Seven Continents And Forty Years A Concentration Of Memoirs:

Seven Continents and Forty Years Cyrus Leo Sulzberger, 1977 George F. Kennan and the Making of American Foreign Policy, 1947-1950 Wilson D. Miscamble, C.S.C., 2021-04-13 When George C Marshall became Secretary of State in January of 1947 he faced not only a staggering array of serious foreign policy questions but also a State Department rendered ineffective by neglect maladministration and low morale Soon after his arrival Marshall asked George F Kennan to head a new component in the department s structure the Policy Planning Staff Here Wilson Miscamble scrutinizes Kennan s subsequent influence over foreign policymaking during the crucial years from 1947 to 1950 From Roosevelt to Truman Wilson D. Miscamble, 2007 On April 12 1945 Franklin Roosevelt died and Harry Truman took his place in the White House Historians have been arguing ever since about the implications of this transition for American foreign policy in general and relations with the Soviet Union in particular Was there essential continuity in policy or did Truman s arrival in the Oval Office prompt a sharp reversal away from the approach of his illustrious predecessor This study explores this controversial issue and in the process casts important light on the outbreak of the Cold War From Roosevelt to Truman investigates Truman s foreign policy background and examines the legacy that FDR bequeathed to him After Potsdam and the American use of the atomic bomb both of which occurred under Truman s presidency the US floundered between collaboration and confrontation with the Soviets which represents a turning point in the transformation of American foreign policy This work reveals that the real departure in American policy came only after the Truman administration had exhausted the legitimate possibilities of the Rooseveltian approach of collaboration with the Soviet Union Seven Continents and Forty Years Cyrus Leo Sulzberger, 1977 *The Foreign and Domestic Dimensions of Modern Warfare* Howard Mumford Jones, 2018-12-11 An exploration of the nuclear arms race and the dangers arising with the advent of limited warfare After the development of the atomic bomb in 1945 Americans became engaged in a new kind of war against totalitarianism Enemies and objectives slipped out of focus causing political and military aims to mesh as a struggle to contain communism both at home and abroad encompassed civilians as well as soldiers In matters relating to Vietnam Central America and the nuclear arms race the domestic and foreign dimensions of each issue became inseparable Policymakers in Washington had to formulate strategies dictated by limited war in their search for peace Contributors to this volume demonstrate the multifaceted nature of modern warfare Robert H Ferrell establishes the importance of studying military history in understanding the post World War II era On Vietnam Colonel Harry G Summers Jr gives an intriguing argument regarding the U S Army George C Herring examines how America s decisions in 1954 assured deepened involvement and Captain Mark Clodfelter uncovers new evidence concerning Linebacker I On the home front Robert F Burk analyzes the impact of the Cold War on the battle for racial justice Charles DeBenedetti puts forth a challenging interpretation of the antiwar movement and James C Schneider provides perspective on the relationship between the Vietnam War and the Great Society On Central America two writers downplay

communism in explaining the region's troubles Ralph Lee Woodward Jr fits the Nicaraguan revolution in the long span of history and Thomas M Leonard shows how the Reagan administration forced Costa Rica to side with the United States's anti Sandinista policy Finally on nuclear strategy Donald M Snow offers a thought provoking assessment of the star wars program and Daniel S Papp recommends measures to promote understanding among the superpowers These essays demonstrate that the making of foreign policy is immensely complicated not subject to easy solution or to simple explanation Despite these complexities the central objective of policymakers remained clear to safeguard what was perceived as the national interest

Kingmaker Sonia Purnell, 2025-10-28 A thorough account of Harriman's rise which also manages to be a brisk twisty read riveting and revelatory The New Yorker Rigorous but rollicking The New York Times Named a BEST BOOK OF THE YEAR by The New Yorker Apple Books The Economist Politico Town Country The Guardian Financial Times The Spectator The Telegraph The Oldie Irish Examiner Mail on Sunday Daily Express London Standard and The Times Literary Supplement and a Must Read Book of Fall 2024 by People Magazine From the New York Times bestselling and award winning author of A WOMAN OF NO IMPORTANCE an electrifying re examination of one of the 20th century's greatest unsung power players When Pamela Churchill Harriman died in 1997 the obituaries that followed were predictably scathing and many were downright sexist Written off as a mere courtesan and social climber her true legacy was overshadowed by a glamorous social life and her infamous erotic adventures Much of what she did behind the scenes on both sides of the Atlantic remained invisible and secret That is until now with a wealth of fresh research interviews and newly discovered sources Sonia Purnell unveils for the first time the full spectacular story of how she left an indelible mark on the world today At age 20 Churchill's beloved daughter in law became a secret weapon during World War II strategically winning dining and seducing diplomats and generals to help win over American sentiment and secrets to the British cause against Hitler After the war she helped to transform Fiat heir Gianni Agnelli into Italy's uncrowned king on the international stage and after moving to the US brought a struggling Democratic party back to life hand picking Bill Clinton from obscurity and vaulting him to the presidency Picked as Ambassador to France she deployed her legendary subtle powers to charm world leaders and help efforts to bring peace to Bosnia playing her part in what was arguably the high water mark of American global supremacy There are few at any time who have operated as close to the center of power over five decades and two continents and there is practically no one in 20th Century politics culture and fashion whose lives she did not touch including the Kennedys Truman Capote Aly Khan Kay Graham Gloria Steinem Ed Murrow and Frank Sinatra Written with the novelistic richness and investigative rigor that only Sonia Purnell could bring to this story full of sex politics yachts palaces and fabulous clothes KINGMAKER re asserts Harriman's rightful place at the heart of history
