*African Americans and the Haitian Revolution* Maurice Jackson, Jacqueline Bacon, 2013-09-13 Bringing together scholarly essays and helpfully annotated primary documents *African Americans and the Haitian Revolution* collects not only the best recent scholarship on the subject but also showcases the primary texts written by African Americans about the Haitian Revolution Rather than being about the revolution itself this collection attempts to show how the events in Haiti served to galvanize African Americans to think about themselves and to act in accordance with their beliefs and contributes to the study of African Americans in the wider Atlantic World

***African Americans and the Classics*** Margaret Malamud, 2019-01-24 A new wave of research in black classicism has emerged in the 21st century that explores the role played by the classics in the larger cultural traditions of black America Africa and the Caribbean Addressing a gap in this scholarship Margaret Malamud investigates why and how advocates for abolition and black civil rights both black and white deployed their knowledge of classical literature and history in their struggle for black liberty and equality in the United States African Americans boldly staked their own claims to the classical world they deployed texts ideas and images of ancient Greece Rome and Egypt in order to establish their authority in debates about slavery race politics and education A central argument of this book is that knowledge and deployment of Classics was a powerful weapon and tool for resistance as improbable as that might seem now when wielded by black and white activists committed to the abolition of slavery and the end of the social and economic oppression of free blacks The book significantly expands our understanding of both black history and classical reception in the United States
