Gilligan, 2016-04-22 Quartz sand is anywhere and everywhere imaginable on the surface of the Earth It forms the vast sandy Sahara and Arabian deserts where dunes can reach a staggering 180 meters 600 ft in height It makes up the world's immense sandstone deposits forms our beaches and is present in most soils around the globe The question is where did all the sand come from All scholars hold the view that the primary source of our sand lies with the weathering and erosion of granite outcrops a process that is said to take billions of years uniformitarianism But is this correct Is there anybody brave enough to challenge this seemingly impregnable bastion of geological principles Extraterrestrial Sands does just that Extraterrestrial Sands dismantles the consensus model and explores the radical idea that sand is extraterrestrial in origin The theory states that the planet Mars entered into hundreds of catastrophic close encounters with earth during historical times During these encounters an incandescent molten Mars internally convulsed and ejected immeasurable quantities of vaporised rock volatiles dust and debris out into space a natural by product of planetary chaos Vast swaths of rock vapour fell to earth along with tons of other sedimentary material where it condensed out of the atmosphere as tiny quartz grains In other words it rained sand Earth has been subjected to a number of catastrophic sand and debris accretion events in the past few thousand years and the evidence is obvious for all to see It reaches us in the form of Earth's sandy deserts beaches dune fields and sandstone deposits If proven the theory laid out in Extraterrestrial Sands has the potential to rewrite Earth's history A fascinating read it will appeal to those with an interest in global and Martian geology      **Miscellaneous poems**

**The Shadow of the Sun** Barbara Friend Ish, 2011-02-22 A Man Cannot Deny the Gods Ten years ago Ellion violated a sacred rule of magic and brought tragedy on his family Forced to abandon his throne exiled from the holy Aballo Order of wizards and severed from his patron goddess he swore never to work magic again He retreated into music and a bard's footloose existence living in other men's kingdoms singing of other men's victories A Man Cannot Escape Destiny But then the arrogant king of kings is murdered in an act of insurrection by a rogue wizard who follows the old gods As the human nations teeter on the verge of chaos and civil war Ellion tries to slip even farther away to the Tanaan realms only to discover that they are threatened by the same enemy A Man Cannot Hide from the Shadow of the Sun Now Ellion finds himself the protector of Letitia a Tanaan princess daughter of one of the greatest Tanaan heroines and unwitting key to a great arcane mystery Pursued by the rogue wizard's minions enticed by gods he was taught to forswear challenged by his former mentor and tempted by the most enchanting woman he has ever encountered Ellion must battle his faith his vows and the darkness his soul yearns to tap as he races to unravel the secret of the rogue's power the Shadow of the Sun

*The Return of Thematic Criticism* Werner Sollors, 1993 In the glory days of high modernist formalism it was anathema to speak about the content of a work of art Those days are gone and critical practice now is largely thematic practice A focus on the themes of literature informs feminist new historicist ethnic and even second generation deconstructionist approaches However such practice is not always recognized The specter of theoretically impoverished positivism still haunts thematic analysis making it the approach to literature that dare not speak its name This volume brings together for the first time an international group of writers critics and theoreticians who have thought deeply about this issue How can we determine the theme of a given text May the focus on form be the theme of a certain moment Can the motif be understood as a formal category What operations permit us to say that three or four texts constitute variants of the same theme The contributors challenge the conventional dismissal of merely thematic approaches and offer the reader different ways of tackling the issue of what a piece of writing is about The work here comes out of such diverse intellectual traditions as Russian film theory French phenomenology Foucault narratology the Frankfurt School intellectual history Geistesgeschichte psychoanalytic criticism linguistics ideological criticism Proppian folklore studies and computerized plot summary models In addition to a collection of aphorisms from Plato to Robert Coover and a group of general and theoretical essays this volume contains

examples of practical engagement with such topics as literary history Shakespeare autumn poetry anti-Semitism fading colors bachelors Richard Wagner and the Mexican Revolution No comparable volume exists Thinking of Amitabha Buddha Rulu,2012-01-20 The Mahayana Buddhist doctrine teaches that all sentient beings have Buddha nature and will eventually attain Buddhahood For the spiritual training of those who are resolved to become Buddhas to benefit themselves and others Sakyamuni Buddha recommends a Pure Land Amitabha Buddhas Land of Ultimate Bliss To be reborn in that land one must have faith resolve and training In that splendid environment and in the excellent company of advanced Bodhisattvas one will attain Buddhahood with Amitabha Buddhas training and support The Pure Land School originated in China is founded on five sutras and one treatise This book Rulus second presents these six texts and four other sutras in English all translated from texts in the Chinese Buddhist Canon Five of these ten English translations have never before been published in book form To help readers the translators introduction provides an organized presentation of Pure Land teachings another chapter tells the life stories of the patriarchs of the Pure Land School Buddhist terms are explained in the glossary This book will benefit readers at all levels and serve as a basis for scholarly research For those who aspire to be reborn in the Pure Land it is the only English guidebook available **Littell's Living Age** ,1887 **The Living Age** ,1854 Littell's Living Age Eliakim Littell,Robert S. Littell,1887 The Christian Wordsworth, 1798-1805 William A. Ulmer,2001-10-18 Recent scholarship on the British Romantic poet William Wordsworth usually depicts him as a secular humanist during the years of his creative ascendancy In The Christian Wordsworth 1798 1805 William A Ulmer challenges this consensus by arguing that Wordsworth never abandoned his faith in a supernatural Deity and that the poet's theism included important Christian sympathies as early as 1798 By tracing the changes in Wordsworth's religious beliefs from the early secular period to the later Anglican period Ulmer reconstructs the strategic indirections by which the poet's faith shapes his major poems In readings of *The Ruined Cottage* the Pedlar narrative *Tintern Abbey* the *Prospectus* the *Ode* *The Prelude* and other texts Ulmer presents a poet increasingly determined to stage the prophetic revelations of his poems against carefully established Christian backgrounds Through this revisionary traditionalism Wordsworth attempts to preserve England's Christian heritage by adapting it to modern needs Revisionary in its own right Ulmer's book provides an innovative perspective on Romantic natural supernaturalism and on William Wordsworth's religious poetics and intellectual development **Stylistics and the Teaching of Literature** H.G. Widdowson,2014-06-06 This volume forms part of the Applied Linguistics and Language Study collection that looks at the field of analysing and appreciating literary texts First published in 1975 this text makes a considerable contribution to extending our view of the principles underlying language teaching and curriculum design The author begins by distinguishing the idea that discipline from the pedagogic subject in order to demonstrate that stylistics is Janus like in the way it can be treated for example at school or university as a way from linguistics to literary study or the reverse To understand this bidirectionality he explains distinctions between the linguist's text and the critic's

messages by introducing the concept of discourse as a means through which to understand the communicative value of passages of language      **Poems of the Malay Peninsula** Richard Greentree, 1901
