Congress. House. Committee on Foreign Affairs. Subcommittee on Asia and the Pacific, 2011 *Reading Rock and Roll* Kevin J. H. Dettmar, William Richey, 1999 Considering the work of such artists as Madonna George Clinton U2 Elvis Costello and Nirvana the contributors deftly combine the rigors of scholarship with the energy of rock journalism to provide an analysis at once critical contextualized and enthusiastic While a number of scholars have recently turned their attention to rock and pop music most of their work has focused on providing sweeping cultural contexts for its popularity rather than exploring the music itself Now in Reading Rock and Roll Kevin Dettmar and William Richey have gathered a wealth of erudite original and clever writings that perform close readings of rock music often with surprising results The authors in this volume view rock and roll as having had affinities with postmodernism from its inception With its mongrel pedigree drawing on blues folk R and B and bluegrass and its relation to mass media and high tech modes of production rock music has been self conscious and full of irony from the beginning These essays regularly call attention to the allusiveness and intertextuality of rock and roll whether it is Kurt Cobain undermining the Beatles M C Hammer stealing from Rick James s Super Freak or U2 s use of Johnny Cash s legendary voice From a careful examination of the roles of addictions and female sexuality in the remakings of Courtney Love and Madonna to the politics of George Clinton s uses and abuses of language to the referencing of Elvis

Costello in two recent novels and the use of 1970s rock in several recent film soundtracks these essays are as varied as the artists they consider Informal and theoretically informed Reading Rock and Roll is an important investigation of the music that more than any other has defined our century Rock 'n' Roll High School ,2009 God Gave Rock and Roll to You Leah Payne,2024-01-04 By combining musical styles young people loved with the wholesomeness their parents wanted Contemporary Christian Music CCM became a multimillion dollar industry In this book author Leah Payne traces the history of contemporary Christian music in America and in the process demonstrates how the industry its artists and its fans shaped and continue to shape conservative mostly white Protestant evangelicalism
