

SEWING DICTIONARY

Sewing, like any other skill, has a language of its own with precise but perhaps unfamiliar meanings. In order to simplify matters for you, we have compiled this dictionary which defines the meanings of the sewing terms we use.

We not only define the words but also illustrate and describe many of the sewing steps; tell you where and how to use them. We give you tables of needle and thread sizes properly coordinated. We also suggest

many alternate ways of doing some of the basic steps.

If you find an unfamiliar term in one of the book's fourteen "learn-by-making" lessons, you can refer to this dictionary for the explanation. For instance, if you don't know the correct way to straighten the ends of your fabric, this dictionary will show you how. Just look it up under "Straightening ends." Supplement what you learn in the lessons with this information, so you'll know all the fundamentals of good sewing.

ADJUSTMENT or alteration: Changes to conform to individual height or proportions. To shorten or lengthen a pattern: See blouse, page 28; coat, page 132; dress, page 20; jacket, page 146; sleeve, pages 56 and 146; skirt, page 66. For adjustments to individual proportions, see pages 16 and 17.

ALLOWANCE: Additional fabric where needed. Vogue Pattern seam allowance is $\frac{1}{2}$ " except when seam tapers to a point.

natural shoulders and you want pads, allow more at shoulder seams (see adjustment for square shoulder, C on page 17).

ARMHOLE or armhole: Opening for arm. When fitting, keep in mind the type of sleeve in the pattern. Don't cut off a drop shoulder or sew up a raglan shoulder or the sleeve will not fit.

BACK STITCHING: Hand stitching that looks like machine stitching. Useful to finish off an edge-stitched seam. Insert needle at end of last stitch, and

bring it out twice the length of a stitch in front, making a double stitch on wrong side. A back stitch strengthens basting.

BAR: Buttonhole-stitched or satin-stitched

BASTING: Temporary joining with hand stitches, matching notches, etc. Baste carefully and securely. Begin with a few overhand stitches, as a knot may pull through. Fasten end of seam in the same way. **Even basting:** Short running stitches alike on both sides of fabric. Use this for seams

in a fitted bodice, an armhole, on sleeves or wherever seams are under strain.

Long and short basting: Uneven stitches longer on topside of work. Use when there
