A Million Miles from Broadway Revised and Expanded Edition Mel Atkey, 2019 Musical theatre is and always has been an international form not just an American one It can take root anywhere Few people would realise that such hit standards as The Glow Worm Brazil Mack the Knife I Will Wait for You and El Condor Pasa came from foreign language musicals A Million Miles from Broadway Musical Theatre Beyond New York and London looks at the history and future of work that exists outside of the two traditional centres Met Atkey has lectured internationally on musical theatre He is also a composer and lyricist himself When his musical A Little Princess written with the late Robert Sickingler opened the New York Times praised its lovely music His earlier book Broadway North the Dream of a Canadian Musical Theatre has become the basis for courses taught in Canadian Universities including Sheridan College where the international hit musical Come from Away was born Australian TV producer and musical writer Peter Pinne called it well documented full of facts and a compelling read for any musical theatre buff [Publishers' Circular and Booksellers' Record of British and Foreign Literature](#) ,1895 **Show Music** ,2001 **Author-title Catalogue of English Prose Fiction, Including Translations** Buffalo Public Library (Buffalo, N.Y.),1898 *Classroom Libraries for Public Schools* Buffalo Public Library (Buffalo, N.Y.),1902 **Class-room Libraries for Public Schools** Buffalo Public Library (Buffalo, N.Y.),1909 **New Zealand Farmer Weekly** ,1927 [The Australian Country Girl: History, Image, Experience](#) Catherine Driscoll,2016-03-23 The Australian Country Girl History Image Experience offers a detailed analysis of the experience and the image of Australian country girlhood In Australia country girl names a field of experiences and life stories by girls and women who have grown up outside of the demographically dominant urban centres But it also names a set of ideas about Australia that is surprisingly consistent across the long twentieth century despite also working as an index of changing times For a long period in Australian history well before Federation and long after it public and popular culture openly equated Australian character with rural life This image of Australian ness sometimes went by the name of the bush man now a staple of Australian history This has been counterbalanced post World War II and increased immigration by an image of sophisticated Australian modernity located in multicultural cities These images of Australia balance rather than contradict one another in many ways and the more cosmopolitan image of Australia is often in dialogue with that preceding image of the bush This book does not offer a corrective to the story of Australian national identity but rather a fresh perspective on this history and a new focus on the ever changing experience of Australian rural life It argues that the country girl has not only been a long standing counterpart to the Australian bush man she has more importantly figured as a point of dialogue between the country and the city for popular culture and for public sphere narratives about Australian society and identity [The School Journal](#) ,1895 [Zell's Descriptive Hand Atlas of the World](#) John Bartholomew,1873
