Selected Cases in Strategic Management Samuel C. Certo, J. Paul Peter, 1992      **Selected Cases in Strategic Management** Samuel C. Certo, J. Paul Peter, 1995      Case Studies in Strategic Management Gunther Friedl, Andreas Biagosch, 2018-09-08 Most business schools use case studies in their courses However these are typically based on past cases and assigned to students to solve This book describes a new approach for teaching with case studies which was developed and applied successfully at TUM School of Management In this approach student teams write and solve their own case study on a topic concerning current and future businesses A case can thus be on their own startup or a strategic decision of existing companies During the course the students receive intensive coaching while selecting and developing the case topic by the course advisors as well as feedback by industry experts and executives for whom the case is actually a burning question The authors present 17 cases covering strategic questions for startups and technology companies such as Deutsche Post BMW Ryanair Lufthansa Stadtwerke München Fielmann adidas Siemens Caribou Biosciences eon Airbus Unicredit and UBS      **Case Enrichment Portfolio for Selected Cases in Strategic Management** Samuel C. Certo, J. Paul Peter, 1990

Selected Cases in Strategic Management Michael Vaughan, 1998      **Selected Cases in Strategic Management Policy** Irwin, 1999-07-01      **Strategic Management** Arthur A. Thompson, Jr., A. J. Strickland, 1994-02      Strategic Management J. A. Strickland, Arthur A. Thompson, 1994-11-01      Organizational Evolution and Strategic Management Rodolphe Durand, 2006-04-25 I have no doubt this book will be read and used time and again by any scholar working within the evolutionary approach to organizations I believe that it will also be of great interest to strategy scholars Management Rodolphe Durand has a compelling message for the growing community of evolutionary researchers in organization studies Evolutionary researchers need to attend more carefully to historical and contemporary debates in the biological sciences if they are to avoid false tracks and simplistic analogies Durand offers here the foundations of a distinctive and authentic evolutionary theory that takes organizations seriously for what they are Richard Whittington Oxford University This book fills an important gap in the study of organizations and strategy from an evolutionary perspective It offers a synthetic approach to evolutionary analysis with grounded empirical examples that graduate students and seasoned scholars alike will find immensely useful Durand's OES model rooted in a critical examination of philosophical and scientific writings on evolution is particularly promising and provides a valuable guidepost for future research on organizations and strategic management Michael Lounsbury University of Alberta How is economic evolutionary theory in which organisations evolve according to environmental selection reconciled with evidence of strategic management This book is the first of its kind to propose a solution to this theoretical puzzle and engage readers in a balanced understanding of organizational evolution Rodolphe Durand embarks upon a fresh assessment of the literature His discoveries provide the foundation for a new theory of organizational selection and an organizational evolution and strategy model that reconciles economic evolution with strategic

intentionality Chapters include an examination of the work by Lamarck Darwin and Spencer a constructive appraisal of evolutionary theory applied to organisations and a summary of how the organizational evolution and strategy model will affect future theory and research      *Strategic Management* Sushil, Sanjay Dhir, 2024-09-25 This book emphasizes the concepts of strategic innovation and entrepreneurship which are quite prevalent in today's organizations Going beyond traditional approach that follows strategic analysis choice and implementation framework and traditional theories based on industrial organization paradigm and resource based view the book considers current business environment which is volatile uncertain complex chaotic conflicting and ambiguous VUCA It takes the strategic flexibility view to cope with these strategic challenges The book introduces the subject matter of strategic management in retrospect and prospect highlighting critical theories of strategic management It uses a strategic learning framework rather than a purely analytical approach to dynamically learn about the external situation internal resources and capabilities The evolution of strategy is given in terms of generic strategies in practice and adaptation in specific contexts It further deals with essential topics such as strategic alliances and networks mergers and acquisitions and global strategy It then provides the execution framework and models covering restructuring leadership corporate governance and change management The strategy in specific areas such as strategic technology management e business and knowledge management and functional strategies and policies are discussed to understand the implementation depth Finally it touches upon contemporary issues such as sustainable enterprise stakeholder perspectives and comparative strategies in various contexts It then outlines future directions of strategic management In the end case analysis guidelines are provided with sample cases from different parts of the world The book also used interpretive and simulation methods such as system dynamics and total interpretive structural modeling to grasp the relationships and their dynamic impact provided throughout the book It will be an invaluable resource for researchers of business strategy as well as students studying these courses it will also be useful for industry practitioners corporates and business policy makers      **Selected Cases and Strategic Management-Organization and Stockholder**
