitation as a key aspect of the FSA and defines the agency's legacy not in terms of its failures but rather in terms of an idealistic program whose modest successes were ultimately too few to effect real change for southern farmers Though Roosevelt failed to adequately recognize the plight of the southern farmer and political infighting hindered many of the administration's goals the creation of the FSA stands as one of the first efforts to provide sustained relief to struggling southern farmers In light of other federal programs of the era the FSA may seem like a mere footnote to the New Deal outside of its small but revered photography program But as Roberts shows the FSA's legacy has endured to the present day Charles Kenneth Roberts is a lecturer in history at Georgia Perimeter College His articles have appeared in the Alabama Review Southern Historian and Agricultural History **Willis Duke Weatherford** Andrew McNeill Canady, 2016-11-25 At the turn of the twentieth century few white southern leaders would speak out in favor of racial equality for fear of being dismissed as too progressive Willis Duke Weatherford 1875 1970 however defied convention as one of the first prominent white southern liberals to dedicate his life to reforming the South's social system eliminating violence and injustice through education and opening a dialogue among the affected groups His

energetic efforts led to a rise in progressive action in the region though at times his own beliefs prevented him from advocating for absolute racial equality As a result historians debate Weatherford s legacy Was he a forward thinking supporter of human rights or merely a moderate paternalist In this comprehensive biography Andrew McNeill Canady offers a reassessment of the influential educator s life and work Canady surveys Weatherford s work with institutions such as the YMCA Berea College and Fisk University and illuminates his many efforts to foster dialogue among southerners of all races about religion race relations and Appalachia He also examines Weatherford s reluctance to challenge Jim Crow laws and the capitalist economy that contributed to the poverty of African Americans and the people of Appalachia revealing the limitations that southern reformers faced and the often difficult compromises they were forced to make During a career that spanned from the Progressive Era to the civil rights movement Weatherford was involved in virtually every significant southern liberal effort of his time Past research has focused primarily on Weatherford s early work but Canady s study is the first to investigate the full trajectory of his life and career This overdue biography makes a significant contribution to literature on the long civil rights movement and the development of southern liberalism *A Clashing of the Soul* Leroy

Davis,1998 John Hope 1868 1936 the first African American president of Morehouse College and Atlanta University was one of the most distinguished in the pantheon of early twentieth century black educators Born of a mixed race union in Augusta Georgia shortly after the Civil War Hope had a lifelong commitment to black public and private education adequate housing and health care job opportunities and civil rights that never wavered Hope became to black college education what Booker T Washington was to black industrial education Leroy Davis examines the conflict inherent in Hope s attempt to balance his joint roles as college president and national leader Along with his good friend W E B Du Bois Hope was at the forefront of the radical faction of black leaders in the early twentieth century but he found himself taking more moderate stances in order to obtain philanthropic funds for black higher education The story of Hope s life illuminates many complexities that vexed African American leaders in a free but segregated society *Journal of the North and West and South Counties Society* ,1895 **The Progressive** William Theodore Evjue,1963 Vol 2 no 49 called Memorial edition Belle Case La Follette
