Marcuse, 2023-11-15 **Encyclopedia of American Literature** Manly, Inc., 2013-06 Susan Clair Imbarrato Carol Berkin Brett Barney Lisa Paddock Matthew J Brucoli George Parker Anderson Judith S Bibliographical Guide to the Study of the Literature of the U.S.A. Clarence Gohdes, Sanford E. Marovitz, 1984 This fifth revised edition features approximately 1 900 items most of which are annotated It addresses several interdisciplinary studies that have become prominent in the last decade especially on popular culture racial and other minorities Native Americans and Chicanos and literary regionalism It allots more space to computer aids science fiction children s literature literature of the sea film and literature and linguistic studies of American English and includes a new section on psychology The appendix lists the biography of each of 135 deceased American authors ISBN 0 8223 0592 5 22 50 For use only in the library The Tayloring Shop Edward Taylor, Thomas M. Davis, Virginia L. Davis, 1997 The bodies of tradition discussed here range from the Puritan concept of nature to Puritan casuistry Three of the traditions presented nature casuistical and elegiac are analyzed for the way in which they help us understand the basic ideas in and the development of Taylor s poetry American Literature and Science Robert Scholnick, 2021-10-21 Literature and science are

two disciplines are two disciplines often thought to be unrelated if not actually antagonistic But Robert J Scholnick points out that these areas of learning up through the beginning of the nineteenth century were understood as parts of a unitary endeavor By mid century they had diverged but literature and science have continued to interact conflict and illuminate each other In this innovative work twelve leaders in this emerging interdisciplinary field explore the long engagement of American writers with science and uncover science s conflicting meanings as a central dimension of the nation s conception of itself Reaching back to the Puritan poet minister physician Edward Taylor who wrote at the beginning of the scientific revolution and forward to Thomas Pynchon novelist of the cybernetic age this collection of original essays contains essential work on major writers including Franklin Jefferson Poe Emerson Thoreau Twain Hart Crane Dos Passos and Charles Olson Through its exploration of the ways that American writers have found in science and technology a vital imaginative stimulus even while resisting their destructive applications this book points towards a reconciliation and integration within culture An innovative look at a neglected dimension of our literary tradition American Literature and Science stands as both a definition of the field and an invitation to others to continue and extend new modes of inquiry

Design in Puritan American Literature William J. Scheick, 2014-07-15 Puritan American writers faced a dilemma they had an obligation to use language as a celebration of divine artistry but they could not allow their writing to become an iconic graven image of authorial self idolatry In this study William Scheick explores one way in which William Bradford Nathaniel Ward Anne Bradstreet Urian Oakes Edward Taylor and Jonathan Edwards mediated these conflicting imperatives They did so he argues by creating moments in their works when they and their audience could hesitate and contemplate the central paradox of language its capacity to intimate both concealed authorial pride and latent deific design These ambiguous occasions served Puritan writers as places where the threat of divine wrath and the promise of divine mercy intersected in unresolved tension By the nineteenth century the heritage of this Christlike mingling of temporal connotation and eternal denotation had mutated A peculiar late eighteenth century narrative by Nathan Fiske and a short story by Edward Bellamy both suggest that the binary nature of language exploited by their Puritan ancestors was still a vital authorial concern but neither of these writers affirms the presence of an eternal denotative signification hidden within the conflicting historical contexts of their apparently allegorical language For them appreciation of the mystery of a divine revelation possibly concealed in words yielded to puzzlement over language itself specifically over the inadequacy of language to signify more than its own instability of design This book is a tightly focused study of an important aspect of Puritan American writers use of language by one of the leading scholars in the field of early American literature

Anne Bradstreet, a Reference Guide Raymond F. Dolle, 1990 This book is part of the Reference Guides to Literature series which includes comprehensive annotated bibliographies that bring together all known secondary literature on significant British American and European authors and their works It chronologically lists and annotates the secondary literature by year of publication It indexes the secondary literature by

author title and subject and traces the history of the critical reception to each author s work
