Christian-Smith, 2019-10-01 A woman is incomplete without a man motherhood is a woman s destiny and a woman s place is in the home These conservative political themes are woven throughout teen romance fiction s sagas of hearts and flowers Using the theory and interpretive methods of feminism and cultural studies Christian Smith explores the contradictory role that popular culture plays in constructing gender class race age and sexual meanings Originally published in 1990 **Becoming a Woman through Romance** combines close textual analyses of thirty four teen romance novels written in the United States from 1942 1982 with a school study in three midwestern American schools Christian Smith situates teen romance fiction within the rapidly changing publishing industry and the important political and economic changes in the United States surrounding the rise of the New Right By analysing the structure of the novels in terms of the themes of romance sexuality and beautification and the Good Bad and Strong Weak dichotomies she demonstrates how each has shaped the novels versions of femininity over forty years She also shows that although romance fiction is presented as a universal model it is actually an expression of white middle class gender ideology and tension within this class This high readable comprehensive and coherent work was the first to combine in one volume three vital areas of cultural studies research the political economy of publishing textual analysis and a study of readers The first full scale study of teen romance fiction **Becoming a Woman through Romance** establishes the importance of the study of popular culture forms found in school for understanding the

process of school materials in identity formation      *Tranquility* David W. Henderson, 2015-09-01 There's never enough time. So we try to cram as much as possible into what little time we have. Work, friends, play, rest. But what if? How do I fit it all in? Isn't the right question? Scripture has a lot to say about time. Taking a cue from Ecclesiastes, Better one handful with tranquility than two handfuls with toil and chasing after the wind and drawing on everything from Augustine's Confessions to conversations with air traffic controllers, David W. Henderson encourages us to move beyond merely trying to open up a bit of margin or to say no once in a while and to take a purposeful step back from our lives to examine those internal and external dynamics that propel us into busyness and hurry. Sharing honest stories about his own struggles with busyness, he helps readers explore the way the Scriptures frame our time, understanding the times, making the most of the time, and trusting God with the rest. For anyone who is tired of feeling the push and pull of our time-bent culture, this book will be a welcome invitation to rest and to live artful and faithful lives marked by peace and tranquility.      *The Best in Children's Books*

University of Chicago. Center for Children's Books, 1986-08 Designed to aid adults, parents, teachers, librarians in selecting from the best of recent children's literature, this guide provides 1,400 reviews of books published between 1979 and 1984. This volume carries on the tradition established by Zena Sutherland's two earlier collections covering the periods from 1966 to 1972 and 1973 to 1978. Her 1973 edition of *The Best in Children's Books* was cited by the American School Board Journal as one of the outstanding books of the year in education.      Sexual Cultures and the Construction of Adolescent Identities

Janice Irvine, 2009 Adolescent sexual awakening is reevaluated in terms of social and cultural influences.      *Beyond Silenced Voices* Lois Weis, 1993-01-01 This book addresses race, class, and gender in education in the United States. It debates the issues of institutionalized power and privilege and the policies, discourses, and practices that silence powerless groups. At the center of the silence are the most critical and powerful voices of all children and adolescents with their relentless desire to be heard and to survive. Weis and Fine go beyond examining policies, discourse, and practices to call up the voices of young people who have been expelled from the centers of their schools and our culture to speak as interpreters of adolescent culture among them: lesbian and gay students who have been assaulted in their schools; adolescent women burying their political and personal resistances; the moment their bodies fill out; young men and women struggling for identities amid the radically transforming conditions of late twentieth-century capitalism; and Native American college students almost wholly excluded from the academic conversation.      **Children's Book Review Index 1981 Cumulative** Gary C.
