SEX, DRUGS, ROCK and WAR: The Boomer Generation Daniel Muller, 2023-05-10 We have all heard the nicknames for the current generations in the news Besides the Silent Generation aka The Greatest Generation born before 1946 there are Baby Boomers Generation X Generation Y also known as the Millennials and Generation Z In the past few years there has been an increasing amount of coverage and discussion about the growing frustration between these generations Some call it a generational war Much of the debate has to do with the Boomer generation with younger generations claiming various failures of this generation to provide a world or country that is sustainable and affordable TV shows podcasts newspaper and magazine articles movies and social media have increasingly begun analysis and discussion about this war It is a hot topic and unfortunately becoming more emotional Most of the analysis and coverage has to do with emerging information about each generation such as wealth accumulation party affiliation changing opinions habits values and relationships Facts and surveys abound discussing all of these aspects of the generations and more But we all innately understand that generalizations and summaries about the generations can be dangerous and can only tell a part of the story What is the answer to this generational conflict that is beginning to stress friendships acquaintances and even families How can we

diffuse the emotion and get to positive solutions that will help heal the divide Daniel Muller attempts to understand this growing generational conflict at a more micro level namely by documenting and sharing the individual life stories of a somewhat random collection of everyday Baby Boomers Besides their life stories he relates their opinions about a series of hot topics today all in an attempt to better understand what linkages may exist between their environment families early and mid life years and how they think and behave today SEX DRUGS ROCK and WAR The Boomer Generation is an enjoyable collection of very diverse life stories In addition Muller shares a fascinating analysis of Boomer values and opinions and hypothesizes about the underlying potential causes of the growing conflict between generations Finally he shares his suggestions to calm the generational wars **Sex-linked inheritance in Drosophila** Thomas Hunt Morgan,1916
