Sex Mania:

Mania David M. Skover, Ronald K Collins, 2013-03-01 By the time Lucien Carr stabbed David Kammerer to death on the banks of the Hudson River in August 1944 it was clear that the hard partying teenage companion to Jack Kerouac Allen Ginsberg Neal Cassady and William S Burroughs might need to reevaluate his life A two year stint in a reformatory straightened out the wayward youth but did little to curb the wild ways of his friends *Mania* tells the story of this remarkable group who strained against the conformity of postwar America who experimented with drink drugs sex jazz and literature and who yearned to be heard to remake art and society in their own libertine image What is more remarkable than the manic lives they led is that they succeeded remaking their own generation and inspiring the ones that followed From the breakthrough success of Kerouac's *On the Road* to the controversy of Ginsberg's *Howl* and Burroughs' *Naked Lunch* the counterculture was about to go mainstream for the first time and America would never be the same again Based on more than eight years writing and research Ronald Collins and David Skover authors of the highly acclaimed *The Trials of Lenny Bruce* 2002 2012 bring the stories of these artists hipsters hustlers and maniacs to life in a dramatic fast paced and often darkly comic narrative

Zombification Andrei Codrescu, 1995-02-15 The world is undergoing zombification It was gradual for a while a few zombies here and there mostly in high office where being a corpse in a suit was de rigueur The worst part about zombies raging unchecked is the slow paralysis they induce in people who aren't quite zombies yet Never at a loss for a trenchant comment or off beat imagery National Public Radio's Andrei Codrescu has long been considered an eloquent if often sardonic expert on the absurdities of American culture The essays in *Zombification* all taken from this poet's popular commentaries for NPR were broadcast during the late 1980s and early 1990s a period that witnessed the collapse of Communism radical changes in American politics and society and the birth of new nations These large subjects along with lively riffs on dozens of topics both timely and timeless both everyday and strange are treated with Codrescu's inimitable wit insight and candor Included here are *Seven Embryos for Seven Lawyers* *Dali in Vegas* *Culture Vultures* and *Casserole Widows* and other classics
