*The Sex Lives of Famous Lesbians* Nigel Cawthorne, 2005 Irresistible look at the sex lives of some of the world's most famous lesbians Covers a selection of famous names throughout the ages Virginia Woolf Eleanor Roosevelt and more

**Women Lovers, Or The Third Woman** Natalie Clifford Barney, 2016-06-15 This long lost novel recounts a passionate triangle of love and loss among three of the most daring women of belle poque Paris In this barely disguised roman clef the legendary American heiress writer and arts patron Natalie Clifford Barney the dashing Italian baroness Mimi Franchetti and the beautiful French courtesan Liane de Pougy share erotic liaisons that break all taboos and end in devastation as one unexpectedly becomes the third woman Never before published in English and only recently published in French this modernist experimental work has been brought to light by Chelsea Ray's research and translation *The Feminist*

*Spectator as Critic* Jill Dolan, 1991 Extends the feminist analysis of representation to the realm of performance **Lesbians and Gay Men as Foster Parents** Wendell Ricketts, 1991 **Sex Cultures** Amin Ghaziani, 2017-04-03 Why is it so hard to talk about sex and sexuality In this crisp and compelling book Amin Ghaziani provides a pithy introduction to the field of sexuality studies through a distinctively cultural lens Rather than focusing on sex acts which make us feel flustered and blind us to a bigger picture Ghaziani crafts a conversation about sex cultures that zooms in on the diverse contexts that give meaning to our sexual pursuits and practices Unlike sex which is a biological expression the word sexuality highlights how the materiality of the body acquires cultural meaning as it encounters other bodies institutions regulations symbols societal norms values and worldviews Think of it this way sex culture sexuality Sex Cultures offers an introduction to sexuality unlike any other Its case study and debate driven approach animated by examples from across the globe and across disciplines upends stubborn assumptions that pit sex against society The elegance of the arguments makes this book a pleasurable read for beginners and experts alike **How Sex Got Screwed Up: The Ghosts that Haunt Our Sexual Pleasure - Book Two**

Jon Knowles, 2019-03-31 The ghosts that haunt our sexual pleasure were born in the Stone Age Sex and gender taboos were used by tribes to differentiate themselves from one another These taboos filtered into the lives of Bronze and Iron Age men and women who lived in city states and empires For the early Christians all sex play was turned into sin instilled with guilt and punished severely With the invention of sin came the construction of women as subordinate beings to men Despite the birth of romance in the late middle ages Renaissance churches held inquisitions to seek out and destroy sex sinners all of whom it saw as heretics The Age of Reason saw the demise of these inquisitions But it was doctors who would take over the roles of priests and ministers as sex became defined by discourses of crime degeneracy and sickness The middle of the 20th century saw these medical and religious teachings challenged for the first time as activists such as Alfred Kinsey and Margaret Sanger sought to carve out a place for sexual freedom in society However strong opposition to their beliefs and the growing exploitation of sex by the media at the close of the century would ultimately shape 21st century sexual ambivalence

Book Two of this two part publication traces the history of sex from the Victorian Era to present day Interspersed with personal hauntings from his own life and the lives of friends and relatives Knowles reveals how historical discourses of sex continue to haunt us today This book is a page turner in simple and plain language about how sex got screwed up for millennia For Knowles if we know the history of sex we can get over it *Lesbians in Early Modern Spain* Sherry

Velasco,2011-05-02 A wide range of accounts of lesbian relationships unearthed from the historical record Lesbian Studies: Setting an Agenda Tamsin Wilton,2002-09-11 Neither women s studies nor lesbian and gay studies offers an adequate theoretical or political base for lesbian scholarship Lesbian Studies Setting and Agenda aim to promote lesbian studies as an academic and political approach to both gender and the erotic and to clarify the damaging influence of heterosexism across a range of disciplines Drawing on feminism and queer theory Tamsin Wilton argues that lesbian is a theoretical position which must be widely available in order to challenge the dominance of the heterosexual perspective Engaging with theoretical and political debates the book moves beyond its role of setting an agenda for lesbian studies into a wider role as resource and catalysts for anyone interested in gender and the erotic **Narrating the Past A.**

*Dictionary of the Lesbian and Gay Liberation Movements* JoAnne Myers,2013-09-19 Not so long ago hardly anything was said of the Lesbian Liberation Movement and the Gay Liberation Movement indeed the terms gay and lesbian were not even used if some other expression could be found Today by contrast hardly a day passes when something important does not occur and is carried by the major media and disseminated on more personal levels through blogs and the social media If anything there is perhaps too much news and not enough information Obviously a book like this cannot keep up with the news but it can do something equally important when it comes to information by reminding us of the past and what has been going and just how fast events are moving The Historical Dictionary of the Lesbian and Gay Liberation Movements covers the history of this movement through a cross referenced dictionary with over 1000 entries on specific countries and regions influential historical figures laws that criminalized same sex sexuality various historical terms that have been used to refer to aspects of same sex love and contemporary events and legal decisions Including a comprehensive chronology and bibliography this book is an excellent access point for students researchers and anyone interested in learning more about the struggle for equality **Encyclopedia of Lesbian and Gay Histories and Cultures** George Haggerty,Bonnie Zimmerman,2003-09-02 Beginning in 1869 when the study of homosexuality can be said to have begun with the establishment of sexology this Encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavours While gays and lesbians have shared many aspects of life their histories and cultures

developed in profoundly different ways To reflect this crucial fact the Encyclopedia has been prepared in two separate volumes assuring that both histories receive full unbiased attention and that a broad range of human experience is covered Written by some of the most famous names in the field as well as new researchers this is intended as a reference for students and scholars in all areas of study as well as the general public Encyclopedia of Lesbian and Gay Histories and Cultures Bonnie Zimmerman, George Haggerty, 2021-06-13 A rich heritage that needs to be documented Beginning in 1869 when the study of homosexuality can be said to have begun with the establishment of sexology this encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavors It covers a long history and a dynamic and ever changing present while opening up the academic profession to new scholarship and new ways of thinking A groundbreaking new approach While gays and lesbians have shared many aspects of life their histories and cultures developed in profoundly different ways To reflect this crucial fact the encyclopedia has been prepared in two separate volumes assuring that both histories receive full unbiased attention and that a broad range of human experience is covered Written for and by a widerange of people Intended as a reference for students and scholars in all fields as well as for the general public the encyclopedia is written in user friendly language At the same time it maintains a high level of scholarship that incorporates both passion and objectivity It is written by some of the most famous names in the field as well as new scholars whose research continues to advance gender studies into the future

**Encyclopedia of Lesbian Histories and Cultures** Bonnie Zimmerman, 2013-08-21 A rich heritage that needs to be documented Beginning in 1869 when the study of homosexuality can be said to have begun with the establishment of sexology this encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavours It covers a long history and a dynamic and ever changing present while opening up the academic profession to new scholarship and new ways of thinking A groundbreaking new approach While gays and lesbians have shared many aspects of life their histories and cultures developed in profoundly different ways To reflect this crucial fact the encyclopedia has been prepared in two separate volumes assuring that both histories receive full unbiased attention and that a broad range of human experience is covered Written for and by a wide range of people Intended as a reference for students and scholars in all fields as well as for the general public the encyclopedia is written in user friendly language At the same time it maintains a high level of scholarship that incorporates both passion and objectivity It is written by some of the most famous names in the field as well as new scholars whose research continues to advance gender studies into the future *Novel Approaches to Lesbian History* Linda Garber, 2022-01-01 *Novel Approaches to Lesbian History* tells a tale about history and community in our allegedly post identity era examining contemporary novels that depict lesbian characters in recognizable historical situations These imaginative stories provide a politically vital speculative past in the face of a sketchy problematic archive Among the memorable characters in some 200 novels are

pirates cowgirls and famous artists ghosts and time travellers immigrants and lovers The best lesbian historical novels are conscientious and buoyant as they engage critical historiographical questions but Novel Approaches also discusses the class and race biases that weigh on the genre Some lesbian historical novels are based on archival evidence others on conjecture or fantasy but all convey the true fact that identity is elusive without a past without which its future is nearly impossible

Lesbian Histories and Cultures Bonnie Zimmerman,2000 To reflect this crucial fact The Encyclopedia of Lesbian and Gay Histories and Cultures has been prepared in two separate volumes to assure that both histories receive full unbiased attention and that a broad range of human experience is covered **BOOK JACKET** **Killing Off the Lesbians** Liz

Millward,Janice G. Dodd,Irene Fubara-Manuel,2017-06-06 So the film or television lesbian character dies It seems to happen frequently But does it really If so is it something new Surveying the fates of numerous characters over decades this study shows that killing off the lesbian is not a new trend It is a form of symbolic annihilation and it has had an impact in real life When more women are working behind the scenes what appears on screen also becomes more diverse yet unhappily the story lines don t necessarily change From the Xenaverse to GLAAD to the Lexa Pledge fans have demanded better As fan fiction migrates from the computer screen to the printed page authors reanimate the dead and insist on happy endings

**Her Way** Paula Kamen,2000 How young woman are redefining sex 30 years after the Sexual Revolution Three decades after the Sexual Revolution women s power and status have begun to match men s and women are finally making the rules in order to experience a more radical and truer form of liberation Her Way demonstrates how and why 20 and 30 something women have evolved to act and think more like men sexually while also creating their own distinct sexual patterns and appetites Today s young women are now the leaders of an unreported but sweeping Sexual Evolution in which women take control of sex and redefine it from their perspective In other words do it her way Paula Kamen characterizes this Sexual Evolution according to two major developments that are setting sexual patterns

for future generations of women young women's sexual profiles are now remarkably similar to those of men in terms of age of first intercourse and numbers of sex partners and casual encounters They also feel less guilt or shame about their behavior from premarital sex to having a child out of marriage to coming out of the closet to cohabiting Yet young women are not merely imitating men but forging their own distinct sexual perspectives and asserting their own needs In addition to discovering the pleasures of sex young women are also exploring the dilemmas challenging male defined sexual scripts and changing what actually goes on in bed Based on more than one hundred lively unfiltered and in depth interviews with women across the country *Her Way* cuts through the sensationalism and speculation of popular discussions about young women and sex Kamen reports the real story of today's enhanced sexual expectations and choices     *Lesbian Subjects* Martha Vicinus, 1996 *Lesbian Subjects* gathers essays primarily from feminist studies between 1980 and 1993 and traces lesbian studies from its beginnings examining the difficulties of defining a lesbian perspective and a lesbian past a culture social milieus and states of mind     Retroactivism in the Lesbian Archives Jean Bessette, 2018 Winner 2018 Winifred Bryan Horner Outstanding Book Award Grassroots historiography has been essential in shaping American sexual identities in the twentieth century *Retroactivism in the Lesbian Archives* examines how lesbian collectives have employed retroactivist rhetorics to propel change in present identification and politics By appropriating and composing versions of the past these collectives question challenge deconstruct and reinvent historical discourse itself to negotiate and contest lesbian identity Bessette considers a diverse array of primary sources including grassroots newsletters place based archives experimental documentary films and digital video collections to investigate how retroactivists have revised and replaced dominant accounts of lesbian deviance Her analysis reveals inventive rhetorical strategies leveraged by these rhetors to belie the alienating dispersing effects of discourses that painted women with same sex desire as diseased and criminal Focusing on the Daughters of Bilitis the Lesbian Herstory Archives and the June L Mazer Archives and on historiographic filmmakers such as Barbara Hammer and Cheryl Dunye Bessette argues that these retroactivists composed versions of a queer past that challenged then present oppressions joined together provisional communities and disrupted static definitions and associations of lesbian identity *Retroactivism in the Lesbian Archives* issues a challenge to feminist and queer scholars to acknowledge how historiographic rhetoric functions in defining and contesting identities and the historical forces that shape them
