*Encountering Mystery* Dale C. Allison, 2022-07-26 Despite widespread skepticism on the matter a significant number of people today have stories of religious experience moments of inexplicable terror or rapturous joy visions near death experiences of the afterlife encounters with angels heavenly voices and premonitions How should rationally minded people respond What would your reaction be if someone told you that one night while sitting alone she saw through the window a brilliant light descend from the sky until it was so large that it filled the room and that it radiated a feeling of pure love And what would you say if a friend confided that one night he woke up and could not move felt he was being suffocated and sensed an evil spirit in the room By default in the secular age we are skeptical about anything mysterious or supernatural More likely than not most people would respond to the stories above with embarrassment and concern about the person s grasp of reality or they would attempt to explain them away through rational or scientific means But the truth is that religious experiences like these are not as uncommon as they seem although talking about such experiences often is This is the case even in a faith tradition such as Christianity despite the Bible s numerous accounts of miraculous and mysterious happenings In *Encountering Mystery* noted biblical scholar Dale Allison makes the argument that stories of religious experience are meaningful and not to be marginalized and that we have a moral prerogative to lovingly engage with such stories regardless of whether we have had similar experiences Through a close look at phenomena such as moments of inexplicable terror or rapturous joy visions near death experiences of the afterlife encounters with angels heavenly voices and premonitions Allison shows how ordinary practices of faith need not be at odds with individual religious experiences Above all he enjoins us to be honest about the persistence of religious experience in a secular age and to make space for those who encounter mystery in their lives **Intuitive Knowing as Spiritual Experience** Phillip H. Wiebe, 2015-09-16

[The Truth about Angels](#) Theresa Cheung, 2021-03-04 The Truth about Angels is the one book you need to discover the angels within. With the world in turmoil, spiritual forces are needed more than ever before. Harnessing the angel and new age movement can help you make sense of life when it feels directionless. Angels provide us with hope and illuminate a new path forward. They are appearing with more frequency and intensity in both our daily lives and our dreams as they're wanting us to see, hear and know them because consciously or unconsciously we have collectively been asking for them. Rather than visiting or becoming dependent on gurus, psychics or mediums, expert Theresa Cheung is here to show you how to directly communicate with angels on your own. Divided into three parts: The Secret World of Angels, The Secret Language of Angels and Angels and Miracles, Theresa Cheung's much anticipated book will teach you everything you need to know, including how to decode the secret language they speak to us in, how to look within rather than externally to find angels, as well as sharing real-life anecdotes on how angels have changed the lives of people all over the world. In [The Truth about Angels](#), Theresa will also share her own spiritual story. Her book is based on decades of research, personal experience and is underpinned by science. Theresa Cheung is mysterious, illuminating, kind and informative. Russell Brand: Theresa Cheung shows us that the way forward is to understand that consciousness, spiritual awareness is the fundamental ground of all experience. Deepak Chopra: Theresa offers fascinating and practical advice to aid people in personally exploring mind-bending concepts and applying them to their own lives. Eben Alexander: In a world full of naysayers and skeptics, Theresa is helping to steer us on a new course. She not only offers support and understanding to those with the gift of inner sight but also helps the non-believer to come to terms with the existence of the paranormal and non-corporeal with down-to-earth explanations that are backed by science. Alexandra Wenman: Skywellbeing Angel expert, author of the Archangel Fire Oracle. **Spiritual Encounters with Unusual Light Phenomena** Mark Fox, 2013-06-15 This book is a study of unusual light phenomena based on almost 400 unpublished accounts of modern-day encounters with strange lights collected over a period of thirty years held at the University of Wales, Lampeter. It is an original and perennially topical book that goes beyond existing studies of unusual light phenomena such as lights encountered during angelic experiences, near-death experiences, after-death communications in a

number of ways It shows for example that experiences of unusual spiritual religious and paranormal lights are cross cultural trans historical and are reported widely in the present day but not necessarily experienced when near to death It also demonstrates that these experiences share to a remarkable degree a common core showing by drawing on a large number of vivid unpublished and dramatic testimonies that unusual lights typically manifest at times of crisis and are overwhelmingly benign and loving producing turning points in the lives of experiencers and typically setting them in new spiritual and creative directions

painstakingly unpacking pertinent issues the book provides unparalleled intellectual grit for the contemporary and increasingly popular discourses on de coloniality and resilience in relation to the African peoples and their often deliberately contested environments past present and future In other words the book loudly sounds the bells for the battles to decolonise and transform Africa on Africas own terms This is a book that would be extremely useful to scholars activists theorists policy makers and implementers as well as researchers interested not only in Africas future trajectory but also in the simultaneities of temporalities and worlds that were sadly overshadowed by colonial epistemologies and ontologies for the past centuries

*Christianity And The Supernatural: Why the Bible is Relevant Today* Mark Apelt, 2017-01-09 All of us want to believe in an afterlife If it s true then we must have a soul or spirit We question this however because we are taught science has all the answers It is science vs the bible Physical vs supernatural To believe in the afterlife is to believe in God One area of research that has not been thoroughly examined in relationship to Christianity is the supernatural This book explores how archaeology scientific studies and personal stories reveal the accuracy of the bible Discover how we know we have a spirit why select people encounter angels and why some prayers are answered It will show you that there is an afterlife there is hope and that there is a God The stories of today resemble the stories of the bible The mystical events that happened then are similar in almost all aspects to what the bible tells us will happen Prophecies are continuing to be fulfilled The foreknowledge He gave his chosen people are still applicable today Angels are still sent to serve and protect us Our spirit will rejoin with God as told by near death experiencers God does exist and millions of people maybe even yourself have witnessed Him through the supernatural This leads to the conclusion God the bible and the supernatural are relevant today **The Bloomsbury**
