R. H. Trowbridge,2017-12-26 Excerpt from Seven Splendid Sinners The importance not to speak of the interest of the latter decreases in proportion to their distance from posterity till they are finally submerged in the ocean of time To this sweeping assertion there is of course as usual an exception and certain epoch making events in the history of mankind a Renaissance a Reformation a Revolution for instance rear their crests above the waste of time like those volcanic islands in tropic seas whose summits tower as high above the waves from which they rise as their bases are sunk beneath them But with regard to individuals the opposite is the case It has been said that the Muse of History has no politics on the contrary she has belonged to every political party from the Absolutists to the Republicans save the Social ists The faith of the latter indeed it is

impossible for her to profess in history the Individual is all in all The dagger of Brutus the eloquence of Antony the corpse of Caesar possess greater significance for us than all the influences that converted Rome from a republic into an empire Apart from some examination paper or treatise by Herr Dryasdust of what account is the Agrarian Question which once so deeply agitated the mistress of the world Yet the Gracchi are deathless Or coming quite near our own times can there be any doubt as to the relative importance and interest between the march of events in France's stupendous struggle for freedom and the careers and characters of the men and women who engaged in the front rank of that struggle The mere names of Marie Antoinette Mirabeau Marat Robespierre Napoleon speak more than whole volumes on the Revolution For the memory of a personality let it be stated again endures longer than the memory of an epoch a fact that all the greatest historians both scientific and unscientific have always recognized About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works The United States Catalog ,1925 The Spectator ,1908 A weekly review of politics literature theology and art **Sale** Anderson Galleries, Inc,1915
