Davis, 2003-01-30 This second supplement to DALB the Dictionary of American Library Biography 1978 adds 77 notable deceased members of the library and archival communities to the 302 entries in the main volume and the 51 entries in the first supplement 1990 The second supplement includes primarily those figures who died between 1987 and the end of the year 2000 though some 13 entries provide sketches for notable persons whose death dates are somewhat earlier and who were not included in earlier works Among the entries are a number of African Americans and nearly one half of the entries are women Some 80 contributors from the United States and Canada provided sketches many based on original source material This supplement follows the practice and format of the earlier volumes though it allows presidents of the American Library Association to compete for inclusion with other nominations Dudley Randall, Broadside Press, and the Black Arts Movement in Detroit, 1960-1995 Julius E. Writing African American Women Elizabeth A. Beaulieu, 2006-04-30 Women have had a complex experience in African American culture The first work of its kind this encyclopedia approaches African American literature from a Women s Studies perspective While Yolanda Williams Page s *Encyclopedia of African American Women Writers* provides biographical entries on more than 150 literary figures this book is much broader in scope Included

are several hundred alphabetically arranged entries on African American women writers as well as on male writers who have treated women in their works. Entries on genres, periods, themes, characters, historical events, texts, places, and other topics are included as well. Each entry is written by an expert contributor and relates its subject to the overall experience of women in African American literature. Entries cite works for further reading, and the encyclopedia closes with a selected general bibliography. African American culture is enormously diverse, and the experience of women in African American society is especially complex. Women were among the first African American writers, and works by black women writers are popular among students and general readers alike. At the same time, African American women have been oppressed, and texts by black male authors represent women in a variety of ways. The first of its kind, this encyclopedia approaches African American literature from a Women's Studies perspective and thus significantly illuminates the African American cultural experience through literary works. Included are several hundred alphabetically arranged entries written by numerous expert contributors. In addition to covering male and female African American authors, the encyclopedia also discusses themes, major works, and characters, genres, periods, historical events, places, and other topics. Included are entries on such authors as Maya Angelou, James Baldwin, Frederick Douglass, Nikki Giovanni, June Jordan, Claude McKay, Ishmael Reed, Sojourner Truth, Phillis Wheatley, and many others. In addition, the many works discussed include *Beloved*, *Blanche on the Lam*, *I know Why the Caged Bird Sings*, *The Men of Brewster Place*, *Quicksand*, *The Street*, *Waiting to Exhale*, and many more. The many topical entries cover Black Feminism, Black Nationalism, *Conjuring Children's*, and *Young Adult Literature*, Detective Fiction, Epistolary Novel, Motherhood, Sexuality, Spirituality, Stereotypes, and many others. Entries relate their topics to the experience of African American women and cite works for further reading. Features and Benefits: Includes hundreds of alphabetically arranged entries. Draws on the work of numerous expert contributors. Includes a selected general bibliography. Offers a range of finding aids such as a list of entries, a guide to related topics, and an extensive index. Supports the literature curriculum by helping students analyze major writers and works. Supports the social studies curriculum by helping students use literature to understand the experience of African American women. Covers the full chronological range of African American literature. Fosters a respect for cultural diversity. Develops research skills by directing students to additional sources of information. Builds bridges between African American history, literature, and Women's Studies.

[A Bibliography of Tennessee History, 1973-1996](#). W. Calvin Dickinson, Eloise R. Hitchcock, 1999. With some 6,000 entries, *A Bibliography of Tennessee History* will prove to be an invaluable resource for anyone—students, historians, librarians, genealogists—engaged in researching Tennessee's rich and colorful past. A sequel to Sam B. Smith's invaluable 1973 work *Tennessee History: A Bibliography*, this book follows a similar format and includes published books and essays as well as many unpublished theses and dissertations that have become available during the intervening years. The volume begins with sections on Reference, Natural History, and Native Americans. Its divisions then follow the major periods of the state's history: Before Statehood, State Development, Civil War,

Late Nineteenth Century Early Twentieth Century and Late Twentieth Century Sections on Literature and County Histories round out the book Included is a helpful subject index that points the reader to particular persons places incidents or topics Substantial sections in this index highlight women s history and African American history two areas in which scholarship has proliferated during the past two decades The history of entertainment in Tennessee is also well represented in this volume including for example hundreds of citations for writings about Elvis Presley and for works that treat Nashville and Memphis as major show business centers The Literature section meanwhile includes citations for fiction and poetry relating to Tennessee history as well as for critical works about Tennessee writers Throughout the editors have strived to achieve a balance between comprehensive coverage and the need to be selective The result is a volume that will benefit researchers for years to come The Editors W Calvin Dickinson is professor of history at Tennessee Technological University Eloise R Hitchcock is head reference librarian at the University of the South **Black Women's History** Darlene Clark Hine,1990

Black Chronicle Clarence S. Kailin,1980 *Almanac of Famous People: Biographies A-I* ,1989 **Lynchings in Mississippi** Julius E. Thompson,2015-06-08 Lynching occurred more in Mississippi than in any other state During the 100 years after the Civil War almost one in every ten lynchings in the United States took place in Mississippi As in other Southern states these brutal murders were carried out primarily by white mobs against black victims The complicity of communities and courts ensured that few of the more than 500 lynchings in Mississippi resulted in criminal convictions This book studies lynching in Mississippi from the Civil War through the civil rights movement It examines how the crime unfolded in the state and assesses the large number of deaths the reasons the distribution by counties cities and rural locations and public responses to these crimes The final chapter covers lynching s legacy in the decades since 1965 an appendix offers a chronology Black Americans Information Directory ,1990 *Voices of the African Diaspora* ,1994 **Subject Catalog** Library of Congress,1978 Subject Catalog, 1978 Library of Congress,1978 *Choice* ,1985 **Encyclopedia of the American Novel** Abby H.
