Seven Cities Of The Apocalypse And Greco Asian Culture:

The Seven Cities of the Apocalypse and Greco-Asian Culture Roland H. Worth, 2019-05-07 The companion to The Seven Cities of the Apocalypse and Roman Culture this study explores the social world in which early Christians functioned in Asia providing a comprehensive picture of life in this eastern province of the Roman Empire and focusing on how the local environment affects the interpretation of the book of Revelation The history population local culture economies and cults of each city are examined in detail Including data from hundreds of sources this volume should prove useful to students of both the Bible and Roman history as it bridges the gap between the two specialties and provides many details that enable the reader to imagine what life would really have been like in those ancient cities As such this study provides a valuable supplement to the broader question of Rome s general impact upon the region traced in the Roman Culture volume Although there are many works on the subject this is the only place where all the information is pulled together It is a useful resource for Scripture scholars nonprofessionals with an interest in Bible study professors and students of Scripture and historians specializing in the first century CE

Reading Revelation Joseph L. Trafton, 2005 Trafton has produced a clear understandable insightful reading of the book of Revelation not an easy task for a book that has left many readers puzzled and confused One of the particular strengths of Trafton s commentary is his close attention to the structure of John s work and the internal connections between various passages of the book Readers will also benefit from Trafton s identification of John s extensive indebtedness to the Hebrew Bible for much of his imagery and ideas Mitchell G Reddish O L Walker Professor of Christian Studies and Chair Department of Religious Studies Stetson University

Secularism and the Pursuit of Transcendence, Volume I Stanley E. Porter, Wendy J. Porter, 2025-02-20 We live in a secular age or so we have been told Nevertheless the Christian church strongly believes that we still experience and in fact are surrounded by acts of transcendence encounters with God that often defy imagination and explanation And yet we do try to explain such phenomena whether theologically experientially biblically historically philosophically literarily or even or especially artistically These two volumes are more than just papers from a major conference on secularism and the pursuit of transcendence held at McMaster Divinity College in Hamilton Ontario They contain genuine attempts by people deeply engaged with their secular surroundings to explain what we mean by transcendence Transcendence has been a longstanding topic among the best thinkers of this and previous ages and the same is true for these volumes which include contributions by Charles Taylor Robert Wuthnow Merold Westphal and Christina Gschwandtner but also by a wide range of others who address the question from divergent vantage points The responses vary as much as the orientations of those involved in the pursuit of defining not only what it means to live in our secular age but to be involved in the pursuit of transcendence or even to perceive the Transcendent s pursuit of us

The End of the World as You Know It Matthew L. Halsted,2024-02-07 Thinking about the end times isn t supposed to terrify you Christians rightly turn to the Bible to make sense of our times But so often we get the wrong answers because we ask the wrong questions In *The End of the World as You Know It* Matthew L Halsted challenges common end times assumptions and points us back to Scripture Each chapter reevaluates a popular question in light of the Bible s own concerns Will Christians be raptured What is the mark of the beast When we let Scripture direct our questions we get better and more hopeful answers The Bible was written for us but not to us We must bridge the gap between Scripture s ancient context and our own Reading end times texts in their ancient context helps us understand our present and future And when we do we find that God s word brings peace not fear and confusion [The Historical Reliability of the New Testament](#) Craig L. Blomberg,2016-11 This book is a fully stocked toolbox for anyone interested in whether we can still trust the New Testament in the twenty first century *Revelation* Amos Yong,2021-09-14 The book of Revelation stands as one of the most challenging and inspiring in the Christian canon While giving rise to much unhelpful speculation its core message of the active sovereignty of God in a hostile world has given courage and comfort throughout Christian history In this volume Amos Yong analyzes the message of Revelation to its earliest readers and speaks to its ongoing meaning for believers today The volumes in the Belief series offer a fresh and invigorating approach to all the books of the Bible Building on a wide range of sources from biblical studies and the Christian tradition renowned scholars focus less on traditional historical and literary angles in favor of a theologically focused commentary that considers the contemporary relevance of the text Why then and why now are overarching questions asked throughout the volumes in the series *Handbook of Early Christianity* Anthony J. Blasi,Paul-André Turcotte,Jean Duhaime,2002 Visit our website for sample chapters **The Book of Revelation and the Visual Culture of Asia Minor** Andrew R. Guffey,2019-10-10 The images in the book of Revelation confound even the most

seasoned of interpreters In this book Andrew R Guffey argues that part of the confusion stems from the fact that the book of Revelation was first and foremost a work to be seen but that few interpreters address the visibility of the book The Book of Revelation and the Visual Culture of Asia Minor describes a connection between rhetorical discussions of ekphrasis visual culture and John s images a concurrence of images using theory and thick historical description Guffey s analysis situates the text and its rhetorical performativity in the context of ancient visual and rhetorical culture arguing that Revelation is not merely a work of literary craft but also of visual culture
