The Christopher Parkening Guitar Method Christopher Parkening, Jack Marshall, David Brandon, 1997

Federico Moreno Torroba Walter Aaron Clark, William Craig Krause, 2013-04-12 The last of the Spanish Romantics composer conductor and impresario Federico Moreno Torroba 1891-1982 left his mark on virtually every aspect of Spanish musical culture during a career that spanned six decades and saw tremendous political and cultural upheavals After Falla he was the most important and influential musician in addition to his creative activities he was President of the General Society of Authors and Editors and director of the Academy of Fine Arts His enduring contributions as a composer include dozens of guitar works composed for Andrés Segovia and several highly successful zarzuelas which remain in the repertoire today Written by two leading experts in the field Federico Moreno Torroba *A Musical Life in Three Acts* explores not only his life and work but also the relationship of his music to the cultural milieu in which he moved It sheds particular light on the relationship of Torroba's music and the cultural politics of Francisco Franco's dictatorship 1939-75 Torroba came of age during a cultural renaissance that sought to reassert Spain's position as a unique cultural entity and authors Walter A Clark and William Krause demonstrate how his work can be understood as a personal musical response to these aspirations Clark and Krause argue that Torroba's decision to remain in Spain even during the years of Franco's dictatorship was based primarily not on political ideology but rather on an unwillingness to leave his native soil Rather than abandon Spain to participate in the dynamic musical life abroad he continued to compose music that reflected his conservative view of his national and personal heritage The authors contend that this pursuit did not necessitate allegiance to a particular regime but rather to the non political exaltation of Spain's so called eternal tradition or the culture and spirit that had endured throughout Spain's turbulent history Following Franco's death in 1975 there was ambivalence towards figures like Torroba who had made their peace with the dictatorship and paid a heavy price in terms of their reputation among expatriates Moreover his very conservative musical style made him a target for the post war avant garde which disdained his highly tonal and melodic *españolismo* With the demise of high modernism however the time has come for this new more distanced assessment of Torroba's contributions Richly illustrated with photographs and musical examples and with a helpful chronology and works list for reference this biography brings a fresh perspective on this influential composer to Latin American and Iberian music scholars performers and lovers of Spanish music alike

Motorhome Prophecies Carrie Sheffield, 2024-03-12 In the

vein of Educated and Hillbilly Elegy comes a young woman's memoir chronicling her harrowing journey from despair to salvation that showcases the depths and resilience of the human spirit and empowers readers on their own paths toward healing, forgiveness, and redemption. Carrie Sheffield grew up fifth of eight children with a violent, mentally ill street musician father who believed he was a modern-day Mormon prophet destined to become U.S. president someday. She and her seven siblings were often forced to live as vagabonds, remaining on the move across the country. They frequently subsisted in sheds, tents, and most notably, motorhomes. They often lived a dysfunctional drifter existence, camping out in their motorhome in Walmart parking lots. Carrie attended 17 public schools and homeschooled all while performing classical music on the streets and passing out fire and brimstone religious pamphlets at times while child custody workers loomed. Carrie's father was eventually excommunicated from the official LDS Church, and she was the first of her siblings to escape the toxic brainwashing of his fundamentalist creed. Declared legally estranged from her parents, Carrie struggled with her mental health during college and for most of her adult life. But she eventually seized control of her life, transcended her troubled past, and overcame her toxic inner voice and a near-death experience thanks to the power of forgiveness cultivated through her conversion to Christianity. She evolved from a scared and abused motorhome-dwelling girl to a Harvard-educated professional with a passion for empowering others to reject the cycles of poverty, depression, and self-hatred. Motorhome Prophecies is the story of Carrie's unbelievable yet in many ways very American journey. It resonates with those trapped in difficult situations and awes all who are enchanted by the depths and resilience of the human spirit. **Practicing** Glenn Kurtz, 2008-11-19

In a remarkable memoir written with insight and humor, Glenn Kurtz takes us from his first lessons at the age of eight to his acceptance at the elite New England Conservatory of Music. After graduation, he attempts a solo career in Vienna but soon realizes that he has neither the ego nor the talent required to succeed and gives up the instrument and his dream entirely. But not forever. Returning to the guitar, Kurtz weaves into the narrative the rich experience of a single practice session.

Practicing takes us on a revelatory, inspiring journey, a love affair with music. **Making Master Guitars** Roy Courtnall, 1993-08-01 Making Master Guitars is a craftsman's handbook about the exciting and challenging pursuit of making classical guitars, a craft that the author reveals to be surprisingly accessible by following his instructions. The book is unique in that it includes nine separate, detailed plans of instruments constructed by internationally famous guitar makers. The author has had the rare opportunity of examining these instruments in detail and has made many replicas of each one. Superbly illustrated by Adrian Lucas, Part one, The Master Makers and their Guitars, is devoted to separate chapters on each famous maker, including Antonio de Torres, Hermann Hauser, Santos Hernandez y Aguado, Ignacio Fleta, Robert Bouchet, Daniel Friederich, and Jose Romanillos. The reader will find historical information about the life of and influences on each maker, as well as detailed sets of working drawings for their guitars. Also included are rare photographs of the guitars. Part two, Workshop Tools and Materials, provides essential information about the tools, working environment, and material needed.

by the guitar maker Part three Guitar Construction The Spanish Method comprises a step by step method of guitar construction illustrated by numerous photographs and drawings The method of making a guitar is presented with great clarity So that even the newcomer to this fascinating craft will be able to produce a superb instrument This book will be essential for the guitar maker and the historian providing as it does a unique record of the different methods of guitar design and strutting systems that have evolved since Antonio de Torres first defined the essential characteristics of the modern classical guitar in the 1850s
